Mr. Pollard is now enrolled in the Radio school of the Government in the City of New Orleans and will give his services to the Nation during the duration of the war.

W. S. S.

LOCALS

The regular services of the Presbyterian church will take place next Sunday morning at 11 o'clock A. M. Rev. T. R. Best will occupy the pulpit during the absence of Rev. Paradis.

Last Saturday morning Mr. Lee Jeanca and Miss Gussie Bagarry, a daughter of Mr. and Mrs. Leon Bagarry were quietly married in Abbeville. They returned here the next day and took up their residence at the Teeche. Mr. Jeanca is a representative of a large insurance corporation and has many friends here.

Mr. J. W. Williams, the lessee of the Iberia Park Race Course has arranged another series of match races for to-morrow, Sunday, June 23d, beginning at two o'clock P. M. Several splendid match races for large purses are scheduled to be run off, and an attractive program will be given the public by horses of first-class record. On June 3rd another lot of match races will also be given.

An unfortunate accident befel a young eighteen year old son of Mr. H. B. Landry at Jeanerette last Tuesday in which the young man lost his life by drowning in the Teeche. This week, we believe, on the same day, a negro boy went in swimming in the Teeche above New Iberia and he too, lost his life. Almost every summer season a life is lost here by drowning and despite the toll the boys continue to take the chances which oftentimes prove fatal.

Mr. S. W. Marsden, general manager of the Sugar Cane By-Products Co. manufacturers of pulp, arrived here last Sunday to look after the interests of the Plant. At present this concern is not operating owing to some extensions that is being made. As soon as this is completed we are informed the industry will be kept running steadily night and day, making pulp out of rice straw, and other material that at one time was a total loss. This industry should at some not far distant day be one of the leading manufacturers in Southwest Louisiana.

Sash, Blind and Door Factory, special work of all description. Cisterns and Tanks.—Bertrand Lumber Co.

The Alma House is being thoroughly overhauled and remodelled by its owners and the entire house refurnished with new furniture. On July 1st the hotel doors will again be thrown open to the general public by Mr. and Mrs. W. G. Hatch who will again assume the management. These people have had a number of years experience in that line of occupation and will no doubt make a success of their venture.

W. S. S.

LOST.—Two watch chains lost from chain; one a Shriner's cap and the other a Royal Arch Masonic keystone. Name and date engraved thereon. Please return to this office or to J. Dreyfus and get reward.

A match game of base ball by two cracked teams from New Iberia will be pulled off to-morrow afternoon at the Pleasure Base Ball Park, corner of Jefferson and Dale Streets. The Cluos, Red Cross vs. W. S. S. have been practicing for a number of days and a good game of ball is promised the public. The entire proceeds will be given over to the Red Cross and the committee who have charge of this scientific exhibition have arranged with the auto owners to carry passengers to the grounds for the sum of five cents. This being true there should be a large audience present to witness the contest. Those who have undertaken to make this affair a success in order to raise money for the Red Cross work feel assured New Iberia and the surrounding country will turn out en masse to help swell the funds. The batteries for the Red Cross club will be Dieudonne, Martin and Cordova; for W. S. S. Boutte and Briganti. The game will be called at 4:30 sharp.

Notwithstanding Dr. Carstens' absence from New Iberia this week, everything is being arranged to carry on the big celebration of the Fourth of July. Invitations have been extended to all of the Lodges in the Parish and the patriotic demonstration promises to excel anything ever arranged in New Iberia in the past in the line of public demonstrations. We were requested by a member of the arrangement committee to request all who can spare the use of their automobiles on the afternoon of the 4th to be used by the members of the Confederate Veterans to make it known at once. The members of the Parish Camp having been invited and requested to participate. It behooves all who have cars to come forward and loan the use of them for the use of the Veterans. Phone either Mayor Sealy or Dr. W. F. Carstens.

The Police Jury convened into special session last Thursday morning to transact business of importance to the tax payers. During the session Hon. E. T. Weeks who was appointed the chairman of the Third Liberty Bond drive made a nice address, presenting the Parish officials with the Honor Flag received by him a few days ago. The flag was earned in the successful drive for the sale of Liberty Bonds when our citizens "Went Over the Top." The Jury then moved to purchase a large American flag and both will be hoisted to the breeze on a flag pole during the celebration on the 4th of July. Mr. Louis Decuir agreed to furnish the pole which will be brought here and painted and placed in front of the Court House square. A donation of \$1000.00 was made for the use of the expense of the Parish Council of Defense in accordance with the request from the National government. After the routine work was finished, the Jury adjourned and reconvened into a Board of Reviewers. The assessment of the Parish, as made by Assessor Labauve was accepted without any changes in the appraisal of property.

