**AN OLD REMEDY  
FOR BLOOD POISON**

For more than forty years S.S.S. has been curing Contagious Blood Poison in all its forms and stages, and is today, as it has always been, the safest as well as most reliable remedy for this disease. One reason why S.S.S. is so successful in curing Blood Poison is that it strengthens and builds up the stomach and digestive members while eradicating the poison from the blood. The greatest of all reasons however is because this medicine possesses just the proper ingredients, blended and compounded in such scientific proportion, as to make it the most perfect blood purifier ever placed upon the market. S.S.S. is made entirely of roots, herbs and barks, and in addition to its value as a remedy, it is the one blood medicine which may be used without any bad effect, no matter how delicate the system. Not a particle of strong mineral or other harmful drug enters into its composition, and you can take it assured that it will cure you and at the same time build up your system. S.S.S. cures permanently and perfectly, removing every symptom of the trouble by nature's true way—removing the inward cause. S.S.S. is sold at drug stores. Home Treatment book free to all.

Gooch, \$1000; no insurance. Two residences owned by Mrs. C. Vitter, \$3000; no insurance. Unoccupied store owned by John Vitter, \$700; no insurance. Residence of W. J. Ager was partially destroyed. Patterson has no telephone connection or electric lights as a result of the fire.

THE JOY HUNTER.

**THE JOY HUNTER.**

Closely related to the joy rider, by ties of bloodshed, is the joy hunter who is the pest of the woods and fields every autumn. Generally speaking he kills very little game, but now and again while he is scattering ammunition about he bags his unoffending fellowman, and very frequently he kills a domestic animal upon somebody's farm and slips away, like the joy rider who leaves his victim writhing in the road and speeds away at a rate of sixty miles an hour in the direction of new adventures.

Real hunters are fairly safe from real hunters, but nobody is safe from the fool with the gun, for no gun is fool proof. The latest report of a tragedy in the woods is that two Minnesota hunters were fired upon while skinning a moose, and one killed. "Other hunters evidently mistook them for game," according to the report of the resident correspondent.

Just what sort of game do two men skinning a moose resemble? Only a hunter unused to guns and game could mistake them for wild animals. Only an excitable individual walking through the woods with a gun and ready to shoot without investigation could mistake the half-skinned moose for game. But just that type of hunter is ubiquitous in the autumn woods. That is why, especially in thickly settled sections, where game laws have protected deer, it is just about as risky for a hunter to range the woods as for a deer.

But the question as to the hunter is where and how he will get his experience without wiggling someone or being wiggled from time to time as he acquires discretion, coolness of head and ability to distinguish between a four-legged animal with horns and biped in a hunting suit.—Courier Journal.

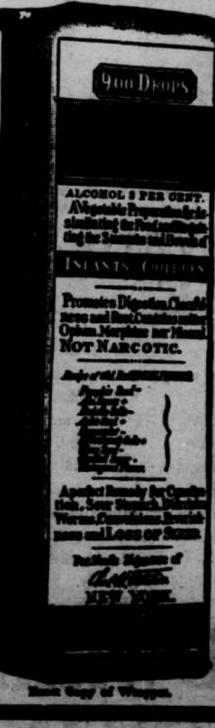

The quicker a cold is gotten rid of the less the danger from pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all dealers.

**SOUTHERN BOYS WIN CORN PRIZES.**

Washington, Dec. 12.—James Wilson, secretary of agriculture, to-day presented diplomas of merit to 21 Southern boys who won prizes in corn raising contests. Junius Hill, of Alabama, raised 212 bushels on one acre at a cost of 8 1/2 cents a bushel. Ben Benson, of Monticello (Miss), led in amount of production per acre with 227 bushels. It cost him 14 cents a bushel.

**Ends Winter's Troubles.**  
To many winter is a season of trouble. The frost-bitten toes and fingers, chapped hands and lips, chills, cold-sores, red and rough skin, prove this. But such troubles fly before Bucklen's Arnica Salve. A trial convinces. Greatest healer of Burns, Bruises, Piles, Cuts, Sores, Blisters, Eczema and Sprains. Only 25c at all druggists.
