Consumption

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses.

The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health.

Neglected consumption does not exist where Scott's Emulsion is.

Prompt use of Scott's Emulsion checks the disease while it can be checked.

A Purgative Pleasure.
If you ever took DeWitt's Little Early Balm for biliousness or constipation you know what a purgative pleasure it is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not grip, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell of Houston, Tex., says: "The better pill can be used than Little Early Balm for constipation, sick headache, etc." Sold by all Druggists.

At the beginning of the Nineteenth century English was the native speech of perhaps 20,000,000 of men and women, and at the close of the century it was spoken by 130,000,000.

Nothing has ever equalled it. Nothing can ever surpass it.

INCREASED COST OF LIVING.

According to the reports of the crops of experts sent out by the Employers' Association, the cost of living has increased 15 per cent. in the last five years. The experts found that in comparison with the values of 1898, the prices of fuel, rent, groceries, meats, clothing and milk have increased on the average 11 per cent. while the cost of luxuries, such as theaters and amusements, has increased 3 per cent. The prices upon which these calculations were based were obtained from dealers along Blue Island, Archer and Milwaukee avenues, where the shops are dependent upon workmen for patronage. Whether workmen who demand an increase in wages will accept these statistics on the cost of living as a basis of adjustment is, of course, problematical. They have some value, however, in that they affirm the general belief that there has been a marked increase in the cost of the necessities of life.—Chicago Record-Herald.

What is Life?

It is the last analysis nobody knows, but we do know it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c. at Estorpe Drug Store.

Reports from Abbeville are to the effect that the rice crop of that section will be enormous this year. The bulk of the crop will be harvested with sickles, as it is that experience has proved that rice cut in this way cures better, is ready for the thrasher earlier and brings a much higher price than that harvested with binders. A number of large warehouses are being erected to store the big crop.
