Laymen's Meeting.

Again we desire to call attention to the laymen's movement organized in Winnfield. Meetings are held every Sunday afternoon at three o'clock at the Baptist Church. "The World for Christ During this Generation," is the motto of this movement and it is encouraging to note the development of the missionary work in the hearts of those who have been attending these meetings regularly.

We especially invite all laymen church members of the town to attend next Sunday afternoon. The meeting will be presided over by Brother O. M. Grisham, who will use a subject of his own choice. We feel sure that if you attend the meeting you will go away feeling that it was good to be there.

May we again urge upon you the importance of your attending the meetings, and help us join in the procession that means so much for Christ.

Respectfully,

J. M. HYDE,  
 F. O. ADAMS,  
 CAS MOSS,  
 Committee.

REAL ESTATE PACE & PYE The Real Estate Agents

Times are getting better here in Winnfield, and commenced to cause the people to figure on more business and a better business than before the panic. The amount of money that is being dishied out by the different concerns in the way of pay-rolls is making things look good to us; looks like old times.

We have had more applications for houses in the last ten days than any six months since the panic. This is one of the best signs of good times there is, and will bear us out in making the statement: that

Now is the Time to buy property in Winnfield, La.....

There were more laborers in the town with money Saturday night paying cash for what they bought than any time since the panic. This is due to the fact the saw mill and the large new creosoting plant that are going up is the direct cause of this extra stir. The creosoting business is just in its infancy and is going to be one of the best enterprises Winnfield will have. It will bring lots of money from prairie sections for stuff we have in abundance—telephone poles, piling and timbers that will be exported. We just mention this so the people of Winnfield will wake up and get busy and set plans for a good town. Give us your wants and we will do the balance. We can rent your house for you; no charge, only for collecting rents.

"HORSE SENSE"

Governor Sanders says he believes in "HAYING

the horse that pulls the load". We believe in both the wisdom and justice of the Governor's expression and think the horses that pull the load should not only be HAYED

but should be cared for and provided with remedies when they are sick or lame, and you should provide for preventing the Buffalo Gnats from biting them. Not only should the horse be taken care of but the cows which give you milk should come in for a share of your attention. We have all the best stock remedies: Sloan's Liniment and their other preparations, Gombault's Caustic Balsam, Bighead Liniment, Kendall's Spavin Cure, Emmett's Specific, Pratt's and Crescent Stock and Poultry Foods, Etc. The Crescent food contains bone which makes hens lay.

Our Great Southern Gnat Remedy will prevent buffalo gnats and horse flies from bothering your horses.

We Make This Remedy and Guarantee it.
