

A Draft—You Catch Cold—Then Follows

Coughs, Cold Stiff Neck Neuralgia

Especially in the piercing pain of neuralgia or the dull throb of headache is Sloan's Liniment wonderfully relieving. Laid lightly on the part where the pain is felt, it gives at once a feeling of comfort and ease that is most welcome to the overwrought sufferer.

Hear What Others Say:

"There are no Liniments that equal Sloan's. My husband has neuralgia very often, he rubs Sloan's on his face and that is the last of it."—Mrs. V. J. Brown, Route 1, Box 181, Hills, Tenn.

"I have used Sloan's Liniment for family use for years and would not be without it. We have raised a family of ten children and have used it for croup and all lung trouble also, as an antiseptic for wounds, of which children have a great many, it can't be beat. My wife sprained her ankle last summer and it was in bad shape. Sloan's Liniment applied enabled her to be as good as ever in a week. I have used it several times for sprains and rheumatism."—John S. Gomb, R. R. No. 2, Koshk, Ind.

FLOUR PRICES RISE TO NEW HIGH LEVEL.

Chicago, Jan. 5.—War prices today not only hoisted wheat, but dealt a stunning blow to consumers of flour. Top grades of the best patent flour were elevated just 55 cents a barrel as compared with 24 hours previous, being held at \$1.75 a barrel.

Second qualities of flour that sold for \$5.60 last week were quoted at \$6.30 a barrel after today's rise. Flour that commanded \$7.15 a barrel today sold in August for \$5.30. The reason given for the advance in the cost of flour was the fact that owing to the abnormal European demand for breadstuffs, cash wheat in Chicago today had touched \$1.36 1/4, the highest January price in more than forty years.

Waves of buying in the wheat pit on change here carried the chief speculative option. May delivery, up to \$1.37 5/8 at 3/4, a leap of more than 10 cents in a week and of three cents or more above last night. Many brokers declared that the latest upturn was merely another step toward \$2 wheat. Such enthusiasts avowedly based their predictions on a belief that the European war would last as much as two years more.

On the other hand, the export buying came to at least a temporary halt today, so far as Chicago was concerned, though not at the seaboard.

CAULIFLOWER.

From market reports it appears that Louisiana's new cauliflower industry is going to show record-breaking returns. The crop has begun to move. Long Island cauliflowers are practically off the market. California has had a bad season and her present output is very limited as well as very poor in quality. The markets are crying for Louisiana cauliflowers in carload lots and growers that have taken up this new line are going to be substantially rewarded.

10 CENT "CASCARETS"

IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which swells and ferments like garbage in a sour barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Experts who have visited the fields in the alluvial sections are astounded at the ease with which this crop is produced. A representative of one of the largest seed-houses in Denmark, where the seed for the Louisiana cauliflowers is grown, stated that the very dwarf variety which we use grows as large as the standard sorts in their country where the cauliflowers are supposed to grow to perfection.

An exchange says: P. T. Barnum, the great show man, once said: "If you have nineteen dollars to put to use pay ten dollars for the article and nine dollars for advertising. I can out-talk any man but a printer. The man who publishes a paper and talks every week to a thousand men while I am talking to one, is the man I am afraid of, and I want to be his friend. The business man who does not advertise is a poor stick. Trade with the men who advertise if you want to get bargains and the worth of your money."

Pleurisy pains are located just below the short ribs. Lumbago affects the same region but toward the back. BALLARD'S SNOW LINIMENT is the remedy in either case. If rubbed in thoroughly it eases pain, relaxes the muscles and the patient can move about freely and comfortably. Price 25c, 50c and \$1.00 per bottle. Sold by Estorge Drug Co.

WANTS TO COME SOUTH.

Manager Chevis of the South-west Louisiana Development Bureau is in receipt of a communication from D. J. Todd, a resident of North Dakota, inquiring if there is a demand in this section for experienced men in connection with the management of the live stock or dairying industry.

Dairying and live stock-breeding are industries new to this section and to the farmer who may be undertaking either of these branches an experienced stockman and dairyman would be a capital investment.

Those who may be in need of such assistance would do well to write to Mr. Todd.

UNHAPPY MARRIAGES.

Uncle Billy Beane of the Goshen, Ind. Democrat, in speaking about unhappy marriages, said: "Nine-tenths of the unhappy marriages are the result of green human calves being allowed to run at large in society pastures without any yokes on them. They marry and have children before they have mustaches. They are fathers of twins before they have two pairs of pants and the little girls they marry are old before they are out of their teens. Occasionally one of these gossling marriages turns out all right, but it is a clear case of luck. If there was a law against young galoots sparkling and marrying before they have cut all their teeth, we suppose they would evade it in some way, but there ought to be a sentiment against it. It is time enough for these bantams to think of minding a pullet when they have money enough to buy a bundle of laths to build a hen house. But they see a girl who looks cunning, and they are afraid there is not enough to go around, and then they begin to get their work in real spry, and before they are aware of the sanctity of the marriage relation they are hitched for life, and before they own a cook stove or bedstead they have to get up in the night and go after a doctor so frightened that they run themselves out of breath and abuse the doctor because he does not run too, and when the doctor gets there, there is not enough linen in the house to wrap up a doll baby.
