

TAKE A GLASS OF SALTS WHEN BLADDER BOTHERS

Harmless to Flush Kidneys and Neutralize Irritating Acids—Splendid for the System.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.—Adv.

Works Wonders for Sick Women

STELLA-VITAE cured this woman, who had suffered for 25 years. Give it a chance to cure YOU!

WHAT STELLA-VITAE HAS DONE for one woman is well told by Mr. S. J. Hendrix, of Posey, Texas, who gratefully writes:

"For twenty-five years I had from one to three doctors treating my wife for female troubles, and tried various patent medicines and she only received temporary relief. We tried STELLA-VITAE and to our surprise it restored her to better health than she ever had. It did a wonderful work in her case."

STELLA-VITAE acts directly upon the female organs and functions. It tones and strengthens the muscles and tissues, builds up and restores the whole system when run down and wasted by disease, soothes and adjusts the delicate nervous organization to that harmonious balance so necessary to perfect womanly health.

STELLA-VITAE regulates the functions peculiar to women, stops wasting and relieves dangerous suppression, banishes the terrors of those periods so dreaded by weak, nervous, run-down women.

STELLA-VITAE does not force nature, and is of remarkable benefit at all times and under all conditions. Its use during pregnancy benefits both mother and child.

We guarantee the first bottle of STELLA-VITAE to benefit you. If it does, your dealer is authorized to sell you six bottles for \$5.

Try STELLA-VITAE on this "all to gain and nothing to lose" basis. Try it TODAY.

If you are sick there is no time like NOW for trying STELLA-VITAE.

ALL OVER LOUISIANA

ASWELL FAVORS SEGREGATION

CONGRESSMAN FROM LOUISIANA WOULD SEPARATE WHITE AND NEGRO CLERKS.

Washington.—Segregation of the white and negro races in government employ was urged upon a house committee by Representative Aswell of Louisiana. He said there are 490,000 federal employees in the United States, of whom 22,500 are negroes and that 13,000 railway postoffice clerks had petitioned to be segregated in the mail cars throughout the country and in the executive departments of Washington.

His argument was interrupted by colloquies in which he contended that members of Congress would not care to sit with negro colleagues, that no one would care to have a negro president, and that the best negroes in the South and elsewhere favor segregation.

Representatives Edwards of Georgia declared it would be better for both races if white and negro workers were separated and that he would eliminate the negro government employe entirely if he could.

Archibald H. Ghimke, negro, representing the National Association for the Advancement of the Colored Race, predicted that the negro race would be part of the governing class in this country within 50 years.

Representative Madden of Illinois asserted that the segregation plans were discriminatory and unconstitutional.

"Give the colored man a chance," argued Ghimke. "If he can rise, let him get up. If he cannot rise, let him sink. The colored people are not going to be your equals, if God did not make them so. The laws of nature settle that. Each should be given an equal show and the best man should win."

It is a monstrous outrage that any white woman or man should be a subordinate of a negro official," protested Representative Dies of Texas.

"It may be that executive authority can segregate the races now," said Representative Aswell, "but I think Congress should settle the question for generations to come."

Representative Madden declared negro employes are citizens of the United States pay taxes, are amenable to laws and should not be "discriminated against."

OPPOSES THE FEDERAL LINE

Houston Experts Appear Before Washington Authorities to Protest.

Washington.—Joe S. Cullinan of Houston, Texas, former president of the Texas Pipe Line Company, appeared before Indian Commissioner Sells and Lieutenant Commander Boyd of the Navy Department in opposition to the building of a proposed government oil pipe-line from the Oklahoma oil fields to the Gulf of Mexico. Mr. Cullinan, who is considered an expert on the pipe line matters, does not think the scheme feasible because he believes the government could not successfully operate an oil field. He also doubted the wisdom of government ownership in competition with private ownership.

He will submit later a written brief covering his objections to the government entering the oil business and building a pipe line. Mr. Cullinan is the first who has appeared before the investigators in opposition to the government's entering the oil business to assure the navy department of an adequate supply of fuel oil at a reasonable price.

Slidell's Mayor Now Postmaster.

Slidell.—The new postmaster, Ex-mayor Paul Gardere, has taken possession of the office. A successor to Mr. Gardere will not be appointed by Governor Hall, as the regular election is in April. J. T. Liddle, of the city council, will serve as mayor until after the election.

Thibodaux Is Grand Master.

