TAPT TELLS WHY HE DECIDED TO PARDON ADLER.

Washington, Jan. 28.—Executive clemency amounting practically to a full pardon was extended by President Taft today to William Adler, former New Orleans banker now confined in the Federal prison at Atlanta, Ga.

The sentence of six years was reduced to eighteen months by Mr. Taft, and Mr. Adler will have off in addition four months and a half for good behavior.

Representative Broussard, who led the fight here for a pardon, had asked for the eighteen months' sentence. The President's reason for granting of the pardon follows:

"January 27, 1913.—The matter of for a pardon for William Adler. The application of pardon for William Adler: 'I have read with great care the summary of the attorney general and also the pardon attorney and do not find Mr. Adler free from fault or that conviction was not proper. It is apparent that Mr. Adler, in the management of the bank's finances by investing the money of the bank in a mining enterprise in Honduras, which had never paid dividends and the debts of which had increased from year to year, by loans from the bank, was risking the capital and the money of its depositors in an enterprise of such speculative and doubtful character that he was guilty of a misapplication of the funds in accordance with the statute.'

"It is also apparent that in the management of the bank, while the depositors lost nothing and it may be that the shareholders will receive a hundred percent of the par value of their stock, the stock at one time was worth 300 per cent or 400 per cent and by Mr. Adler's management and his desertion of the bank and his fleeing to Honduras he has greatly injured the property. Still, there is in the case an evidence of Adler's high character, testified to by every member of the community. He involved himself in losses which he contracted for the bank by himself buying a large part of the mine and by his conduct since his return from Honduras he has been assisting the bank to recover its funds.

"I am inclined, therefore, to extend a greater clemency than recommended by the attorney general by six months, and the order will be that the sentence will be commuted to 18 months from the date of its going into effect, with such allowance for good behavior as the statute provides."

Could Shout For Joy.

"I want to thank you from the bottom of my heart," wrote C. B. Rader of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism, Electric Bitters have no superior. Try them. Every bottle is guaranteed to satisfy. Only 50 cents at all druggists.—Adv.

"BRING THE GOVERNMENT BACK TO THE PEOPLE."

Mr. Wilson has made many splendid utterances but none better than the following paragraph. It will be read and approved by millions, who will be glad that they cast their vote for him. He said:

"I tell you the men I am interested in are the men who, under the conditions we have had, never had their voices heard, who never got a line in the newspapers, who never got a moment on the platform, who never had access to the ears of governors or presidents or of anybody who was responsible for the conduct of public affairs, but who went silently and patiently to their work every day carrying the burden of the world. How are they to be understood by the masters of finance, if only the masters of finance are consulted? That is what I mean when I say 'Bring the government back to the people.'"

Don't be afraid to give the children a dose of BRODIE'S CORDIAL when they suffer from bowel complaint. It relieves almost instantly. At druggists.

HOUSE LIBERAL TO STATE'S WATERWAYS.

Washington, D. C., Jan. 28.—Louisiana and Mississippi as well as all the items for general improvement of the Mississippi river were left unchanged in the bills and harbors appropriation bill as it passed the House Tuesday afternoon. Representative Callaway of Texas, made a violent attack on Mississippi river projects, declaring that inland waterway transportation had "played out," but he could make no headway and had no supporters. The House laughed him down.

In the end he moved to recommend the bill so as to have struck out the provision calling for a waterway from Norfolk, Va. to Beaufort Inlet, N. C., at a cost of \$800,000, but by a vote of 82 to 160, the effort failed.

The bill carries in all \$49,872,958 in appropriation. The amount of \$6,000,000 is allowed the Mississippi river commission for re-ventment work on the Mississippi, and a part of this may be used for levee construction if the authorities decide navigation will be benefited.

The Louisiana amounts follow: Improving Southwest Pass, \$500,000; Bayou Teche \$40,000; Bayou Vermilion and Mermen-teau river, \$16,200.

Inland Waterway from Mergentau river to Sabine Pass, \$190,000; Johnson's Bayou, \$2,500; Bayou Lafourche, \$2,000; Bayou Quene De Tortue, \$1,000; Bayous Bertholomew, Mason De Arbonne and Carney and Boeuf and Tennesson rivers, \$16,000; Rouge, Falla river, Bayou Manchac and Amite, Tehefmetta and Tickfaw rivers, \$7,000; Red river in Louisiana, Texas, Arkansas and Oklahoma is allowed \$75,000.

"This measure," said Mr. Callaway just before the vote on the bill, "is a damnable scheme to raid the treasury of the United States and if the people knew of it they would kick the men responsible out of this house."

No Calomel Necessary.

The injurious effect and unpleasantness of taking calomel is done away with by Simmons' Liver Purifier, the mildest known liver medicine, yet the most thorough in action. Put in yellow tin boxes only, Price 25c. Tried once, used always.

