The members of the Presbyterian Aid Society were charmingly entertained at the Manse, by Mrs. M. M. Paradis on Tuesday afternoon.

LIBERTY BELL DAY.

On Friday, November 19, between 6 25 and 6 40 A. M., there will pass through our town the most valuable relic of the nation. The old Liberty Bell which rang out on July 4th, 1776, the glad tidings from the tower of the old State House in Philadelphia, that these Colonies are and ought to be Free and Independent. This loved relic will stay with us but a very few minutes and will then proceed on its way home to Philadelphia. So we ask all of our citizens to be on hand promptly to view this honored symbol of Liberty.

As is proper a delegation from Teche Tribe of Red Men and Nokomis Council, Degree of Pocahontas will act as a guard or honor while the Bell is here. These orders being the only purely American Patriotic orders, the coming of this relic will be made the occasion of great rejoicing among the members, and on the same night the Degree of Pocahontas will give a grand entertainment at the Elks Theatre, for the benefit of the Order. This entertainment will be under the direct charge of Mrs. J. B. Hull, and this guarantees its class. Many of our most talented young people will be in the cast, and there will be some refined vaudeville, plenty of good music, and an Indian Camp in full operation, the whole bill to wind up with a playlet entitled "Memories," which was especially prepared for the occasion.

This entertainment is given for the purpose of raising funds for the Nokomis Council, and is worthy the support of all our citizens.

Several days before the entertainment the young ladies of the Council will take charge of the ticket selling, and we predict a crowded house and a grand success. This event will be the Gala night of the season. The price of admission will be low, only 50c for the first ten rows down stairs and 35c for the balcony. Gallery 25c. We advise all you young good looking men to have your money ready when the Indian Maidens call on you.

Every family that has children is liable to have croup; invariably at night. If BALLARD'S HONEY-SOUND SYRUP is kept in the house, it saves going after the medicine at an inconvenient time and checks the attack promptly. Price 25c, 50c and \$1.00 per bottle. Sold by ESTORGE DRUG CO.

Last Sunday and that evening a good rain fell in section. This rain brought a much appreciated relief from a long siege of dust.

The annual meeting of the Louisiana Synod will take place in Lake Charles next week. Rev. and Mrs. M. E. Paradis will be in attendance and will be accompanied by Mrs. Powell of New Orleans who is at present the guest of Miss Nina Barnard.

Announcement has been made of the coming marriage of Miss Florence Whitworth to Rev. Wood, both of Jeanerette, La. The wedding to take place on Wednesday.

On Thursday afternoon a number of Masons here organized a party to go to Jeanerette to attend a meeting of the lodge there, where there was degree work on the Calendar. The visitors were very cordially received by the Jeanerette Brothers, who pressed upon them, as a mark of confidence and courtesy, an invitation to fill the leading stations in the lodge and confer the degrees. After the work in the lodge the hosts and guests repaired to Vezezy's where refreshments were served. Those who went from here were, Dr. E. S. Fulton, W. M.; W. S. Henning, S. W.; M. Galland, P. M.; J. C. Roberts, Frank Bertram, Dr. I. F. Courts, Byron and Soranton Raud and Mr. Naff, of Humble Cottage Lodge No. 19 of Opelousas. All had a delightful trip and got home at a very reasonable hour.

The "model" road, between this place and Jeanerette, can hardly be classed as a model road now, notwithstanding its high cost of production. The surface is badly cut, from end to end, by the wheels of vehicles in some places, holes, or sinks, of considerable magnitude have developed, which had to be filled with gravel. The road, as it is, is far better than the old "dirt road" was, which served before the building of the model road; but the new road is quite rough now for one costing as much money.

A meeting of the order of Eastern Star was held at the Masonic Temple when arrangements were made for the reception of the Grand Matron, Mrs. Wagner, at an early date.

St. Martin and other neighboring parishes reported favorable weather for the past few weeks which was of great benefit to the planters in their plowing and fall planting operations which are very extensive. All of the planters of St. Martin Parish are lending enthusiastic encouragement to the plans of the cane growers for a heavier planting there for next season and with an even break in the weather and other growing conditions their 1916 crop may be a record one.

Through the kindness of Mr. L. J. Ledet we were able to participate with him in a most enjoyable automobile ride down to Jeanerette and back on last Sunday forenoon. The ride was made doubly enjoyable by our interest in the modern features and facilities of an up to date car. Mr. Ledet made no mistake in selecting a Studebaker car. No "cranking" is necessary to get this machine into motion. The operator presses an electric button and the engine becomes animated at once. There are many levers and pedals within easy reach of the operator, by the employment of which the car may be made responsive to the will of its director. He bought his auto through the agency of Messrs. LeBlanc & Broussard, of this city.

FOR RENT.

Mr. Geo. Fisk, who moved to Wisconsin with his family some two years ago with a view of making their home there, are now making their home in New Orleans. When the tariff goes on for sugar again and the industry regains some of its losses, consequent to Democratic tariff experiments we hope to find Mr. Fisk again making his home in the best country on earth—Iberia parish.

W. will hold a special service meeting on tomorrow afternoon, beginning at 2:30 o'clock, when monuments will be unveiled, which have been erected to the memory of Sovereigns H. H. Shadle, Frank J. Montayer and A. A. Morrow. The members of several other camps are expected to be here for this occasion.

Summer seems to have returned this week. Peach trees are in bloom. Pear trees are carrying a good crop of young fruit. Snapbeans are being sold on this market. The orange, lemon and plum trees are in bloom. But don't neglect your supply of winter fuel just the same.

The property on St. Peter's Street formerly belonging to the late Camille LeBlanc, now the property of Mr. Schenckeyder is being put in excellent condition and will, as soon as turned over from the painter to the owner, be occupied by Mrs. P. A. Villermis.

Last Sunday forenoon, in company with Mr. L. J. Ledet, we visited the Government Experimental Stock Farm, between here and Jeanerette, located on both banks of the bayou. On the west bank of the Teche is the home for the Superintendent, facing the road leading to the new bridge across the bayou. This is thoroughly screened and has every appearance of being thoroughly comfortable. On the east side there are two other homes in course of construction; eight large silos—four of them of concrete—not then completed; besides stables, barns, sheds for housing agricultural implements, and another which will cover a large internal combustion engine. A number of new and substantial fences mark the several divisions of the farm.