Donaldsonville.—E. A. Thibodaux, past worshipful master of Ascension Lodge No. 251, F. and A. M., and present E. H. P. of Ascension Chapter No. 49 Royal Arch Masons, has been appointed district deputy grand master for Masonic District No. 28 of the state of Louisiana.

Wild Grass Rival of Lespedeza.

Baton Rouge.—A survey was begun by the State Conservation Commission, working in co-operation with the United States Department of Agriculture, to find to what extent paille fine grass, now prolific in the marsh lands along the gulf coast, can be grown in Louisiana. The grass grows wild, and chemical analysis shows it to be of practically the same food value for cattle and stock as lespedeza hay. One plant has already been established at Southdown, La., has cut this grass.

ANNUAL INSPECTION LOUISIANA GUARD

ADJ. GEN. McNEESE ISSUES ORDER FOR IT TO BEGIN APRIL 1.

Baton Rouge.—The annual inspection of the Louisiana National Guard by officers of the United States army will begin on April 1, according to an order just issued by Adjutant General Oswald W. McNeese.

The dates for the inspection follow: First Infantry Band at Baton Rouge, April 1; Company E, Baton Rouge, April 2; Company H, Baton Rouge, April 3; Company I, Amite, April 4; Company G, Bogalusa, April 6; Company A, New Orleans, April 7; Company B, Gretna, April 8; Company K, Lake Charles, April 9; Company C, DeRidder, April 10; Company M, Leesville, April 11; Company L, Shreveport, April 13; Company F, Ruston, April 14; Company O, Monroe, April 15; headquarters, First Infantry, Monroe, April 15; First Separate Cavalry Troop, New Orleans, April 22; Second Separate Cavalry, Jennings, April 24; Battery C, Washington Artillery, New Orleans, April 16; headquarters, Washington Artillery, New Orleans, April 17; Battery A, Washington Artillery, New Orleans, April 20; Battery B, Washington Artillery, New Orleans, April 21; Ambulance Company, New Orleans, April 23; State Arsenal, New Orleans, April 17, and state headquarters, Baton Rouge, April 27.

PROVIDING FOR THE LEPERS

State Institution Visited by Members Protestant Ministers Association.

New Orleans.—The Lepers' Home at Carville was again visited by a delegation of the Protestant Ministers' Association, who went to take words of comfort and cheer to those inmates who are of the same faith. Rev. Dr. Theo. F. Hahn, pastor of the Second German church, already acquainted with similar work from his two years' experience as a medical missionary to the lepers in Purulia, East India, was the first Protestant minister to visit the state institution and to arrange for regular visits by members of the Ministers' Association.

As Dr. Hahn in the meantime has received and accepted a call from another church in New York City it was deemed wise that before his departure he initiate some other minister in this work among the lepers, and, therefore, his uncle, Rev. Dr. Louis Voss, who is also president of the Ministers' Association, accompanied him on this second visit.

"Every physical necessity and convenience is provided for. The food prepared for their dinner in the kitchen seemed not only wholesome, but appetizing to a high degree. The work done by these good sisters of mercy, whose whole life is given to these unfortunate, deserves the highest commendation," said Dr. Voss.

"The eighty-odd patients show the disease of leprosy in various forms and stages. One little boy, apparently the picture of health, will shortly be dismissed, as cured. Others are pitiable objects to behold and can never hope to be cured, though under the scientific medical treatment they receive the disease can certainly be checked and their sufferings alleviated. Some of the inmates have already lost their fingers toes."

Tensas Organizes for Good Roads.

St. Joseph.—The Tensas Parish Good Roads Association was formed here. The planters present pledged themselves to drag with the King drag the roads near their property, furnishing the teams and labor, and to pay \$1 per day for the work. St. Joseph, Newellton and Waterproof obligated themselves to drag three miles of road adjacent to the towns at the expense of the municipalities. The police jury was requested to sell the large traction engine now used for road work, and invest in two smaller engines run by gasoline and fit up two road outfits. Only the worst stretches of roads in this parish have been dragged in the past at a cost to the parish of \$2.50 per day per drag; formerly the price paid was \$3 per day per drag.

School Pupils Seek Spotless Town.

Crowley.—The public school pupils have opened a crusade for a "spotless town." They are being instructed in tree planting, beautifying of vacant lots and removal of bill boards. A prize is offered for the best letter on the topic.

Asks Appeal in Gambling Case.

