ST. JOHN'S CELEBRATION.

As is customary the world over to celebrate St. John's Day by the Masons with ritualistic exercises and other practices, we are glad to record that Aurora Lodge has performed its share creditably. A lunch prepared for the occasion was heartily enjoyed by those present. Rev. Vaughn of New Orleans made a very impressive talk. Mr. Jules Dreyfus an old member delivered the address of which an extract is hereinbelow published for the benefit of the readers of The Enterprise:

"The prayer offered at this Masonic shrine to-night is the annual, eloquent tribute paid to the spirit of universal brotherhood of man. The solemnities of these ceremonies and the willingness with which its votaries come to the defense of the basic moral force of civilization reflect the recognition, the intelligence and brain of the world bestow upon the cult erected on the love of mankind. The greatest influence and power in a progressive uplift and betterment of the human race is love. Without that impulse and that motive, no act of charity, of philanthropy, of humanitarianism can accord with the tenets and precepts of genuine masonry. The seed is sterilized and even withers in the warmth and embrace of prepared ground. Charity itself fulfills the law, and who can sever Love from Charity. Many zealous disciples of masonry appraise charity as the keystone of the arch, the chief stone of the Temple. Many accept it as the scroll of light of the soul and law of reason. Still more with embarrassing indifference exalt it into a panacea. Much as I dislike iconoclasm and to shatter old idols, false facts and theories: much as I hate agitation and schisms, with hesitation and reluctance must I insist on a true, meaning, unerring interpretation of the moral, social duties masonry performs with noiseless vigor and firm hand in State, Nation and world. In these stirring times when slaughter and carnage crimson the path of civilization these ceremonies acquire deeper solemnity more impressive sanctity. It is the voice of the human heart, the appeal of the orphan, the sorrow of the orphan. Confronted with a cataclysm that turns Europe into a charnal house; a holocaust sowing desolation and death on landmarks of history and milestones of progress; the mailed hand of consolidated dynastic triumphs and privileged greed and selfishness dealing death blows to right and justice to divine rights of man; to the sacred principles of prophet, of religion, of morality, of life these offerings to-night must spur the mason unto higher efforts, greater deeds and more willing sacrifices. The mason will be the accepted mediator. To him will be entrusted the defense, the protection of the

love, justice, righteousness, his council, at the final day of reckoning, of settlement will be faithful to the interests of humanity. He will be the trusted agent of the soldier's widow, the wise, trusted adviser of the State's orphan and the State's democracy. Living in all climes, speaking all languages, respected by foe and feared by the conspirator, knowing all races, their needs, their trials and tribulations, familiar with intrigues of rulers and governments, fearing neither statesman nor diplomat, neither cunningly devised political snares of passion and prejudice, the mason is by nature endowed to force the olive branch of Peace on the world in the near future. Through these qualifications his colossal stature as the typical Peace maker will insure success. Can human imagination visualize a nobler duty this celebration, under present conditions, suggests. It is not the charity that craves publicity, philanthropy requiring homage, disinterestedness exacting privilege, but the successful effort backed by self-effacement and prompting sincerity, the silent, impersonal efficiency traced by a divine vision that make the background, the value of the masonic fibre.

With wisdom, sagacity, integrity, the mason of the future will help the tracing of a new geography, the evolution of a new ethnography, the proclamation of a new religion. His militancy requires no sword, no spear, no lance, no weapon of aggression,

no machine of destruction. Armed with Right and Justice resistance to a complete pacification of races and peoples must disappear. He will be a larger man, of broader scope and vision. The next peace pact, the crystallization of the supreme masonic wisdom, will destroy his provincialism, his nationalism, his political, social, racial limitation. A new cosmopolitan citizenship will arise on the ruins and ashes and scars of the former nations traditions, passions and prejudices. In such a new world, which the present bloody disturbance forces on the attention of man, the dominant lesson of love, right and justice expounded by masonry will maintain the changed conception, the liberalized view of nations rights, of man's liberties. The best mason is he who can most wisely contribute to the construction of the new Magna Charta, a more modern declaration of independence, a world-embracing, liberty-guaranteeing constitution.

This monumental work is across the mason's future path. Patience and sacrifice can remove much, if not all, the obstruction. With courage, knowledge and endurance he can climb the heights bathed in the white light of perfection. It is not a European problem; it is not any particular nation's affliction; it is malady of the Universe, the infection of the human race. A new Temple must be erected, new shrines knelt at. The world at last has become one. "Such is the power of that sweet passion,

That it all sordid baseness doth expel,
And the refined mind doth newly fashion

Unto a fairer form, which now doth dwell

In his high thought, that would itself excel;

Which he, beholding still with instant sight

Admires the mirror of so heavenly light.

UGH! CALOMEL MAKES YOU DEATHLY SICK

Stop using dangerous drug before it salivates you! It's horrible!

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50 cent bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

La. Progressives Will Not Follow Roosevelt.

Baton Rouge, La., June 27.—Percy Saint, of Franklin, floor leader of the Progressives in the House and Senator G. J. Labarre, Progressive from Assumption, expressed the belief Tuesday that the Progressives of Louisiana will not follow Roosevelt into the Republican party and support Hughes.

