Knights of Honor ...

LOCAL NEWS.

It may not be generally known, but we have a genuine soldier here among us in the person of Mr. Oscar Milton Boutte of Company I, one of the regular regiments, U. S. Army. Mr. Boutte by his many soldierly qualities has worked his way up to 1st Sergeant of his Company, a position of importance and responsibility now-a-days. He has seen a great deal of service in the last three years, having been in no less than 131 skirmishes and engagements in the Philippines. Sergeant Boutte is the younger brother of our fellow-townsmen, Joseph and Edmund Boutte who have reason to be proud of the record made by their young brother.

—Mr. P. G. DeBlanc, one of our intelligent and progressive rice planters has had a fine well put down at his place which will irrigate his crop of 150 acres. The work was done by the careful and expert machinist, Mr. Nathan Broussard, of Scott, La. The well is 10 inches and has a depth of 275 feet. The trial was very satisfactory to Mr. DeBlanc and the flow of water is all of 2000 gallons per minute. The pump used is of the Lawrence make and the engine and boiler Atlas, purchased from our townsmen, Mr. Alexis Voorhies. We are glad to notice the success of the deep wells as it makes the rice crop a certainty in this section.

The next meeting will be with Miss Edna Hacker on Wednesday.

—At the fire last Sunday night an aged lady, Widow Enand, was severely burned. As all her effects were consumed in the flames and the lady being needy, subscriptions are being taken to make her comfortable. Let all respond, remembering the divine injunction. All amounts placed with Mr. A. E. Decourt will be turned over to the proper channels. The center piece that was raffled by Mrs. V. Anouin was won by Mrs. S. Delahoussaye. The proceeds amounted to \$5, which went to her immediate relief.

Lawton was the successful contestant for the first prize, a beautiful clock. The second, an atomizer, fell to Mrs. Mitchell, while the guests prize was won by Mrs. Soberbielle of Jeanerette. Mrs. A. J. Suberbielle will be the next hostess of this club.

Last Sunday as scheduled, was pulled off at the Iberia Park the base ball contest, between the Iberia Juniors and a pick-up nine, which was quite interesting. The Juniors carrying off the honors, by a score of twelve to five.

—Again we are called upon to record the actions of sneak thieves, which seem to infest our community. Mr. S. Viator was in town last Saturday making his purchases for the week, of provisions and other articles which he placed in his buggy, together with his overcoat, while attending to some other errand the goods were taken with the overcoat by some one who must have been watching Mr. Viator's movements. These depredations are becoming too frequent, and it is hoped our police will be able to apprehend some of these soundrels and give them condign punishment.

—Mr. E. L. Bernard and Miss Lillian Gail, daughter of Mr. Sylvanus Gail, both of this Parish, were united in the holy bonds of matrimony on the 23d instant, at the residence of her parents, near New Iberia. The bride wore a gown of organdie with lovely draperies of silk. The bridesmaids were Miss Mida Curtis and Miss Lilly Bernard, with Mr. W. Bernard and Mr. J. Gail as groomsmen. The home was beautifully decorated, which added much to the occasion. Rev. Vaughn officiating. We extend our congratulations to the young couple.

—Young Lulu Lane and some other boys were paddling their little pirogue near the Satterfield Gin, West End, last week, when their attention was attracted by seeing two little baby feet in the water which had been cut off at the ankle. They secured them and upon a further search found the legs from which the two feet came. These they buried on the bank of the Bayou and reported the matter to the Chief of Police, who informed the Coroner. It is evident the crime of infanticide had been committed.

—The ladies of the Episcopal church have in preparation the well known play "Fanechon the Crick-et," which will be produced at the Vendome Opera House at an early day. The play will be presented by amateurs under the personal direction of Miss Jennie Holman and should meet with a rousing success. Miss Holman, who plays the part of Fanechon is too well known here to require an introduction.

—The Rogers and Grilley entertainment, the last of the High School Course, was presented Tuesday night to a large audience at the Vendome. The entire evening was one of keen enjoyment. Mr. Rogers performing prodigies on the most ancient of musical instruments, the harp, selections that were highly appreciated by the many musical people present. Mr. Grilley is hard to describe, he is inimitable. His rendition of different characters was artistic, his pathos perfect and his humor irresistible. We doubt if ever there was anything in the way of extravaganzas, burlesque, or parody which excels his "Colored Loh-in-avar." It convulsed the audience. Mr. Grilley was a prime favorite all the evening as was attested by the robust applause and cheers he received. Everyone was delighted, and the memories of that pleasant evening will always bring a smile of satisfaction. Again we are indebted to the High School management for this excellent entertainment, which we trust will again be essayed this fall and winter.

Prayer beads, prayer books, scapulars, medals and pictures at Pfister Brothers.
—Mrs. Otto Krause, better known as "Jennie Holman," has cast her lines with us for good, having purchased the suburban residence of Mr. J. B. Lawton, over the bayou, just outside of the corporate limits, on Dupuyer avenue. It is the intention to enlarge and beautify and create a home of taste and refinement. We congratulate the citizens of "Brooklyn" on their acquisition.

The Orange Tribune says: Crowley is to vote on a question of bonds to assist in the construction of a railroad through that city from Abbeville to Leesville. The Tribune predicts that Crowley will do her duty.

—Mr. John E. Moss, a native of this parish, died at Jefferson's Island on April 18th, 1902. Deceased was 62 years old, and was one of the oldest families of this section, being connected with the Hayes family. He was a brother of Mrs. Elizabeth Rose of Fausse Pointe and of Marion Moss of Petit Anse. The remains were taken to the family cemetery at the Hayes homestead at Petite Anse and interred therein. May he rest in peace.

Cotton felt sectional mattresses, at McMahon's.