Lafayette.—Rev. H. R. Harrison of the Methodist church, read at his morning service a petition to the city council and mayor, praying that an appeal be taken in the antigambling case. City Judge Elliott recently declared the ordinance null, while the council voted to appeal on the grounds that local attorneys were divided in opinion on the question, and that such a step would entail expense to the town. Rev. Harrison's congregation signed the petition.

NO MORE NEGRO MARDI GRAS ANTICS

BATON ROUGE MAYOR PUTS BAN ON THE KING DODO PARADE.

Baton Rouge.—There won't be any more Mardi Gras parades in Baton Rouge among the negro population.

A lot of good people in this city didn't like the last one, received no inspiration from it and felt more or less outraged at the whole performance. Among those people was Alex Grouchy Jr., mayor of Baton Rouge. Here is what he thinks about it:

"The motley mob which has appeared on the streets as a Mardi Gras celebration for the last few years has failed utterly to indicate improvement in any way and offering neither instruction, amusement nor any redeeming feature.

"Baton Rouge can well afford to dispense with any such celebrations and a repetition of the annual King Dodo parade will not be tolerated."

A pall of gloom—dark, black gloom—hovers over the colored section of the city. Ex-King Toots Johnson is too disheartened for words, crestfallen, defeated. Hadn't he just succeeded Joe Diagree, who, with the aid of the police court, had fled the city? Hadn't he and his followers gone to great expense and trouble to give the people of Baton Rouge an amusing, artistic and attractive parade?

Toots, rigged out as a Fiji Island chief, led the last parade of several floats through the principal streets of the city. He was followed by several hundred noisy maskers. The cannibalistic costume of the king, with nose rings, bells on his toes, a gleaming spear and tropical garb, was a little too realistic to some of the spectators.

BANKS MAY HOLD STOCK

An Important Opinion Rendered by Attorney General Pleasant.

Washington.—Attorney General Pleasant gave the opinion that it is permissible for savings, safe deposit and trust banks organized under the laws of Louisiana to acquire stock of the Federal reserve banks. This opinion was given to Secretary of the Treasury McAdoo in response to a request made by the secretary to rule upon the matter.

There were just 7,500 national banks doing business in the United States at the close of business at the treasury department February 28. Their authorized capital was \$7,009,884,675, with an outstanding circulation of \$753,168,538.

TO PROHIBIT CLOTH SIGNS

Mayor Behrman Declares Warfare on Unattractive Street Banners.

New Orleans.—Mayor Behrman has become thoroughly tired of seeing the unsightly advertising signs floating across Canal street and on the fronts of buildings and balconies, and is going to make provision for prohibiting them.

"The signs are anything but ornamental," said Mayor Behrman, "especially when they become wet and blow out of their moorings. They become torn and the colors dun, and they make a most unsightly appearance and are anything but a credit to the city. The theaters are largely responsible for the class of signs, usually hanging them across the streets, and I am going to get up some legislation to put a stop to it, and am doing it now so the managers of play houses may avoid putting in their contracts with the companies for the coming season. I think it would be good to make the prohibition apply to all prominent streets and avenues."

New Pastor for Patterson.

Patterson.—Rev. J. Vegliera has been appointed pastor of St. Joseph's Catholic church here to succeed Rev. Father Poonh. For the past seven years he has been at the St. Louis Cathedral in New Orleans.

Monroe May Install New Markets.

Monroe.—At a meeting of the city council plans were set on foot for the establishment of three small market houses in various parts of the city with the double view of reducing the price of meat and affording greater convenience to housekeepers. The plan suggested by Mayor Forsythe was the establishment of a market in the upper part of town, one on the southside and another in the eastern part of the city. Action on the matter was left to the public buildings committee.

Griffo Gets Religion.

"Dowling's" burned out on Times square the other night, and those who for years had occupied rooms above the famous old billiard hall were forced to run for their lives in what raiment they happened to be wearing at that nocturnal moment. Among them was Kid Griffo, who was at one time a fighter and is today the best piano player between midnight and one o'clock in an uptown music hall.

"I did a nut trick," Griffo is quoted as saying. "I took two flights of stairs in two jumps, wif' the fire bitin' at me. If I'd been left at the post you coulda buried me in a fryin' pan."

"And what did you get?" asked his friend.

"On them stairs," said Mr. Griffo, "I gets a pair of singed hands and religion."

The Effect.

"Well, how did you sleep last night? Goethe spent the night there once." "Very badly. My husband adores Goethe, and he was spouting him all night."
