

The Hardwood Mill.

Clearing the land for the new hardwood mill of the Mansfield Hardwood Co. is nearing completion and it will not be long until their whistle will be added music at the morning and evening hours.

New Depot.

Material is being placed on the ground for the new Rock Island depot at this place. We are informed that it will be of pressed brick and will be first class in every particular, and that the grounds will be concreted about it.

The New Faculty.

At the Wednesday meeting of the local school board Prof. W. J. Avery of Lafayette was elected principal, Prof. J. L. Ligan and Miss Bettie Nolan teachers of the high school course, and Misses Maud Howell, Bettie Huey, Ella Peters and Lucile Gibson teachers of other grades. There are several other teachers to be selected yet.

Base Ball News.

T. N. Crawford, secretary of the Winnfield Base Ball Club, is in receipt of a letter from J. T. Harrison, manager of the Chamberlains, a base ball club of Shreveport, in which the latter says that the Chamberlains would play a series of five games with the Winnfield club in this town, beginning Friday, July 1, and close with a double-header on July 4. As Winnfield has defeated every club so far this season a spirited contest is anticipated with the Shreveport club. After the game on July 4 the home club will take to the road playing thirty-seven games. The following schedule has been arranged for the swing of the circuit:

Eldorado, Ark., July 5, 6, 7, 8 and 9; at Camden, Ark., July 11, 12, 13 and double-header on 14; at Fordyce, Ark., July 15 and 16; at Warren, Ark., July 18, 19 and 20; at Crossett, Ark., July 22 and 23; Monroe, La., July 24, 25, 26, 27 and 28; Tallulah, July 29, 30, 31 and double-header on August 1; Delhi, August 2, 3, and 4; Rayville, August 5, 6 and 7th. The club will be home on August 10.

Lost His Finger.

Our old friend, J. G. Brewton, of Mill, Ward 10 while working a new carbundum grinder last Saturday had the misfortune to lose the forefinger off his left hand.

The Editor Remembered.

J. T. Durham, our parish assessor, presented the editor with a basket of delicious peaches from his orchard yesterday. They were choice specimens and were greatly enjoyed by The Comrade force. Our thanks are tendered for the treat.

Birthday Party.

Last Saturday the young friends of Miss Florence Wright were entertained at the residence of her mother, in honor of her 13th birth anniversary. Refreshments were served to the guests and the pretty honoree received many beautiful presents.

Quick Work.

Last Friday a one-legged negro stole a suit of clothes from another negro, and was arrested. Saturday he was tried before Judge Wear, sentenced to the pen and on Monday Sheriff Shaw left for Baton Rouge with him. We consider that pretty quick work.

War Time Money.

A few days ago our friend S. N. Thomas showed us some specimens of the money which circulated in this section during the civil war.

One was a five dollar bill issued in 1862 by the banking house at Winnfield, of which J. W. Stovall was president and J. C. Brown cashier.

A two-dollar bill issued by the State of Mississippi in 1862. This money was printed in the office in which the Comrade editor served his apprenticeship. A two-dollar bill of Winn parish script was among the lot and bore the signature of J. L. Walker, President of the Police Jury, and Q. A. Hargis, parish treasurer.

He also had several hundred dollars in Confederate script.

This money was the property of his father, J. N. Thomas, and are highly prized souvenirs of the war in which he was a veteran.

We get our Gold brand hams and breakfast bacon fresh every week. Wood Grocer Co.

Sunday School Picnic.

The Christian Sunday School was entertained very pleasantly Wednesday at the Oil Wells. The enrollment of pupils was so large that it was necessary to engage two of our local wagonettes. The day was clear and beautiful, showing how blessed a thing it is to be young, sweet and good and to have everything arranged for your happiness.

Games were played on the beautiful grounds. As this gathering of children flocked out upon the lawn, the shade of the forest trees never lent itself to a more gracious sight of animated beauty. It reminded one of a gathering of the "Fairies", and one was prepared for a vanishing had we not heard modern call of "Lunch is ready, children." One of the prettiest sights of the day was the children gathered around the sumptuous table of refreshments. Hot chicken pie, fried chicken, sandwiches of all kinds, jellies, salads, cheese and crackers, deviled eggs, pickles, lemon pie and several kinds of cake constituted the dinner, but the peanuts, peaches, ice lemonade and pop just suited the taste of the smaller guests, and they helped themselves and each other at pleasure. After dinner the crowd sat around in groups and entertaining little stories were told until one of our brightest little boys suggested we all go to the "Shampoo". After a thirty minutes plunge in that delightful and strengthening pool of salt water it seemed to those watching that they felt as if they could smell the breeze from the briny ocean. But the golden sun, sinking in the west, reminded us that it was time to bring this day of pleasure to a close. The children and guests of honor are certainly indebted to the officers of the Sunday school for a delightful and happy day.

