"What is the matter, Jack?"
"Boohoo! Catherine says she's de-cided I ain't her affinity after all!"

In a Morocco Harem, Every woman in the harem has her face decorated in the most curious manner. The practice is to elongate the eyebrows to the ears and to embelish the chin with little points of black ink. In contrast with the men, their complexions are very fair, as they are shut within walls and are never exposed to the sun.

GOOD DESIGN FOR PORTIERS.

Is Easily Made of Pair of Cotton Blankets—The Description.

Procure a pair of good cotton blankets of such design and color as will harmonize with the surroundings in the room in which they are to be used. Open the full length of the pair and fold the selvage edges together. Cut on the fold, until the desired length for the curtains is reached, which should be 11 or more inches below the plain center of the pair, to include a hem of four or five inches. The plain center forms the wide border for the bottom of the curtains.

Take from the opposite end the amount needed for the turn at the top of the curtain, allowing the narrow border to serve as fancy dictates. Attach to the top, concealing the seam on the inside. The selvage edge should be used for the outside, while the raw edge is faced with some soft finished goods in harmonizing tint. To make the fringe for the top of the curtains, use cotton carpet warp. Draw through lower edge of the hem in thick clusters and tie or knot to any desired length, finishing with a tassel.

RECIPE FOR APPLE KUCHEN.

Simple Ingredients That Go to Make Up German Dish.

Beat one egg and add to it a cupful of milk. Mix well, then add two and two-thirds cupfuls of flour that has been slightly warmed. Beat well. Dissolve one-third of a compressed yeast cake in two tablespoonfuls of lukewarm milk and add to the water with two tablespoonfuls of softened butter. Knead thoroughly in the bowl, manipulating with hands and spoon until the dough feels elastic and velvety. Cover and stand in a warm place for about five hours, or until it has doubled in bulk, then turn on a floured board and roll into a sheet about half an inch thick. Place on a greased tin spread with butter, sprinkle lightly with sugar, then arrange closely over the top enough overlapping slices of apple to cover. Wipe over with butter, sprinkle with sugar and plenty of nutmeg or cinnamon. Cover with a light cloth and set aside for 20 minutes or until quite light, then bake in a hot oven. As soon as done brush lightly with cold water to prevent the kuchen becoming too dry.

The Traveler's Lunch.

When traveling if one cannot obtain dining-car service the lunch should be made as appetizing as possible. Wrap each separate article of food in oiled tissue paper and then arrange neatly in a box or basket. This the sandwiches, meat, relishes, cakes and fruits would each be by themselves. Provide a generous supply of paper napkins, which can be thrown away after the meal. Bottled tea and coffee will make quite an addition to a lunch, and this could be kept hot for several hours by using thermos. Traveling cups can be purchased at small cost and are more convenient than either glass or china. A dozen lemons squeezed out into a bottle will make it possible, with the addition of sugar, to convert the ice-cold tank water into lemonade.

Breaded Tongue.

This is a convenient "last minute" dish when company comes in for lunch or Sunday tea. To one dozen slices (thin) of cold cooked tongue, allow one-half can of tomatoes. To the tomatoes add one slice onion, a pinch of celery seed and cook ten minutes. Strain and cook with two tablespoons butter and three of flour. Dip the tongue in egg and then in bread crumbs and brown a few minutes in a little butter. Place in a chop dish and pour the tomato sauce over it, adding salt and pepper. The tongue can be bought at short notice at a delicatessen shop, and there should always be cans of tomatoes on hand for an emergency.

Holland Pea Soup.

Use two pork hocks or four pounds shoulder, one quart dried green peas, one large onion, one large potato, half celery root or one stalk English celery, a little parsley, soak the peas over night. Put on to boil in the same water with the meat for about two hours, then add the other vegetables except the parsley; salt and pepper according to taste, and just before serving the chopped parley is added as a garnish.

Scrape Bananas.

If those who find the banana indigestible would, after removing skins, scrape lightly with a knife to remove coating of pulp (which is indigestible) they would have no more trouble in that way. Especially should this be done for young children, lovers of the fruit, and for those having weak stomachs.

"Pat-a-Pan Cakes."

Beat well together one cupful of sugar, two eggs and one cupful of sour cream. Add one small teaspoonful of soda, dissolved in a little water, and one and one-half heaping cupfuls of flour. Favor the frosting with vanilla or lemon.

Clean Boiler.

The wash boiler and wringer can be easily cleaned by rubbing with a cloth dampened with kerosene. This is easily done and it removes all the dirt which cannot be entirely removed with water.

To Keep Sandwiches Fresh.

The hostess who is without a maid can make her sandwiches 10 or 12 hours before she intends to serve them and they will be fresh and delicious if she wraps them in a dampened cloth or napkin.

SUFFERED TWENTY-FIVE YEARS.

With Eczema—Her Limb Peeled and Foot Was Raw—Thought Amputation Was Necessary—Believes Life Saved by Cuticura.

"I have been treated by doctors for twenty-five years for a bad case of eczema on my leg. They did their best, but failed to cure it. My doctor had advised me to have my leg cut off. At this time my leg was peeled from the knee, my foot was like a piece of raw flesh, and I had to walk on crutches. I bought a set of Cuticura Remedies. After the first two treatments the swelling went down, and in two months my leg was cured and the new skin came on. The doctor was surprised and said that he would use Cuticura for his own patients. I have now been cured over seven years, and but for the Cuticura Remedies I might have lost my life. Mrs. J. B. Renaud, 277 Montana St., Montreal, Que., Feb. 20, 1907."

WIDOWS' under NEW LAW obtained by JOHN W. MORRIS, Washington, D. C. PENSIONS

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

STAR PLUG CHEWING TOBACCO

STAR has for years been the world's leading brand of plug chewing tobacco. Statistics show that about one-fifth of all the chewers of plug tobacco chew STAR.

There's a reason for this enormous and constantly increasing number of STAR chewers, and it's just this—

Star Plug has always been manufactured with one sole object in view—to give chewers the best chew of tobacco it is possible to produce, yet to sell this STAR chew at a moderate price.

More chewers are learning every day that STAR, considered from the standpoint of true merit, has no competitor, and is the one best chew.

For a long time there was a prejudice (which probably still exists) among certain chewers against the use of what is generally termed "Navy Tobacco," because of the impression that all tobacco of that character is too sweet.

It is true that some brands of tobacco, similar in appearance to STAR, are too sweet to please chewers accustomed to the use of tobacco manufactured in thin plugs, but we know that STAR is right in every way.

You use tobacco for the pleasure it gives—**increase your pleasure by chewing STAR!**
