Knights of Honor ...

LOCAL NEWS.

Teche Encampment No. 18, Knights of Temperance, held an interesting session last night, at which much important business was disposed. New members were received and the order is on the upgrade. A very interesting report of the Financial Recorder was read showing a healthy condition of the finances. Over \$600.00 was disbursed for relief of sick brothers, during the year ending September 26th, 1902. This is the financial relief only, the amount of relief from the slavery of Signor, the emancipation from slavish, brutal habits can never be computed, there is no standard by which to measure it. This order should appeal to all lovers of Humanity, who should give it a hearty moral and financial support. The order as arranged for a series of entertainments four in number. The first will be given at the Vendome Opera House October 20th, and will consist of that versatile artist and entertainer De Witt Miller who is famed as an instructive humorist and orator, is of world wide and enduring character. Seats may be reserved at Estevore Drug Store, tickets for sale at all jewelry and drug stores. The object of these entertainments is to increase the funds so that the power of doing good can be enhanced. We trust this community will give liberal patronage.

The cotton gins of the town and country are in full blast the snowy shape being put into marketable state very rapidly. The round bale gins of the New Iberia Milling and Development Co. and the Satterfield Company are running full force and full time with large stocks of cotton in the seed on hand. The cotton as soon as baled is loaded into cars and sent East, there to be manufactured into goods and sent back to us to buy at good figures, we paying freight both ways. It seems strange that we should do this, and it is coming not always be so, the day is coming when the cotton will be manufactured where it is raised and all the concomitant advantages and profits remain with us, to develop and beautify our section.

A shooting affray occurred last Wednesday evening in front of the saloon of Mr. Delahoussaye, on Main street, but as all the balls went astray, no harm was done, but owing to the crowd there might have been blood-shed of persons who knew nothing of, nor were they connected with the cause of the shooting. The shooter was promptly arrested and held to answer before the District Court.

PERSONALS.

Mr. L. T. Dulany and family removed to their new home in East End formerly occupied by Mr. J. B. Lawton.

The Wednesday afternoon Euchre Club had a most delightful meeting this week with Miss Bessie Lourd, who was assisted in entertaining by her guests, Miss Putnam. Beautiful little silk bags were passed instead of ordinary score card, in which was placed a bon bon for each point scored. At the conclusion of the games, Miss Rose DeBlanc was presented with a dozen lovely ice cream saucers as a reward for having won the largest number of bon bons.

Miss Noeli Archer came second and won a very pretty purse, while Miss Rita Souther was consoling with a few bon bons which won for her the booby.

After enjoying delicious refreshments the club adjourned to meet next week with Miss Marie Patout.

JEFFERSON COLLEGE.

We took a flying trip this week to the State of Mississippi on a visit to our young brother Joel, who is now attending school at Jefferson College. We found him in good health with first-class environments, all calculated to advance any boy on the road to an education. Jefferson College is one of the oldest in that State and is noted for its discipline, fine faculty and general advantages, being situated in the town of Washington, exclusively a college town, some six miles from Natchez, Adams County. It is an institution that has turned out many students who became prominent men. Mr. J. S. Raymond, president of the College is an ideal officer and looks with fatherly care over the welfare, in every sense, of the boys entrusted to him.

The writer was not impressed with the agricultural outlook of that section, though constant contrast with the richest section of Louisiana would have a tendency to prejudice any one. But when it comes to schools Mississippi is up-to-date. The college here spoken of being all that the most fastidious could desire, a home as well as a school for young men. We heartily commend it.

Raised From the Dead
C. W. Landis, "Porter" for the Oriental Hotel, Chanute, Kan., says: "I know what it was to suffer with neuralgia dead I did, and I got a bottle of Ballard's Snow Liniment and I was 'raised from the dead.' I tried to get some more, but before I had 'deposited' my bottle, I was cured entirely. I am telling 'de truth too.' 25c, 50c and \$1.00 at Estevore Drug Co."

The Republicans have nominated W. E. Howell of Lafourche for Congress in the Third District, Judge H. B. Tallaferra of Catahoula, in the fifth district, Clarence F. Herbert of Iberville in the sixth district and Gilbert S. Dupre of St. Landry in the seventh district. The nominees are all members of the legal profession, men of ability and representative citizens of their respective parishes, but the nomination is only the empty honor of leading a forlorn army, each of them being marked for slaughter on the sacrificial altar.—Alexandria Democrat.

PAI TERREL.
His Heart was as true as his eye,
Which was never known to quail;
He feared no fate
For his life was straight;
With never a broken rail,
He entered his journey alone,
With never a sigh or fear;
For a white light above
From the great white throne,
Showing the track was clear.
Far away from the whistle's scream,
From the clanging of the bell;
On yonder shore
The Sempiternal,
Signals all is well.
God bless the man of Terra's kind,
The man of brain and brain;
Upon whose faithful heart and mind,
Lies the safety of each train.
