In our issue of October 4th
we erred in stating that His

Paradis will hold services at the
Presbyterian church at Jeanerette

In mentioning the opening of
Hotel Frederic which occurred
last week we inadvertently failed
to mention that the building was
blessed by Father Langlois the
popular and beloved Rector of St.

assisted by Father Girard also of
this City and Father Girault de
Cognacins the well known pastor
of Patoutville, La.

Among the weddings which
occurred recently was that on the
8th of Mr. Laurent L. Couvillon,
son of Mr. C. R. Couvillon and
Miss Netta LeBlanc, the accom-
plished daughter of Mr. Jules Le-
Blanc of DeCadebre. After the
wedding ceremony the happy
couple boarded an East bound
train for New Orleans where they
will spend their honeymoon af-
ter which they will return to De-
cadre where they will make
their home.

Through the efforts of Mr.
Nathan Davis, one of our base-
ball enthusiasts the Postal Tele-
graph Company supplied hun-
dreds of spectators with bullet-
ins of the innings of the great
game at Philadelphia and New
York between the Athletics and
the Giants. Upwards of three
hundred and fifty people are on
the Court House square every af-
ternoon listening to the returns
as they come over the wires from
the scene of activity. Visitors
from Jeanerette and all the sur-
rounding country come in daily
to hear the results.

vertised to take place to-day at
the Iberia Park between the New

promises to eclipse anything ever
held in this City at any previous
time. Our boys have been prac-
ticing daily for the contest and
we have assurances they will car-
ry off all of the honors. The
admission for adults is 25c and
that of the children 15c and the
attendance promises to be quite
large.

The regular meeting of the
Protestant Cemetery Association
will be held next Monday even-
ing, October 13th at 4 o'clock
at the office of Messrs. Murray &
Smith. A full attendance of the
members is requested owing to
important business.

The practice of some un-
scrupulous person one night last
week and again on Tuesday even-
ing in ringing up the fire station
and announcing a fire that did
not exist bringing out the Fire
Department and alarming the
citizens generally has caused
Mayor Fontelieu to offer a re-
ward of Twenty Five Dollars for
the apprehension and conviction
of the culprits. The perpetrators
of such deeds should be fer-
retted out as early as possible
and severely punished as an ob-
ject lesson. It would not sur-
prise us to see them languish be-
hind prison bars before many
days, so determined is the Mayor
to ferret out the guilty ones.

The dense fog of last Monday
morning caused an accident to the
Trolley which resulted in run-
ning one of their cars off the
track killing two head of cattle
outright and crippling four oth-
ers. It seems the stove which
was owned by Mr. Orville Do-
mingue was being driven by one
of his helpers to Jeanerette and
at a point just opposite the Crews
property the herd huddled them-
selves together on the track
despite the attempts of those in
charge to keep them on the road
with the above results. It was
several hours before the heavy
car could be jacked up to extri-
cate it from the dead carcasses.
We understand the Southwestern
Traction Company will make
good the loss to the owner of the
stock without his resorting to the
Courts.

One Chas. Harris, a young
white man from this City who
bore a very bad reputation, in-
fact was wanted for larceny, ran
into the meshes of the law in
Caledonia Parish last Wednesday
which cost him eighteen months
in the penitentiary. Harris had
burglarized a store at Sulphur,
and was caught with the goods
which culminated in his pleading
guilty and getting the above
mentioned sentence, which should
be a good lesson. The boy was of a
criminal nature and went from
petty crime to that which will
cost him a term in prison.

Oil indications at Lake
Paigneur better known as Jeff-
erson's Lake are so pronounced
that a stock company has been
organized and a lease obtained
from the State to put down a test
well in that body of water. For
several years it has been gener-
ally known that indications of oil
in that vicinity were as good as
any at any field where oil has been
found but our citizens were too
timid to make the investment. It
affords us pleasure to state that
the long Iberia Parish will also be
an oil field of no little pretensions.

Our sanetium was the recipient
of a copy of the Pacific Mutual
News which is published
monthly at Los Angeles, California
in the interests of the field-
men throughout the United
States. On the front page ap-
pears excellent photographs of
Mr. R. C. Sealy and Mr. W. B.
Sharp, their two special agents
who reside here and who have at-
tained distinction among their
agents, owing to the volume of
business which they have written
in this section of the State. The
publication is interspersed with
beautiful lithographs of Louisiana
scenes, among them being our
own Main Street showing the
Electric cars and Bayou Teche.

Each of these pictures had been
sent to headquarters by Mr.
Sealy who is a strong believer in
advertising this section of the
State.