Owing to delay in receiving lumber for the construction of the Carver Rice Mill on lower Mam Street, but little work was done on the warehouses this week. Just as soon as the lumber arrives the work under contractor J. W. Taylor will proceed and then the construction of the mill proper will be commenced and continued until the buildings are finished. The railroad switch of the New Iberia & Northern Railroad is already completed to the Bayou and the managers will have both railroad and water shipping facilities. The additions to the P. A. Conrad Mill is almost complete and when all of the new machinery will be in position, Mr. Conrad's industry will also be one of the most modern mills in the State.

Yesterday morning some ninety-four negro soldiers left for Camp Funston, Kansas, to be trained into American soldiers for service in Europe. After their names were answered they all lined up in front of the Court House where they were addressed by Hon. Jules Dreyfus who admonished with them to fight for the cause of democracy, which is so dear to the American people. After the speech making was concluded they formed into line and marched to the Southern Pacific depot where they boarded the train for their seat of destination amidst the blast of whistles.

Little Trained Nurse Brings Prescriptions to us—we fill them right

A competent registered pharmacist will fill your prescriptions with fresh, pure drugs of tested strength, when you bring them to us.

We consider it criminal to use adulterated drugs and will not do so to save a little money.

We want your drug business because we DESERVE it. Give us your drug trade for one year; then you will do so for life.

It was our pleasure this week to be invited by Mayor Sealy to look over some property owned by the City, in the form of a fine crop of corn, and we must say, some of it is as fine as any corn raised in the Parish. Mr. Sealy has some forty-three acres of the grain planted, and it will go a long way towards taking care of the City stock. Judging from the crop he has raised one would judge him to be a successful farmer were he to be engaged in that exclusive line of occupation. This crop was worked by the City teams during their spare time and a great portion of it is planted on land owned by the municipality in the vicinity of the Sewerage Plant, just south of town. In discussing with him the cost of raising the crop he stated that it ought not be more than 25c a barrel—thus you can see there is a nice margin of profit with the grain selling at \$2.00. While in the vicinity of the Sewerage Plant we made it our business to observe the work and it looks like New Iberia will have as good a system of sewerage as any city in the State. The electric wires are now being strung along Bank Avenue to operate the pumps and as soon as all of the rock is received the Plant will then be complete. It will be automatically operated by electricity in so far as the machinery is concerned, and we understand only one employee will be necessary to watch over the property. Of course all of the work of supervising the sewerage construction is being done by the Sewerage Board, but His Honor never loses an opportunity to keep his eye on the job, feeling that he is being compensated for such work, while the Board proper does not receive one cent for their valuable time. His impression of the contractors are that they are the most conscientious set of men that could have been engaged, and that being the true situation it is hoped this public work will be all that was expected by the taxpayers who made it possible.

W. S. S.

One very good way to keep the boys on the farm is to keep the girls there also. We tire of reading about, "How to keep the boys on farms." Treat the boys right and they will not leave the farm. Some boys will be benefited by leaving the farm; others will be better to stay. It depends on the boy and the advantages he has.

Mr. Elias S. Loeb, a traveling man out of New Orleans was found dead in a chair car of the Southern Pacific Railroad last Monday night when the train was a few miles of Jeanerette. The remain were then brought to New Iberia and placed in the Broussard Undertaking Parlors after which they were sent to New Orleans for interment. Mr. Loeb was well-known here among our business men. His wife and children are residents of Montgomery, Ala.

Undoubtedly taken as a whole this Parish has never had such good prospects for bountiful crops as we now have. In almost every nook of the Parish where they have been blessed with a little precipitation the corn, cane, cotton and rice crops is some two months further advanced than what it was this month last year. In but few instances have the farmers failed to get rains when needed with the exception of a large strip in what is known as Little Fausse Pointe. We are told the crops are suffering in that vicinity. It is strange to say that last year the farmers of that particular vicinity suffered the same fate and a poor crop was realized. The condition of the crops in the other parts of the Parish is a very good indication of the fertility of our soil. There is no doubt but what we have the most fertile lands in the entire United States, but notwithstanding that fact it seems it is a hard matter to get emigrants to settle in South Louisiana as they did in California and the Western States.
