Resolved, that we extend to the sorrowful household and relatives of our brother the heartfelt sympathy and condolence of our beloved order and pray that they may all have that blessing of divine consolation which assuages every grief and dispels every sorrow.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membrane lining the stomach, thus exposing the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

removes all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour flatgas, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

THIRD AND WORN OUT.

Women Need a constant supply of blood-making material or their systems will break down. The complicated female organism is so delicately adjusted as to be easily thrown out of balance. As a result, health and strength are affected by diverse diseases. Motherhood, family society all very much drain upon her strength and most women break under the nervous tension. The demands upon her nervous strength are much greater than similar demands of the opposite sex. Hence she must be supplied in greater measure with the element—iron—that gives strength. The worn women feel tired and worn out and suffer from headache, pain in the back and limbs, etc., because they have used up their supply of iron. Reconstruction trouble is largely caused by lack of iron.

Dr. Harter's Iron Tonic

restores this element. It enriches the blood and restores what strain has used up.

Angew. Ark., May 9, 1891. My wife, Mrs. J. H. Harter, was suffering from a severe case of anemia and weakness. She had lost her appetite and was unable to do any work. I bought a bottle of Dr. Harter's Iron Tonic and gave it to her. In a few days she began to eat and in a week she was able to do her usual work. I am sure that this medicine saved her life. I can recommend it to all who are suffering from anemia and weakness. Dr. Harter's Iron Tonic is the best medicine I have ever used. It is sold by all druggists.

Receipts from tickets and refreshments were \$165 00.

Is Success a Million?

Life is like a whist game; one should have the skill; also one must have the cards. Fate deals; the player picks up his hand. Or to get at it by another trail. What is "success"? Is it a million dollars? Hardly, since in the greedy argument of folk bent on worldly victory a million has grown to mean no more than pocket money. If one be bent for business triumph nowadays, he will no more stop at a million than one bent for New York City will stop at Rahway.

But suppose "success" were represented by "a million." There be twelve million of the male youth of this country for an audience when one preaches on "success." Is there "a million" waiting for each should each observe those precious rules?

Assume, for argument, that a seat in the Senate of the United States to be the standard of "success." There are doubtless ten thousand folk in this country, each of whom would make a perfect senator; there are assuredly one hundred thousand each of whom would be an improvement on any of a full one-half of those who at present hold seats. Yet the whole number of Senate seats is ninety. It is plain, then, that though ten thousand may be perfect for the place, nine thousand, nine hundred and ninety will be denied.

And so with money—with a "business success." Let every man be perfect in his work of wit and hand, perfect of thought, and deed and habit, yet shall a majority go empty of that "success." Many are called but few are chosen, for there isn't enough to go around—that is, when one speaks of a "business success." Now if one were to preach peace or content, or love of family, or the joy of a good book, or the blessing of a clean life as a standard of success, everyone might hope. But Mr. Duke and his fellow success preachers don't preach money—money and its capture as that one "success" which for its attainment should engage wholly and solely the body and the soul of man.—Alfred Henry Lewis in Everybody Magazine.
