SHIPPING PRODUCTS.

It will be gratifying to our readers to learn of the large volume of shipping now going out of Bayou Sara. Last week was a particularly busy one in this direction, as something like forty cars were sent out.

The 15th and 16th were particularly busy days. On the former day one car of stock, one of cotton, five of potatoes, one of lumber and one of corn were shipped; while on the 16th the shipments embraced five cars of stock, five of potatoes, one of lumber and one of general supplies.

During the past week, twenty-two cars of sweet potatoes were shipped. Since the potato season opened, sixty-four cars have been shipped from Bayou Sara, and future shipments will, in all probability amount to an additional 100 cars. Potatoes are bringing on an average of \$300 a car.

Since Sept. 1st, thirty-five cars of stock have been shipped from Bayou Sara.

The meeting of the Baton Rouge District Woman's Missionary Society of the Louisiana Conference will be held in Franklinton, Thursday, Oct. 30th, at 9 a. m.; 2 p. m., and 8 p. m. Mrs. S. S. Harris, who went six years ago from the Florida Conference to pour out her life's love in China, will attend all of the meetings in the District. An excellent program has been arranged and each Auxiliary is expected to send at least two delegates.

On Saturday, Nov. 9, a civil service examination will be held at St. Francisville for postmaster at Wilcox, La. Application forms can be obtained from the present incumbent, W. C. Howell. The compensation last year amounted to \$218.00.

Miss Lowrey of Woodville passed through town Wednesday, having been called to Shreveport by the death of her little niece.

PERCYS AND TRIGO HONORABLY CLEARED.

Edward M. Percy, Manuel Trigo and Alfonso Percy, Jr., were honorably dismissed by United States Commissioner A. H. Browne Wednesday on charges preferred against them of passing counterfeit money in Panama.

The case had been pending since August 13, when the three were arrested as they stepped from the steamer Heredi at the request of Rodolfo Perez, consul general of Panama. Their extradition was asked for.

Motion to dismiss the case was made by C. L. Walker, attorney for the accused. Commissioner Browne said it was purely a case of mistaken identity, adding that the charges had not been substantiated.

HIGH SCHOOL NOTES.

The morning exercises rendered by Miss Harvey's little folks Monday were enjoyed by all the pupils.

There were 182 pupils on roll the first month with the high school grades having the largest average attendance.

Miss Mimie Newsham sprained two fingers while playing basket ball Wednesday after school. Miss Edith Leake was again hurt by the basket ball, Saturday. She dislocated a finger.

The boys are playing basket ball now at school. On Tuesday evening a basket ball club was organized by them, with the following officers: Harry Duty, president; Felix Braud, manager and captain, and Willie Fort, treasurer. The "regulars" have not been chosen yet, as the captain wants to give each player a chance.

The members of the Junior Auxiliary are making a quilt to send to the Home.

Miss Mary Butler has sent money to get St. Nicholas for the grammar grades at high school.

The trees that interfere with the wires are being trimmed along the streets.

The road machine has been working near town this week on the Woodville road.

AND IT DID NOT KILL HIM EITHER

Like many other great men, Pasteur was absent-minded. Eating some cherries at a dinner party to which he was invited, he was observed to dip each cherry in a glass of water and carefully wipe it before placing it in his mouth. On his neighbor's uttering some comment on this precaution, Pasteur held forth at considerable length as to the dangerous microbes with which cherries are invariably covered. When he had finished talking he picked up the glass he had washed the fruit in and drank the contents—microbes and all.

BUY PAID UP STOCK.

The Mutual Building & Loan Association takes this means of offering to those wishing to invest their savings or money in a local financial institution a limited amount of Paid Up Stock.

A Cash Dividend of Five Per Cent, payable at intervals of six months, can be realized on such an investment and as we deal in nothing except First Mortgages on REAL ESTATE we consider it to be GILT EDGE SECURITY.

Those wishing to go into details or look into the merits of this proposition can either call upon or write to the Secretary.

HEALTH AND BEAUTY HINTS.

In the quarterly bulletin of the La. State Board of Health, the warning is given to women to avoid drugs, with high sounding names that claim to be beautifiers, saying, "If you have to have these so-called health tonics and beautifiers, your druggist can usually sell you the same material as advertised at less than one tenth the cost."

The bulletin then proceeds to say that canthrox is nothing but one-fourth salts of tartar and three-fourths powdered soap, costing 5 cents and selling for fifty cents; crystos is salt and boric acid costing less than half a cent and selling for fifty cents, saxolite is composed of dried alum and Epsom salts used as a face lotion with witch hazel. Its approximate cost is one-third of a cent, but women pay seventy-five cents for it as a wrinkle destroyer.

The analysis of many more drugs with fancy names is also cited with the figures showing the immense disproportion between the actual cost of the ingredients and the prices obtained. The State Board does not give its opinion as to the relative merits of the preparations, for the purposes specified, but such familiar ingredients as quinine, soda, boric acid, witch hazel, whose use is known, should be convincing evidence that no special merit belongs to these drugs, as renamed.

Every woman should obtain a copy of the bulletin and use it for reference when reading the advertisements of beauty nostrums, or falling that should determine not to purchase any beautifier with a fancy name until she first learns of what it is composed, not only to be sure of its value for the purpose in view, but to assure herself that she is not paying heavily for some well-known drug that could be obtained far more cheaply. There is less reason for women being deceived on the score of proprietary preparations than ever before, since the reputable magazines for women give in each issue, or for the asking specially, prescriptions from competent physicians for the ordinary needs of the seeker of beauty.

WE WANT THE NEWS.

When you have a little item, Send it in.

There is no time like the present to begin;

We'll appreciate it too— Just like we always do— If you'll promptly send your little item in.

When you hear that something's happened Mail it in— It will only take two pennies' worth of tin;

You'll feel better every day All along life's rugged way, If you'll think about the printer, so begin.

If you know of any news note Phone it in— It will make us smile from forehead down to chin;

It will drive away the blues When your neighbor reads the news, So phone your local paper—phone it in.

When you hear of some occurrence Step right in— We will greet you with a "howdy" and a grin;

For we like to print the news And 'twill save our only shoes If we do not have to chase the items in.

—W. S. Showen, Minco (Okla.) Minstrel.

THE YOUTH'S COMPANION IN 1914.

Seven college presidents and a number of college instructors, including ex-President Taft, will contribute to The Youth's Companion during 1914.

Then there is Gene Stratton Porter, whose stories of Indiana woods and swamps have made her famous, and Kate Douglas Wiggin, who never wrote a dull line in her life, and Mrs. Burton Harrison, who remembers when conversation was really an art as practiced in Washington and in the manor houses of Virginia. And this is just a beginning of the list.

If you know The Companion, you have a pretty clear idea of what is in store for next year's reader. If you do not know, ask us to send you sample copies—for instance, those containing the opening chapters of Arthur Stanwood Pier's fine serial—"His Father's Son." Full Announcement for 1914 will be sent with the sample copies.

For the year's subscription of \$2.00 there is included The Companion Practical Home Calendar for 1914, and all the issues of the paper for the remaining weeks of 1913, dating from the time the subscription is received.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.