Among those who attended were Mr. and Mrs. B. F. Martin, Mr. and Mrs. W. C. Turner, Mesdames C. R. Wood, S. A. Martin, D. W. McQuiddy, E. J. Scott, John Smith; Misses Blanche Jones, Eva and Rabie Cole, Bessie Hudson, Blanche Johnson, Arline Self, Katherine McCaleb, Clara Cupp, Myrtle Ginn, Ruby Little, Opal and Vestal Smith, Janie Wood, May, Nellie and Helen Martin, Johnnie Hooper, Masters Will Land, Walter Cross, DeWitt Milam and Arthur Mathis, Verne, Herman, Harold and Lewis Wood, Buford and Morris McQuiddy, Maurice McCaleb, Leonard Hudson, Woody and Theibert Heard.

McCloung--Mixon.

Atlanta, June 18.—Mr. McCloung and Miss Annie Lee Mixon were united in marriage Wednesday morning at the home of the bride, five miles south of this place and took their departure at 6 o'clock for their home in Texas.—Shreveport Times.

The bride is the sister of J. J. Mixon, Parish Superintendent of Education, and has many friends in this city, where she formerly lived. The Comrade wishes the happy couple all the joys of connubial felicity.

Up in the Clouds.

We have received a copy of the Mt. Lowe (Cal.) Daily News published on the mountain a mile above the sea level. The paper was sent us by our friend J. E. Drewett, who is on a visit to relatives in California. He says he is having a great time on his vacation.

Fine Cabbage.

Rufus H. Long, who has a farm west of town, has placed us under obligation for a magnificent head of cabbage grown on his farm. It weighed ten pounds and was firm and marketable. His whole patch will average over eight pounds to the head. It is this that will bring an abiding prosperity to our State, and Mr. Long is among the men who will bring about this prosperous condition of things.

Still Boring for Oil.

Our friend, Wm. Hall, of Tannehill, was a visitor to Dodson Tuesday. He said that the work of putting down the oil well at Tannehill is progressing as rapidly as the conditions will permit. The well is now several hundred feet deep and the promoters and contractors are very hopeful in anticipation of favorable results in due course of time.

The gentlemen behind the project have already spent about \$12,000 on the well and are determined to get oil if it is possible to do so. If they can succeed in bringing in a gusher it will be the means of putting new life and energy into this section of country.—Dodson Times.

Commits Suicide.

Pollock, La., June 22.—Miss Teal Guines, a young woman aged 21 years, the daughter of Major W. P. Guines, mayor of Pollock, committed suicide here this afternoon by taking carbolic acid. She has for about two years been employed as a clerk in the office of Dr. J. M. Bonnette, a young physician of this place, and it has long been rumored that a strong attachment existed between the couple. This morning Dr. Bonnette went driving with Miss Pearl Williams, of Texas, who is visiting relatives here. This fact was communicated to Miss Guines, who immediately went to where the couple would be compelled to return and waited for them. As soon as they appeared she took a stick she had prepared for that purpose and chastised them both severely. She then returned to where she was employed and swallowed the fatal draught.

Miss Guines was married at the age of 14 to A. A. Wainwright, a young man of Pollock, from whom she was divorced several years ago and her maiden name restored.

Banks On Sure Thing Now.

"I'll never be without Dr. Kings New Life Pills again," writes A. Schingenk 647 Elm St., Buffalo, N. Y. "They cured me of chronic constipation when all others failed." Unequalled for Biliousness, Jaundice, Indigestion, Headache, Chills, Malaria and Debility. 25c at All Druggists.

BON TON NON-RUSTABLE CORSETS

Have made the American Figure Famous

PERFECT COMFORT and CORRECT STYLE are two things of vast importance in the summer corset. In the exquisite BON TON batiste corsets, these with other exclusive features, are successfully combined.

BON TON Batiste Corsets

are ideal for warm weather wear. Light weight, cool and comfortable. Fashioned from the highest grade fabrics (imported and domestic) specially selected for fineness of texture, pliancy and strength. Will permanently retain their original shape and are guaranteed non-rustable. BON TON corsets are also made from finest grade coutils obtainable in this country and abroad.

The unprecedented demand for BON TON corsets is ample proof that they are universally recognized as fashion's accepted standard.

For Sale By **O'QUIN & GIBSON**
The Leading Dry Goods Store

It is only necessary for the mother, when using THE TAYLOR NURSERY, to sit up in bed and she can attend to her baby in every way without taking it from THE TAYLOR NURSERY or changing her position in any manner.

The void and responsibility, formerly felt at the departure of the trained nurse, is now reduced to a minimum by THE TAYLOR NURSERY.

During the first three years of infancy it is absolutely indispensable, and makes this most trying and fatiguing period of babyhood the most restful and delightful to the mother and baby. Physicians have endorsed it, and prescribed it in their practice, as hygienic and absolutely sanitary. The trained nurse has pronounced it a necessity and prefers it in her obstetric attendance.

Call and let us show you the many good points. We will give you Five Days Free Trial
