Mr. and Mrs. H. F. Reynaud, Mr. and Mrs. Willis Laperouse, Mr. and Mrs. Ed. Reynaud.

Cole's Hot Blast Heaters make a big reduction in your coal bill—see their advertisement and guarantee.

LOCALS.

—The relatives and friends of Mr. Laurent Renouet, a son of our worthy fellow-citizen, Hon. P. L. Renouet were shocked last Tuesday when they learned that the gentleman had suddenly succumbed after a few hours illness. Laurent was a native of Iberia Parish and only reached the age of 43 years and 6 months, and leaves to mourn his loss several young children, as well as his father and brothers and sisters. The funeral was held from St. Peter's Catholic church on Wednesday afternoon at 5 o'clock in the presence of a large number of friends of the grief-stricken family.

No. 666 will cure Chills and Fever. It is the most speedy remedy we know.

—We had the pleasure of meeting Mr. C. P. Dunbar of Opelousas last Thursday who is presenting his card to the public which announces his candidacy for the position of Register of the State Land Office, now being filled by Mr. Fred Grace of Iberville. Mr. Dunbar has a wide circle of friends over Louisiana and is one of the best known men in the State, owing more especially to the notoriety given him by the press, when his little child Robert was kidnapped by Walters of Mississippi. Aside from that he is said to possess ability that would commend him for the office to which he aspires.

Cisterns and Tanks. Screening of all description.—Bertrand Lumber Co., Ltd.

—State Treasurer LeDoux E. Smith spent several days here this week in the interest of his candidacy for the office of Secretary of State and met many friends in New Iberia who have tendered him their support for the position which he seeks. Mr. Smith has been twice elected by the people to the office he is now filling so creditably. Of all the candidates for State office, there is no one that has any better record for conscientious service than Mr. Smith. In no instance has there ever been one iota of criticism of his official conduct since he has been serving the people of Louisiana in the position of Treasurer which should be a strong recommendation for his election in the January contest.

—Mr. Nat Dauterive, the proprietor of the Pastime Theatre has tendered the use of his Moving Picture Theatre to the ladies of the Mothers' Club of East Side for a benefit which they will give next Tuesday afternoon and night. The entertainment will consist of several reels of interesting pictures interspersed with vocal and instrumental music by some of the best talent in New Iberia. There will be no change in the price of admission on this occasion which should also be a drawing card and the ladies of the Mother's Club feel assured the house will be packed to overflowing. Everything that can be done for the comfort of the guests will be looked after by the proprietor.

—So few of our people having seen the Liberty Bell of Philadelphia which is now on exhibition at the great San Francisco Exposition, manager Bernard of the Chamber of Commerce got in touch with the committee in charge of its transportation to the Exposition, and they have consented to have it stop here long enough for those who wish to see the relic as it passes through on the Southern Pacific. Mr. Bernard has not yet been informed on what day the Independence bell will pass through New Iberia and as soon as he does the public will be informed.

—Died, at the residence of her son-in-law, Chas. Heidecker on Tuesday, September 14th, 1915 at 5:20 P. M., Mrs. Louis Doungins, aged 69 years. Mrs. Doungins leaves to mourn her demise several children and a large number of grand-children. The funeral was conducted from St. Peter's Catholic church in this City the following afternoon at 4 o'clock. The interment was at Rose Hill cemetery. The relatives have the sympathy of a large circle of friends.

Piles Cured in 6 to 14 Days
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.

—Hon. Edwin Broussard, the recently elected District Attorney to succeed Mr. L. Tasker Dulany, who had been filling out a temporary appointment made by Governor Hall upon the death of Mr. A. N. Muller, qualified on Wednesday to fill the position until the general election next November. Mr. Broussard has filled this position many years ago to the satisfaction, not only his constituents, but the people in general and we are satisfied he will again conduct the office in that same painstaking and intelligent manner as when he left the office when it was taken over by the late Mr. Muller.

—According to the census recently taken by Messrs. Sadler and Thompson who represented the State Board of Health in New Iberia, our census does not show any gain in population, in fact it shows quite a falling off. In questioning Mr. Sadler as regards the correctness of the census he says the Board will vouch for its correctness in every particular. They report 4,231 whites and 2,735 colored which makes a total of 6,966 inhabitants here at the present time.