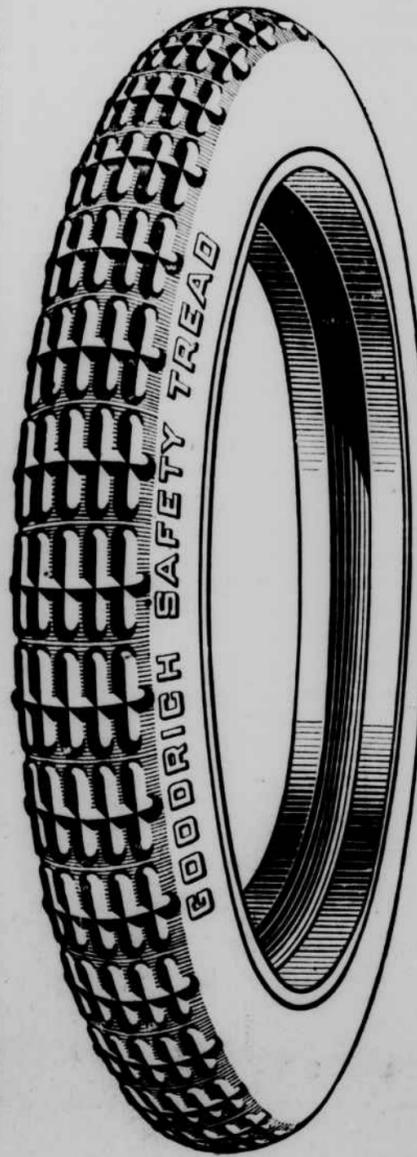

"I believe the overwhelming sentiment will be to hold our party intact in Louisiana," said Mr. Saint. "We are not Republicans and will not go to Hughes, and the Democrats by the legislation in this section have closed the doors on us—so there is nothing left for us to do. We will return Whit Martin to congress in the Third district. My belief is that John N. Parker expressed the sentiment of Louisiana Progressives."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

It is intimated that many of New York's skirt manufacturing concerns will move their factories away from that city because of continuous strike trouble. This would be a severe blow to those publicity-loving ladies of New York who get into the headlines by sining and

"Reason-Why" Tires

GOODRICH "Barefoot" Tires are light in weight, and close grained. This makes them relatively free from the usual incrustations or "filders," that give excess Weight, stiffness, and grind, to Tire treads.

More than 200 different Makes and Brands of Motor-Car, and Truck, Tires were manufactured and sold in U. S. A. last year, 1915.

These totalled about 12,000,000 Tires. Of that 12,000,000 total Tires, the B. F. Goodrich Co. made and sold one-fourth.

Yet—Tires are only one of the 267 different lines of Rubber Goods made by the Goodrich Rubber Factory, which is the largest in the World, with a 45-year Experience.

This indicates the "Reason-Why" Goodrich Best-in-the-Market Fabric Tires can be, and are, sold to Consumers (via Dealers) at the lowest prices in America, per delivered Mile of Performance.

WILSON'S DEMAND MET.

San Antonio, Texas, June 28.—General Funston received tonight a report from Brig. Gen. George Bell, Jr., at El Paso, which stated General Bell had been informed by Mexican Consul Garcia that the American prisoners taken at Carrizal now are on the way north to Juarez and probably would arrive there tomorrow morning.

According to the report, Mr. Garcia had received word from General Jacinto Trevino that the American prisoners with their arms and accoutrements were to be delivered once to the American authorities.

The report was forwarded at once to Washington by General Funston.

Carranza Heeds Demands.

El Paso, Tex., June 28.—President Wilson's pre-emptory demand on General Carranza for the release of the American prisoners held in the Chihuahua penitentiary today met with compliance. An announcement from the com-

mandancia in Juarez early tonight said a message had been received over the Mexican telegraph that the twenty-three negroes of the Tenth Cavalry captured at Carrizal, with Lem H. Spillsbury, Mormon scout, had been removed from prison and with their arms and accoutrements were being brought to Juarez. They are expected to arrive tomorrow morning on a Mexican Central train.

The telegram conveying this news was addressed to General Geo. Bell, Jr., commander of the El Paso base. It was signed by General Jacinto Trevino, commander of the Mexican military headquarters of the northeast, whose headquarters are at Chihuahua City.

News of the release of the prisoners received early tonight in the press dispatches brought undisguised relief to high officials. It was accepted as correct, although no announcement had come through official sources. Moreover, it was assumed that Carranza, impressed with the urgency of the situation, had ordered the captured cavalymen started for the border without waiting for his announcement of the action to reach Washington. While it generally conceded that

makes the crisis less imminent, the one conversant with the grave problem is losing sight of the fact that the all-important question of Carranza's attitude toward the American expedition across the border to protect the territory and citizens of the United States from bandit outrages, remains unsettled.

A New York youngster was arrested because he went to school three hours before the opening bell rang. His less enthusiastic schoolmates probably feel that he ought to get "the limit" of whatever penalty the law provides for such an offense.