Baton Rouge, La., Jan. 28.—

Whether there is any law protecting the buzzard in Louisiana is a question that has been put up to Attorney General Pleasant by Secretary E. Pegram Flower, of the State Sanitary Livestock Board. Secretary Flower says that, although he has made a careful search, he has been unable to find any law that protects the buzzard. "I don't think there is any," he said. "There has been an old tradition handed down that the buzzard must not be killed and that he was protected by law, but if the law throws its protection around the buzzard I have been unable to find the act, and I have asked the attorney general to see if he could locate such a law."

LIFE'S STRUGGLE WITH ILLNESS

Mrs. Stewart Tells How She Suffered from 16 to 45 years old—How Finally Cured.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, each month I had severe pain and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old."

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years. 'The Change of Life' came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it."

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over-estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 52 years old. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphemia, Ohio.

In the Treatment of COLDS COUGHS SORE THROAT BRONCHITIS TONSILITIS LARYNGITIS

Scott's Emulsion is nature's nourishing, curative-food; prompt, sure and permanent.

Rely on SCOTT'S and insist on SCOTT'S.

TIME TO BEGIN PRACTICING CO-OPERATION.

A reader says that the farmers of his section "would co-operate in marketing butter, eggs, chickens, canned vegetables and similar products if they knew how."

That is the point. We have had several years' discussion through the press, and at farmers' meetings, about the importance of co-operating, and the wonderful results that will follow this co-operation, and it certainly does appear to one who has observed the trend of this discussion that the time has come for less agitation and generalities, and a little more definite instruction. We know what we ought to do, and what the benefits will be from co-operative marketing; but now some one should show the farmers how they can co-operate.

It is doubtful, if left to themselves, if the farmers, as a whole, will make much progress in co-operative activities; or if they make the same progress, it will be too slow.

The need is for organizers, who actually know how to show the farmers how they can co-operate. It seems to me the agricultural colleges and Departments of Agriculture, through their extension work, must supply this need. Why not each State develop a Department of Farm Marketing?

The difficulties in the way of economically marketing farm products are peculiarly great, and these, with the importance of the matter, should justify something being done that will bring forth results. We have probably preached long enough, and some teaching is now in order.

It is always easier to tell how a thing should be done than to do it. There are scores to tell why and how the farmers should co-operate in marketing farm products, but what we want is someone who will actually do the thing, and in that way show the farmers how they may do it. No more important line of work can be done by the extension departments of our agricultural institutions, and they should look no time in putting men to work who can and will actually get farmers to co-operate in marketing their products.—The Progressive Farmer.

CONSTIPATION VANISHES.

Discovery from World's Great Health Resort that Doctors Prescribe as Best on Earth for Torpid Liver.

In Hot Springs, Arkansas the great remedy for Constipation, Sluggish Liver and all stomach and bowel trouble is HOT SPRINGS LIVER BUTTONS.

Every visitor to Hot Springs has heard of these little wonder workers because learned physicians these prescribe them and everybody takes them when a laxative is required.

They are the really perfect, gentle, safe, sure, liver and bowel regulator. Take one to-night—Cut out Calomel and harsh cathartics. All druggist at 25 cents. For free, sample write Hot Springs Chemical Co., Hot Springs, Ark. Adv.

The Baton Rouge New Advocate gives the postmaster and employees of the Baton Rouge post office this hard slap:

One thing about the impending change in the postoffice service in Baton Rouge. It could not possibly be any worse, no matter who gets the job.

Famous Stage Beauties look with horror on Skin Eruptions, Blotches, Sores or Pimples. They don't have them. For all such troubles use Bucklen's Arnica Salve. It glorifies the face. Excellent for Eczema or Salt Rheum. It cures sore lips, chapped hands, chibbins; heals burrs, cuts and bruises. Unsurpassed for piles. 25c at all dealers. Adv.

MOTOR SERVICE TO ABBEVILLE.

H. W. Sheridan, general superintendent of the Southern Pacific lines in Louisiana accompanied by E. C. Barrie, inspector of transportation, was in Abbeville Tuesday here, including the new Y track just put in to accommodate the motor car to be used on this run. While here Mr. Sheridan announced to L. O. Broussard, president of the Board of Trade, and the moving spirit in the effort to secure better passenger traffic facilities for Abbeville, the following schedule for the motor car service, which goes into effect on Monday, Jan. 27: Leave Abbeville at 5:10 a. m., arrive at New Iberia at 6:15, to connect with No. 2 for New Orleans; Arrive at Lafayette, 8:05 a. m. On the return trip the motor will leave Lafayette at 3 p. m., Breaux Bridge, 3:25; St. Martinville, 4:08; New Iberia, 4:55, connecting with No. 9 to New Orleans; arrive at Abbeville at 6 p. m. This schedule is entirely satisfactory to the people of this community, since it enables them to go to New Orleans on an early train, have half a day in the city and two opportunities to get away the next day, to visit nothing of the facilities for saying the neighboring towns on business or pleasure and returning the same day.