Sad news was received Sunday morning, Sept. 12th of the sudden death of G. C. Caulking of New Orleans, he leaves three grief-stricken children, Annie, Hiram and Emma Caulking, and a sister, Mrs. Wm. Krauss of New Orleans and two brothers, Jos. H. Caulking of New Orleans and Samuel R. Caulking of New Iberia. His wife Elizabeth McKern has been dead for eight years, and he followed her to the Great Beyond. He was born in New Orleans in the year 1878. The funeral services were held at the St. John's Catholic church in New Orleans Monday morning, Sept. 13th, 1915 after which hundreds of sympathetic friends escorted the remains to the Greenwood cemetery for the interment. The family have the sympathy of the community.

Biliousness and Constipation.
It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." Obtainable everywhere. (Advertisement.)

SCHOOL SUPPLIES

—Hon. A. B. Romero who for many years acted as Secretary of the Police Jury and Treasurer of the Parish has this week issued circulars, calling the attention of the voters to the fact that he will offer his name for the position of Sheriff in opposition to our worthy present incumbent, George Henderson, at the next general election to fill Parish offices. Mr. Romero, though recognized by many as a Progressive, does not state whether he will enter the Primary or Convention of that Party, or remain in the Democratic party in which he has held office a number of years; he simply states to the voters the conditions upon which he will make his entry into the political campaign and that one-third of the emoluments of the office, should be favored by the people, will be given over to the School Board for the education of the children; another one-third will be deposited into the Parish Treasury to be applied to the public road fund and the other he will retain for the conduct of the office which will be the compensation for his services. He further declares that he will readily support any other candidate that will come out on the same platform or conditions upon which he makes his announcement if it be made in good faith. Just what strength Mr. Romero will build up while making his canvas, we are unable to state at this time. The office of Sheriff, we do know is one that is very much over-rated, insofar as emoluments are concerned, and if the gentleman should meet with success, we do not think there would be enough left to hire the necessary clerical help and get the assistance of deputies that are so necessary in the administration of that particular office. We, like many others will be glad when the Legislature sets a straight compensation for all public officials, more especially that particular office, providing the compensation is in keeping with the work and responsibilities attached. All officers should be put under the salary basis at the next session of the Legislature.

—The increasing popularity of the unit power plant construction is indicative of its many advantages, states J. T. Lejeune of the Lejeune Garage, distributor for The Haynes Light Six. In the unit power plant type of construction, the engine is combined with the clutch and change-speed gearing, giving a very compact assembly. The clutch is bolted directly to the rear of the motor. The change speed gearing, or transmission, is then mounted immediately behind the clutch, so that the clutch, transmission and engine are built in one unit. This construction has the advantage of retaining indefinitely the positive alignment of the transmission with the engine. This relation between the parts is obtained when the power plant is built at the factory, and the alignment cannot be altered by any condition of rough roads or hard driving. This of course prevents any possibility of lost motion from this source. The gear box is located immediately under the driver. This permits the use of the ball-and-socket gear-shifting lever, which engages directly with the transmission gears. The ball-and-socket lever construction makes gear shifting so easy that the feminine driver has no trouble in changing speeds. When the transmission is placed on the rear axle, the long rods that are necessary to reach from the gear-shift lever to the gear-box often work loose and become very noisy. This of course is impossible where the transmission is built as an integral part of the motor. The mechanical advantages of the unit power plant construction, together with its silence, insure the incorporation of this design on all of the latest cars of the better class. See their advertisement on another page.

PAID UP STOCK

bearing 5 per cent Interest is now being issued by the **IBERIA BUILDING ASSOCIATION.**

NOTICE TO THE LADIES.

The members of the Civic League and those ladies who have volunteered to assist them in the work, are requested to assemble at the Woman's Department, Masonic building at 2 P. M. on Monday, Sept. 20th to commence the work of decorating for the Teche Fair of Sept. 24th, 25th and 26th. Since the Civic League is now an organization without dues of any kind, it is hoped that members who have been negligent in attending meetings will make a sacrifice of their time upon such occasions as the present and rally to the work on hand. Those interested in the success of our Parish Fair, members of the League and their friends are requested to meet without fail on Monday afternoon to proceed with the work of decoration.
