An Ounce of Prevention
is worth a pound of cure. There are
many poor sufferers, consumptives
who are hopeless of getting well—who,
if they had taken care of themselves,
would now be well. A cough is the
foundation of consumption. Ballard's
Horehound Syrup will cure that
cough. Mrs. S. Great Falls, Mon-
tana, writes: "I have used Ballard's
Horehound Syrup in my family for
years—my children never suffer with
coughs." Sold by Billon Bros.

C. M. Richard, of Lake Charles,
came over Saturday to give our voters
a chance to register. The number of
registrations was not so large as it
should have been, considering the
fact that this fall the voters will not
only decide by their ballot who they
will have as Congressman, and mem-
ber of the board of equalization, but
will also vote upon a number of con-
stitutional amendments, as well as up-
on the liquor proposition.

Every man who is qualified should
register and be able to exercise the
privileges of an American citizen.
There is still time for those who failed
to get their name on the registration
book to do so, by going to Lake
Charles. Don't forget to register next
time you go to the Lake.

Letter to P. W. Daniels.

Welsh, La.

Dear Sir: Now, may be, you can't
get the goods; if you can, your for-
tune is made.

Cotton cloth—they call it muslin in
some parts—at about the usual price
per yard, but wider, twice as wide as
some, and better, wears better, keeps
white and whole a surprising time in
all sorts of wear.

You could sell that cloth for hun-
dreds of miles; there'd be no limit.

A yard goes further, one buys less
yards. Wears longer; one buys less
often. It always looks right till well
worn-out. No one customer buys so
much of it, but think of the number of
customers!

Maybe you can't get it in cloth;
but you can in paint. Devoe. Devoe
is as if it were wider; a gallon goes
further; you buy less gallons; you pay
for less gallons; you pay for paint-
ing less gallons—as if one paid less
for making a garment of that wide
cloth—and it keeps its fresh look and
sheds water till you have forgotten
how old it is.

It isn't true in cloth, but it is in
paint: the less you pay, the better it
is; for the goodness of paint is re-
counted by gallons; less gallons, more
goodness. Goodness in paint is
strength. The stronger a paint, the
less gallons it takes for a job and the
longer it wears.

Yours truly,

F. W. DEVOE & CO.,

New York.
