LOCAL NEWS.

September 5th will be Labor Day and will be appropriately observed all over the United States. On that day the bone and sinew, the brawn and muscle of the land will be out on dress parade and show to the world their strength in numbers. All classes of citizens must be in sympathy with those who are the foundation of all our prosperity, for without labor nothing can be accomplished. Capital and raw material lie inert and helpless with no power for good or harm until touched by the magic wand of labor, then it springs into active life and the wonders of the world are accomplished. How unfortunate that these two great forces so necessary to each other should be forever and eternally opposing each other. In many parts of the country to day actual war exists owing to the injustice and stubbornness of both elements to recognize the rights of each. We trust that the day may soon come when a leader will arise who can fuse these hostile elements into a solid compact satisfied mass where all interests are conserved and all wrongs righted.

Quite a distressing accident befell the little son of Mr. and Mrs. Mille Decar while passing along Charles street, where the ditch is deep the little fellow lost his balance and fell to the bottom of the ditch breaking his arm. Medical help was summoned and little one was attended to by the physician. He is now doing as well and can be expected and shows a grit and fortitude beyond his years.

Noah's Ark the place where everything is sold at rock bottom figures, will be in new quarters after Sept. 1st.

The familiar sight of cotton in the seed arriving in town is again seen on our streets, quite a number of first bales have been made. The weather is very propitious for maturing and gathering the crop which promises to assume larger proportions than any other year. The Ringgold Register, the new paper just added to Bienville parish's list of excellent newspapers, in commenting upon President Roosevelt's attitude on the question, hits the nail squarely on the head when it says: "Confidently and unqualifiedly, therefore, Roosevelt is an advocate of social equality, and bluntly proposed to force it upon the Southern people. And when he does—what then? Why, by comparison, the days of reconstruction would be a mere gleam that will follow may be gleaned from a review of the history of the French revolution and the reign of terror. That lurid period did not enslave with the extinction of a race of people. P. contra, social equality can only be enforced order of society in the South after the shedding of the last drop of blood of the last heretic Southerner."—E. E. Rivers.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membrane lining the stomach, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membrane lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat Make the Stomach Sweet. Bottles only. Regular size, 21.00, holding 2 1/2 times more than the ordinary size. Prepared by E. C. DOWDY & CO., Chicago, Ill.

Sold by all druggists.

All that is needed to make the production of cereals in the South as profitable an industry as it is in the West is a proper system of soil cultivation and fertilization and the adoption of a rotation of crops. The matter of soil renovation in the South is so comparatively simple and so easy to accomplish that it is a marvel that it has been neglected so long. It seems to the writer quite easy to draw a lease that will enable or require the tenant to improve his holdings. As a matter of fact, it is probably better whenever possible for the man tilling the land to own it. In this sense the tenantry system is a curse to the South and has been one of the means of promoting soil-robbing, and, unfortunately, the owner of the land has frequently been so shortsighted as to not force a day that was certain to come when his lands would no longer be a profitable possession.—*Southern Farm Magazine.*

Senator Joe Blackburn of Kentucky tells one on himself. He was admiringly looking at a pretty woman at the railroad station in Washington—not impertinently, but courteously, because she was beautiful—when she exclaimed "Rubber!" shrugged her shoulders and frowned. The senator took off his hat and said: "Madam, I beg a thousand pardons. I took the liberty of admiring you because I thought you were the real thing."

Suicide Prevented.
The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or dependency invariably precede suicide and something has been found that will prevent that condition which makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by Estorge Drug Co.

Clarksville, Tenn., Aug. 25.—During a performance of a circus here yesterday afternoon, one of the clowns was giving a burlesque on President Roosevelt when two negro men in the crowd became offended and took the matter up. Hot words led to blows, and a negro named T. Martin was badly beaten up by one of the clowns. Two clowns and two negroes were placed under arrest by the police for fighting.
