## Woman Cures Horse Colic.

The men were away as usual. The horse was bad. A lone woman could not "drench" in the old way. She called up a neighbor and her men were away—but "We have Farris Colic Remedy that you drop on the horse's tongue," says Mrs. Neighbor. So she came over and dropped Farris Colic Remedy on the horse's tongue and the horse was well when the men came home. Moral: Get Farris Colic Remedy so the women can cure horse colic. We sell it at 50 cts a bottle on the Money Back Plan. For sale by J. F. Boudreaux, Franklin, La.

## TOMBS AND VAULTS.

Brick and Concrete Tombs and Vaults. Reinforced concrete posts with galvanized chain. Marble and Granite Slabs and Monuments furnished and erected.

## Lights Entire Room

YOU can read in any part of the room with this wonderful kerosene mantle lamp. The hand decorated fancy satin white shade is so designed as to produce a semi-indirect effect. It's a pleasure to do evening reading, writing or sewing under the white, soft mellow light of this

*Aladdin* Fancy Hanging Lamp  
Registered in U. S. Patent Office—Registered in Canada

It burns common coal oil (Kerosene), without odor, smoke or noise. Anyone can operate it. Government tests and scientist at leading Universities show it gives twice the light of the best round wick, open flame lamps and yet burns less than half the oil. The Aladdin was awarded Gold Medal at the Panama-Pacific Exposition. Prove our claims by a Free Trial in your own home.

DISTRIBUTOR FOR ST. MARY:

JEANERETTE, . . . . . LOUISIANA

## WHY YOU Should Attend SPENCER BUSINESS COLLEGE.

Because men now travel on wings, talk by lightning, annihilate both time and space, by means of the telephone, and require 100 per cent efficiency in their employes.

Because a thorough business education, with shorthand and typewriting gives the greatest guarantee of success. You must make a LIVING whether you want to or not. The right kind of a business education gives the surest means of acquiring the former, and the easiest way to make the latter.

Because its faculty greets its audience each morning with interest so vital, purposes so useful, originality so varied, ideas so new, fresh and bountiful, that each day's work is a performance possible only to such co-operative forces.

Because the methods employed in both the COMMERCIAL and SHORTHAND departments are simple, easy, fascinating, and the time required to master them is about one-half the time it takes to half-way master the old systems.

Because we conduct a Free Employment department and have an experienced man to devote his time to that work alone.