THE RENTER CAN MAKE MONEY.

The man who farms one piece of land this year and another next year will always have a hard time to get along and to get out of the one-more class. We need in the South a fair and permanent tenant system that will encourage young men to farm right and to feel that so long as they do so they can remain as permanently as the farm was their own. It is the cropper system of the South that keeps men in the one-mule class. Landowners need to understand the profit that can be made by having a permanent tenantry in comfortable homes, under a system that is fair to both sides. We need good farmers, tenants compelled to farm in a systematic way, not only for the benefit of the tenant but also of the land-owner.

Of course, it is better for the young farmer to work out his salvation on land that is his own, but when one can only get the stock needed he had better get a fair rental and farm on the land of another till he is able to get land of his own.—W. F. Massey, in The Progressive Farmer.

Drives Off A Terror.

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no tie should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt. "and for coughs, colds and croup we have never found its equal." Guaranteed for all bronchial affections. Price 50 cents and \$1.00.—Adv.

SOUTHERN WOMAN TO AID YANKEE GENERAL.

New York, Jan. 27.—Mrs. Helen D. Longstreet, widow of the famous Confederate general, came to the aid of her husband's Civil War foe General Daniel E. Sickles, today with an offer to raise \$23,475 among the "razged and maimed followers of Lee" to pay General Sickles' alleged debt to the State of New York. Sheriff Harburger, who arrested General Sickles today in the civil suit brought by the State to recover the money, also directed a letter to many of the richest men in New York, asking them to aid the aged veteran. In a letter sent to General Sickles from Gainsville, Ga., Mrs. Longstreet said she had notified the attorney general of the State of New York that she would raise the money among the Confederate Veterans if allowed sufficient time.

"The Republic whose battles you fought will not permit your degradation" was her closing thought to Mr. Sickles.

Bowel trouble allowed to run on may become very serious. Take a dose of BRODIE'S CORDIAL when first symptoms appears and save yourself or the members of your family days in bed.

Stops Backache

Sloan's Liniment is a splendid remedy for backache, stiff joints, rheumatism, neuralgia and sciatica. You don't need to rub it in—just laid on lightly it gives comfort and ease at once.

SLOAN'S LINIMENT

is good for sprains, strains, bruises, cramp or soreness of the muscles, and all affections of the throat and chest.

URBAN TAX PROMULGATED.

Lafayette, La., Jan. 27.—The Council this morning received the returns of the trolley line election held Jan. 23, when a 1 1/2 mill tax for ten years was voted in favor of the Southwestern Traction and Power Company, amounting to a total sum of \$40,000. The Council adopted a process verbal which was signed by Mayor Trahan, Secretary Dan Ballion and members of the Council. The returns were promulgated and all necessary formalities taken to secure the construction of the interurban trolley line from New Iberia, St. Martinville, Breaux Bridge and Abbeville, with probability of other connections.

Another election will be held Feb. 14 to vote a tax in favor of the Louisiana Power and Traction Company and the citizen's committee, which had charge of the campaign just closed, is called to meet to-night for reorganization and laying plans to win another trolley line for Lafayette.

BETTER TO TAKE THAN CALOMEL.

Dodson's Liver-Tone, a Wholesome Reliable Medicine That Takes the Place of Calomel.

Dodson's Liver-Tone strengthens the liver—it does not drive it to its work by over stimulating it as calomel does.

Dodson's Liver-Tone does not have any of the dangerous after-effects of calomel. It is a vegetable liquid—absolutely safe for either children or grown people. Everybody likes its taste.

Get a bottle at Taylor & Bro. drug store, 50c, and try it. If it doesn't satisfy you, if it doesn't take the place of calomel, you can get your money back by asking for it.

In Kentucky there is a new law which gives 25 per cent of the money earned by convicts to the convicts, and 75 per cent is turned over regularly to their families. They are paid regular salaries for the work they do in prison. It is time every state should endeavor to help innocent wives, who are made to suffer in many instances more hardships than the man whom the state is punishing.

Pains All Over!

"You are welcome," says Mrs. Nora Guffey, of Broken Arrow, Okla., "to use my letter in any way you want to, if it will induce some suffering woman to try Cardui. I had pains all over, and suffered with an abscess. Three physicians failed to relieve me. Since taking Cardui, I am in better health than ever before, and that means much to me, because I suffered many years with womanly troubles, of different kinds. What other treatments I tried, helped me for a few days only."

TAKE THE CARDUI Woman's Tonic

Don't wait, until you are taken down sick, before taking care of yourself. The small aches and pains, and other symptoms of womanly weakness and disease, always mean worse to follow, unless given quick treatment.

You would always keep Cardui handy, if you knew what quick and permanent relief it gives, where weakness and disease of the womanly system makes life seem hard to bear. Cardui has helped over a million women. Try it.

Write for Ladies' Advisory Dept., Chattanooga, Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. 1913