—We have recently inspected ex-Mayor John Broussard's new stock of buggies which he received a few days ago from the McFarlan Factory in Indiana. These are the finest vehicles from every standpoint ever put on this market. For beauty of finish, originality of design, ease of motion, and durability they are far away in advance of the ordinary vehicle. A visit to his ware rooms will repay those who love the beautiful and admire the ingenuity of American workmanship. Mr. Broussard shows a commendable enterprise in placing before the public these beautiful specimens.

—An alarm of fire was given last Sunday night at about 12:30, which proved to be the properties of Messrs. Frank Mestayer and Octave Boutte, on Weeks' street, near Madison, both buildings and contents were practically total losses, but very little being saved. The insurance carried on the contents was inconsiderable, the buildings were insured in the Building Association, presumably for their insurance value. The fire originated by the explosion of a lamp in Mr. Boutte's house. The work of the citizens in extinguishing and preventing the spread of fire, while heroic and praiseworthy revealed the want of organization, which should be looked after in the future.

FREEMAN-FISHER WEDDING.

As announced, the nuptials of Mr. Robert E. Freeman and Miss Joseph Lillian Fisher were solemnized last Monday night, at the residence of the bride's parents, Mr. and Mrs. John Fisher. The partners in which the beautiful ceremony occurred were handsomely and artistically decorated, with an infinite variety of flowers and plants, the air was redolent with their perfume. Rev. C. C. Kramer, in his usual impressive manner, performed the ceremony that made the two one. The bride looked lovely in her beautiful costume of pure white silk with simple ornaments of pearls and natural flowers enhancing her exquisite loveliness.

Presents numerous and costly were showered upon the young couple. After a light repast the happy ones took the train for Dallas, Texas, and other points. Miss Fisher is the winsome daughter of Hon. John Fisher, Mayor of our city, and sister of Mr. M. W. Fisher, editor of the New Iberia Enterprise. Mr. Freeman is one of our most progressive and energetic young citizens, being for years the trusted and confidential assistant of the New Iberia Sugar Co. and Morbihan central factory, of this parish.

A FRIEND.

SEGURA-LANDRY.

One of the most beautiful and recherche weddings of the season was that of Miss Emma Segura and Mr. P. Anthony Landry, which occurred at the St. Peter's Catholic church last Thursday, at 5:30 P. M. Long before the ceremony the crowd began to assemble and when the hour arrived, not even standing room could be obtained in the sacred edifice. The bride is the daughter of Mr. and Mrs. P. H. Segura, one of the oldest families of the State, whose ancestry dates back to the coming of the Spaniards to this section centuries ago. Evolution and Americanization has produced in this instance a most lovely union of worthy sires, intelligent, accomplished, refined, possessing the graces and beauty of the young man whom she has so signally honored is the son of the large family of Landrys, who came to this country from the persecutions of Great Britain years ago, and who have lived to see and enjoy the liberty they were denied by their cruel oppressor. Mr. Anthony Landry is the son of Mr. Alphonse Landry, deceased, of Spanish Lake. He has for some time been the junior member of the firm of DeBlanc & Landry and is rapidly working his way among the business men of the community. A reception was held at the home of the brides parents, where congratulations and good wishes were showered on the happy ones till the departure of the east bound train, when the couple embarked for New Orleans and other points for a bridal tour, followed by the benedictions and good wishes of the community to which the Enterprise adds its own.

—The Orange Tribune says: Crowley is to vote on a question of bonds to assist in the construction of a railroad through that city from Abbeville to Leesville. The Tribune predicts that Crowley will do her duty.

ORGAN RECITAL.
Mr. J. B. Hull, of the Grunwald Music House, will give an organ recital at the Episcopal Church, on Friday, May 2d, at 8 P. M. The selections will be well chosen and rendered. Four solos will also be given by the members of the choir. Instead of an entrance fee at the door, an offertory will be taken up at the close of the service. The service is a sacred one and the public generally are invited to attend. Mr. Hull's musical talents are so well known and appreciated by those who have heard him, that a rare treat is anticipated by the music lovers of the community.

"A HOME THE BEST INVESTMENT."

Are you consulting your own interests when you continue accumulating rent receipts, when we stand willing to help you secure a home of your own?

Is it not the best policy to buy a home or start building now? In a short time you will be in possession of a title to a home of your own, on which you will pay no rent, and which will be yours forever.

There's neither peace, satisfaction nor comfort in a "rented existence." The Home, and the Home alone, is the bulwark of American liberty.

We will furnish whatever you need to build your house—be it little or much.

Our rates of interest are moderate. You are never obliged to pay more than a fixed sum—about the same as, or little more than rent.

THE PAN-AMERICAN ELECTRIC CARNIVAL COMING.

Many of our citizens will be delighted to learn that the Pan-American Electrical Carnival will visit our city. This Company comes highly recommended by the press from our large cities. It is said to be truly marvelous, surpassing anything of its kind ever seen in America. By means of electricity, and animated photography they have practically boxed up the Pan-American Exposition so that those who go to the Opera House next Friday and Saturday evening will be given a delightful trip about the grounds of the Pan-American Exposition to see the magnificent buildings, etc., and also pay a visit to some of the leading shows that were on the great midway. It happened that this Company had their moving picture camera at work the day of President McKinley's visit to the Pan-American Exposition and there recorded many incidents of the greatest tragedy of modern history, so people in any part of the country may be able to see our late President delivering his last speech in public life as also the awful assassination which shocked the whole civilized world and the solemn funeral scenes of Canton and Washington for which the whole world went in deep mourning; many people traveled more than a thousand miles to see the great funeral procession at Washington; so this one feature alone should more than repay one for a visit to the Opera House.
