#### LESSENING OF MARRIAGE.

The disinclination to marry among Americans is growing. As the age of luxury advances so does the selfishness of its votaries. The young man of to-day shrinks from the obligations his parents assumed when they pledged devotion to each other through good and evil report, through sickness unto death. He is enjoying luxuries to-day that his father never dreamed of. To marry a woman and support her on the income he is receiving would oblige him to deny himself of these luxuries. Between the two propositions he decides to continue single. Therefore an important element which should be engaged in the propagation of the race stands aloof.

A recent manifestation of this is the statistics furnished by New York city for 1901, where there were only 33,485 marriages, a little more than the number for 1900, but entirely too small for the size and growth of the population. When it is known that the increase in the number of its dwellers was over 50,000 last year, and that the marriages stood approximate at less than 60,000, it can be seen that the selfish bachelor is not only a commanding figure, but is increasing in even greater ratio than the advance in population.

**Slipped Against a Hot Stove.**  
A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to relieve him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought she would try it. In less than half an hour after applying it the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Keller, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by J. A. Lee.

Although they went through Louisiana between dark and daylight, the Chicago business men agreed that Louisiana made a great impression on them. The moon was very bright that night, you know.

**A Thanksgiving Dinner.**  
Heavy eating is usually the first cause of indigestion. Repeat attacks inflame the mucous membranes lining the stomach, expose the nerves of the stomach, producing a swelling after eating, heartburn, headache, sour rising and finally extend to the stomach. Kodol relieves the inflammation, soothes the nerves and cures the stomach. Kodol cures indigestion, dyspepsia, all stomach troubles, flatulence and sweetening of the glands of the stomach. Sold by J. A. Taylor.

### Eczema, Psoriasis, Salt Rheum, Tetter and Acne

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze through the glands and pores of the skin, producing an insupportable itching and burning, and often forming scabs and crusts, and white scales that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly appearance, again the eruptions may consist of innumerable blackheads, pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only give for a time the glaring relief. S. S. S. eradicates all poisonous accumulations, restores the Uric and other acids, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral.

Write us about your case and our physicians will advise without charge. We have a handsomely illustrated book on skin diseases, which will be sent free to all who wish it. THE SWIFT SPECIFIC CO., Atlanta, Ga.

#### PLOT TO KILL ROOSEVELT.

New York, Nov. 18.—Mrs. Lena Dosheimer, of No. 1115 Willow Avenue, Hoboken, tells a story of plots to assassinate President Roosevelt. These plots, she says, were hatched by the anarchists with whom she used to associate. She first told her tale in a moment of religious fervor to the Mothers' Club of the First Methodist Church of Hoboken, on last Thursday.

In her association with anarchists, she says, she learned of a plot to kill the President one year ago. The drawing of lots resulted in the task falling upon a young Frenchman, named Melov. He arrived in this country from England about Christmas, and she was one of those to meet him. She tried to dissuade him from carrying out the plan. He told her that his life was forfeited. If he killed the President he would be executed. If he refused or failed, it was death by suicide or to be killed by the order.

He finally consented to return to France. He went back, and some weeks later was killed on the streets of Paris, apparently by accident, but really, Mrs. Dosheimer says, by his own choice.

She was next told that Melov having failed, a new letter had been drawn. This time a man named Muller, or Mueller, living on Avenue A, New York city, had been chosen. A few days later this man was found dead from poison, self-administered. Another letter indicated that a woman named Schroeder, living in Harlem, was chosen, and she also ended her life by poison.

The Kind You Have Always Bought

According to the Republican theory of exports and imports the domination of this country is rapidly leading the Philippine Islands to ruin. The unfavorable "balance of trade" is growing rapidly. The excess of imports over exports has increased from \$746,199 in 1899, to \$8,349,763 in 1902. The figures are for fiscal years ending July 1.

### A HEALTH POLICY

The system is, from natural causes, debilitated or run-down both in the spring and fall. The seasons' changes are always a tax on the human organism. The blood becomes impure, the system is weakened, and the vitality is in the fall. A little care, a little assistance, and nature will do the rest, as it is always trying to maintain a healthy, frequently the weaker organ will show the most disorder, and this often leads to wrong treatment.

### DR. HARTER'S IRON TONIC

When you use Dr. Harter's Iron Tonic you are helping to renew the vigor of every fiber of your body. You are strengthening your blood; you are strengthening your stomach and increasing the digestive fluids; you are building up and renewing the activity of your kidneys and liver; and you are feeding and revitalizing your nervous system. You cannot do this without getting well, and you cannot take Dr. Harter's Iron Tonic without doing it.

#### BUSINESS MEN IN THEATRICALS.

The New York Herald of May 8th says: "It's strange what strides the stage has made during the past five years, not to speak of a century. Business men have now taken a hand in the pie, and find it a very profitable investment. Lawrence Barrett, during his grand struggle through numberless difficulties, was backed by some of the solid business men of Boston. Viola Allen, who has electrified this country and at the present time is the talk of the entire east, in 'The Christian,' was furnished the necessary funds by a large printing establishment in New York. And now a leading business man of Chicago has taken hold of the comedy drama, 'A Wise Woman,' and having engaged an extraordinary good company will appear in all the principal cities in a trip across the continent. Prior to their run in San Francisco they will take in some of the minor towns and thus make the journey to the coast with more ease. Theatrical managers, look sharp. The business men will crowd you out."

#### BISHOP THOMPSON DEAD.

Jackson, Miss., November 18.—Bishop Hugh Miller Thompson died this morning at 5 o'clock of cancer of the throat. Since his arrival here from New York, a week ago, he has been sinking rapidly and had made all preparations for the end, which came peacefully and while surrounded by his family and friends.

Bishop Thompson was born in Londonderry, Ireland, in 1830, and came to America with his parents when a child. He was admitted to the ministry when 22 years of age, and filled several prominent pulpits in Chicago, New York and elsewhere. He was appointed bishop of the diocese of Mississippi in 1886.

Bishop Thompson was a profound scholar and one of the most able ministers in the South. The funeral has been arranged for Thursday, in order that all clergymen of the Mississippi diocese may be present. The following bishops will be in attendance: Sessions of Louisiana, Garrett of Dallas, Brown of Arkansas, Gailes of Tennessee, and Nelson of Georgia.

Bishop Gailes of Tennessee will conduct the services and the remains will be interred under the channel of St. Columba chapel, a small stone edifice in the corner of the yard of the bishop's home.
