## FOR LIEUT. GOVERNOR.

Mr. P. R. Burke has been spoken of as one of the possible candidates for the office of Lieutenant Governor, at the coming state election. Mr. Burke is "home folks" to us of New Iberia, and while we were casting about, wondering who would be a likely Democrat for this position, his name was suggested in the metropolitan press. Well, of course, he is the right man.

Mr. Burke was a member of the Legislature of 1900, a representative of this parish. He was for many years a member of the law firm of Burke & Burke, then later Burke, Burke & Smith. With the dawn of this year he retired from this firm and opened an office under his name alone.

Mr. Burke, for many years, has been prominently identified with the leadership of political thought in this section. He was at the head of one of the successful factions in local politics, when there was but one party. This particular faction by popular will was usually designated by his name. Now that the Progressive Party has come into existence and with a force which promises to considerably influence the results of future elections in the Third Congressional District, it is to be hoped that Progressives and Democrats may be able to bury the hatchet and become the staunch supporters of the "home man", that they used to be.

## REMEMBER Pe-ru-na

When You Call At Our Drug Store

Mr. Robert H. Norris, No. 1333 Henry St., North Berkeley, Cal., writes: "We have never had any other medicine but Peruna in our home since we have been married. I suffered with kidney and bladder trouble, but two months treatment with Peruna made me a well and strong man. My wife felt weak and was easily tired and was also troubled with various pains, but since she took Peruna she is well and strong."

## RINGLING BROS. ZOO HAS MANY WONDERS

**TANGO ELEPHANTS A CIRCUS FEATURE.**

A jungle town is soon to be added to this city.

When the long trains bearing the wonders of Ringling Brothers' circus arrive here on Thursday, October 14, they will bring as a part of their precious freight a zoological collection that is said to be the largest and rarest of its kind in the world. It will include more than 1,000 wild beasts of every kind and description, many of which are specimens seldom found in captivity.

The Ringling menagerie this season is a veritable Noah's ark and among its inhabitants are a number of trained animal actors lately imported from Europe, who are said to represent the highest development of wild animal intelligence. In addition to the marvelous troupes of trained horses, ponies, bears and dogs, there are many new features that have never before appeared with a circus.

The "baby section" is a big feature of the menagerie this season, including several lion cubs, tiger whelps, five baby elephants, an infant puma and several other youngsters. The baby elephants have already developed into wonderful performers and can do most any kind of feat from playing base ball to dancing the tango.

The Ringling circus is featuring a wonderful spectacle this year, entitled Solomon and the Queen of Sheda, which has been produced at a cost of \$1,000,000 and requires a cast of 1,250 characters and 300 dancing girls.

## THE ALMA HOUSE.

On last Monday morning Mr. Fred. Patout, the general manager of Hotel Frederic and the lessee of the Alma House, started a number of workmen at the task of fitting up the old hostelry for a 50 cent rooming house. Mrs. Willie Brown has been engaged as matron to take charge and manage.

The dining room of the Alma House will remain closed—in fact, all the rooms of the lower floor will be reserved for other purposes. But those of the second story will be put in prime condition for the service of patrons; all neatly, freshly, and comfortably furnished.

The electric lines will all be reestablished. The light wires will be run from the Hotel Frederic meters, and the telephone service will be connected with the latter's office switch-board. The city's water service will be reestablished in the building. The guests of the Alma House will find the dining room of the Frederic conveniently located and capable of catering to any taste.

## COL. E. G. PLEASANTS OPENING HEADQUARTERS.

New Orleans, La., Sept. 16—The Pleasants headquarters at the Cosmopolitan hotel are rapidly being put in shape, and will be ready for formal opening Saturday. John Marshall, former editor of the Lake Charles Times, will be in charge of the headquarters. The opening will be made the occasion for a gathering in New Orleans of friends of Col. Pleasants from all parts of the state.—Kx.

We are prepared to satisfy every one. Every Department in our Store contributes all the leading Brands.  
**KLING BROTHERS.**

Port Arthur, Tex., wants a sea wall, capable of holding stormy seas back within their own domains. The oil interests of the city offer to contribute \$2,000,000 to the building such a work provided the city undertakes to provide for the balance of the cost.

Alexandria, La., has applied to Sol. Bloodworth, President of the Louisiana Fire Prevention Bureau, representing that they have put themselves in line for first class fire insurance rates and asked for an early inspection. E. F. Hunter, Commissioner of Finance, directed the campaign seeking this privilege and great benefit for the property holders of that city.

Welcome one and all. Make our Big Store your Headquarters. Tell all your Friends to meet at  
**KLING BROTHERS.**

What about that story that the Kaiser owns \$25,000,000 worth of stock in the Krupp gun works. Sounds like too good an excuse for the war to be true.

## A MARVELLOUS RECORD.

For a record of accuracy and dependability the little postage stamp is a testimonial. And the record is that of a woman—not that of the postage stamp. The lady's name is Miss Margaret Kerfoot who has been in the Bureau of Engraving and Printing for thirty two years, and has handled more stamps than one individual could count single in a life time. Last year she assigned twelve billions of stamps to the various post-offices, and never made a mistake. She supervises the work of twenty five employees and is responsible for the value and safe commitment of every postage stamp issued by the United States. However, she is not considered competent to cast a vote. An alien or a pardoned convict might qualify in every state of the Union, but Miss Kerfoot could not be entrusted with the ballot in a single southern state. Draw your own moral.

## It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give
