—One of the biggest Alligators we have ever seen hereabouts was at the Southern Pacific depot on Wednesday. The saurian was captured at Lake Arthur we understand by Mr. F. M. Flory and others and was en route to Hon. E. A. Mellhenny. The crib that this monster was in measured of itself 16 feet and there was just sufficient space to let it breathe freely. It created a great deal of attention and many of our citizens made a special trip to the depot to see the creature.

—The Rice Mill of Mr Philip Conrad was put in readiness this week preparatory to working up the large crop of the owner of the mill and other members of his family as well as that of other rice growers. It looks now if the inclement weather will be such that harvesting of rice will go along without any interruption. Mr. Conrad's mill which is situated in the eastern section of New Iberia is so situated that every railroad will have access to it. Work will begin next week on a spur of the New Iberia Northern to this mill and the proprietor will be in position to handle rice brought here by the different railroads traversing this City. Mr. Conrad deserves success for his progressiveness and enterprise in building for New Iberia this industry and ere many years we feel certain he will be compelled to increase the capacity of his mill. It is industries such as these that make communities prosperous, because it not only gives employment to a number of people, but takes the raw products and makes them marketable thus developing our country along industrial as well as agricultural lines.

Mr. Duboin has upwards of 200 acres and we understand the general average of his crop is fully as fine as the sample brought to us by his son.

—Mr. Emile Vuillemot has announced himself as a candidate for District Attorney in the November election and up to now it looks like he will even have the endorsement of the Progressives of the two Parishes as he is the logical man for the position. While Mr. Vuillemot is a Democrat, he is at the same time very popular with both parties and it would be useless for the opposite party to make a fight against him. He is well qualified to fill the position of District Attorney and most of the influential people of both Parishes are determined to elevate him to this position. He would make an aggressive District Attorney and we have the best reasons to believe that he would prosecute every violator of the Law that is brought before him by the subordinate officers. The practice of criminal law has been Mr. Vuillemot's strong fort since he has been a practitioner, and this qualifies him magnificently for the position. It is rumored Judge L. O. Hacker has made up his mind to head the Progressive ticket as a candidate for Judge in opposition to the present incumbent, Judge James Simon of St. Martinville. Mr. Hacker will make a strong candidate for the Progressive Party as he has always carried Iberia by large majorities in former contests, though St. Martin has stood so solidly for its favored son that Mr. Simon has always secured enough votes to be returned elected. In a fight of this kind, where there are two parties, it is somewhat hard to tell what the results would be, however, Judge Hacker feels so sanguine of being elected that he willingly consented to make the race for the Judicial plum. The contest promises to be a hard fought one in both Parishes.

### ROBERT CADE TAYLOR.

We chronicle in this issue of our journal the sad happening of the death of Robert Cade Taylor. In the flush and morning of his manhood he was suddenly stricken and after an illness of short duration passed away at the Touro Infirmary in the City of New Orleans at 2:30 in the afternoon on Tuesday, July 25th, 1916 where he had been taken for medical attention. Robert was a worthy son of one of Iberia's oldest and most distinguished families. A good citizen, a warm friend and an exemplary husband and brother he deservedly had the affection of the entire community. Like his lamented father, John J. Taylor, he ever gave the word of good cheer and kindness to all with whom he came in contact and generosity of spirit ever marked his conduct. His career was most promising and his demise is indeed an irreparable loss to New Iberia. The deceased is survived by a widow who was Miss Constance Humphries of New Orleans, one brother, John R. Taylor, senior member of the firm of John R. Taylor & Bro., three sisters, Mrs. Donaldson Caffery of New Orleans and Misses Louise and Mary of New Iberia. Mr. Taylor was a member of the Elk Lodge and Attakapas Club and the members of that fraternity accompanied the remains to their last resting place in the Rose Hill Cemetery. The funeral services were conducted by Rev. J. N. Brown of the Methodist Episcopal church in the presence of a large circle of friends. To his family The Enterprise extends its most heartfelt sympathies and condolences.
