Minstrels Coming.

The Allen Minstrel Company will show here on April 8th. This show has been here before and is well spoken of. We copy the following from the Memphis Commercial-Appeal:

"A. G. Allen's Big Minstrels gave a performance in their canvas theatre at the corner of Fourth and Court streets last night. The tent was packed and many were turned away because there was no more room. The idea of presenting a minstrel performance under canvas is quite original, and judging from the crowd last night we judge that it is a paying venture. The tent is arranged with stage scenery and curtains the same as an opera house. The performances as a whole was meritorious. The sayings and gags were all very good, as well as the choruses, ballads and other singing. The orchestra was

also good. In the olio the male electrical dance, the 'Black Eighth Regiment' the terpsichorean artists and 'Pastimes of the Levee' were amusing, and the rip-roaring farce presented as a finale was a highly ludicrous and mirth-provoking piece of extravagance."

Paint the farm house and white-wash the outbuilding that you do not care to paint. It will pay you simply in your increased sense of pride and dignity.

Articles of Meat in a Car.

Packing house products are rather a risky commodity to haul, because fresh meats hung from hooks in a refrigerator car may get to swinging violently when the train is moving rapidly and throw cars from the tracks.—Railroad Age Gazette.

Not Finished.

"Americans are so unfinished," has been the complaint of Europeans. We are and glad of it. Yankees are starting the world with their achievements and will, we believe, stick to the habit.