There being so many com-
plaints by the farmers and others
of their inability to hire labor
heretofore, while hundreds of
able-bodied men, both white and
black are walking the streets in
idleness with no visible means of
support the City Commissioners
have passed a sweeping ordinance
that will either drive the loafers
out of the City limits or compel
them to hunt honest occupation.
Almost every year at this season
these same conditions arise
which very often mean a loss of
crops in this Parish when the
City is full of loafers and hang-
ers on who seem to live without
work. This is a step in the right
direction and we hope to see the
officers clean out the gangs of un-
employed by compelling them to
do street work if they do not
want other occupation. Other
cities have been compelled to en-
force the same ordinances. Why
not New Iberia?

We had a pleasant call last
Thursday afternoon from Mr. A.
A. Stillman of Lake Charles for
the purpose of procuring exhibits from
the Parish to be placed on dis-
play at the big Southwest Louisi-
ana Agricultural and Manufac-
turing exhibit which will be held
at the above mentioned place on
Oct. 23d, 24th and 25th. The
purpose of the display show is
to place on exhibition products
of the thirteen Southwest Louisi-
ana parishes and liberal prizes
have been offered by the Lake
Charles merchants to the winners
in the competition. Besides the
interest taken in that feature of
the program special efforts have
been made to arrange a good
musical program that should be
pleasing to all of the visitors.
The services of numerous bands
have been secured and together
with the military drills, racing
and other forms of amusement
those who visit that hustling
City will be well rewarded for
their time. We hope the gentle-
man will succeed in getting a
good exhibit from this Parish
even though there is little truck at
this season of the year. The Fair
will be opened by Governor Hall
and other prominent gentlemen
will also be in attendance.

The Pythian Castle No 39 of
this City was a scene of much
gaiety and good feeling last Wed-
nesday night after the members
had concluded an interesting ses-
sion in their beautiful Lodge
Room on West Main Street. A
committee had been selected by
the Chancellor Commander Mr.
W. D. Reynolds and told to spare
no expense in arranging a smok-
er for the members who were ex-
pected to be present on the occa-
sion when they could enjoy a
good feast. Owing to some un-
explainable reason the attendance
was not near as large as the offi-
cers had anticipated, but had
the large membership known that
the Grand Inner Guard of Louisi-
ana A. A. Stillman was to be
present the attendance would no
doubt have been doubled. Be-
sides Chancellor Commander
Reynolds those present were
Messrs. Harry T. Hall, Leopold
Kling, E. H. Buffinton, Dr. W. F.
Carstens, Ralph D. Southwell,
Dr. H. A. King, Harry Winters,
John R. Taylor, John Winters,
Courtland Compton, Reginald
Sommermann, Luca Jemmaro,
Frank Briganti, M. W. Fisher
and others.

Mr. Jules Godehaus, president
of the Southwestern Traction and
Power Company visited this City
last Saturday in the interest of
the road and stated that without
fail work on the extension to St.
Martinville would be commenced
within the next forty days pro-
viding the property holders
would give all of the rights of
ways for the extension. This is
good news not only for the peo-
ple along the proposed route but
to the citizens of St. Martinville
who voted the Company a bonus
as an inducement to be connected
with the main line. We have
on several other occasions re-
ported to our readers that the
important project would be com-
menced at an early date and trust
that those who own property on
the proposed route will give the
rights of way which is necessary
for the realization of the exten-
sion. We see no reason why the
Boards of Trade of both St. Mar-
tinville and this City should not
interest themselves in helping
the Company obtain the rights of
way if the property holders are
placing obstacles in its path.
The sooner something is done the
better for all concerned.

BIG 101 RANCH WILD WEST SHOW COMING.

The 101 Ranch is the only real
Wild West Exhibition on the
road this season. The perform-
ance adheres more closely to
the genuine Wild West idea than
any of its rivals, although sev-
eral sensational special fea-
tures are introduced in this year. One
of these is a thrilling Auto Polo
Match in which autos are utilized
in place of ponies, and is the last
word in reckless daring and the
biggest sensation of the year in
the Wild West world. The Auto
Polo feature does not however
interfere in any way with the
typical Wild West character of
the show. There is a great com-
pany of Cowboys, Cowgirls, In-
dians, Mexicans, Cossacks and
others, and the performance they
give is strenuous in the extreme.
There will be roping with a herd
of genuine long horned Texas
steers, bucking with outlaw
ponies, expert rifle shooting, the
capture of a stage coach by Mex-
ican bandits, an attack by wild
Sioux Indians on a pioneer's
camp, a game of football on horse-
back by Cowboys and Indians
many other features, illus-
trating not only the historic side
of the old West, but also the fun
and pastimes of the modern
ranch. Miller Bros. & Arling-
ton's 101 Ranch has been greatly
enlarged since its previous visits,
requiring 2 special trains, equal
to 55 cars, and its reputation as
a representative Wild West Ex-
hibition has been entirely rebuilt for
this season, the street parade is two
miles long and contains many
novel features. The home of the
show is on the Miller Bros. fam-
ous 110,000 acre Ranch at Bliss,
Okla. and Joe Miller still heads
the organization and will direct
the performance. Will exhibit
at Lafayette, October 31st.
