

OH, HO, HO, HUM! SPRING FEVER

Wake Up. Shake it Off. You Need **ROOT JUICE**--
the Wonder Tonic, Bracer, Cleanser and
Body Purifier.

Now's the time to give your body--
your stomach, bowels, kidneys, and
suits in a few days' time. It's the
blood--a good, old-fashioned house
cleaning and get rid of the stagnant
impurities that you've been storing
up all winter. Your whole system is
so clogged up that every vital organ
in your body is half asleep. That's
what makes you feel so lazy, tired
and yawny. Your vital energy and
steam and vim and force are bottled
up and corked so tightly with
impurities that they can't get out.
Remove the stopper and watch them
sizzle. Watch the lazy yawny feeling
vanish and feel the renovated blood
start rushing through your veins.
See how quickly your tired nerves
will pick up and how wonderfully
rested, refreshed you feel after a
good night's sleep.

ROOT JUICE will show you these
greatest blood and body renovator,
cleanser, builder, revitalizer and
tonic you ever used in all your life.
It wakes up ever part and organ in
the body and it's safe--made of
Nature's own restoratives--roots,
herbs, leaves and barks. It's a new
and different kind of tonic, and a
wonder. All good druggists sell it
on a guarantee to give back every
cent it costs if you're not more than
satisfied.
Get a bottle and try it. Try it for
just a few days on this guarantee.
But remember, get the genuine
ROOT JUICE and don't let any
unreliable drug-offering some
worthless imitation of its own.

YOUTH
"A rose with all its sweetest leaves yet unfolded." Young Friend! With your future before you what will you make it success or failure? With youth and health you have the power within you to possess the blessing of practical knowledge, the joy of achievement, the content of success, but only thru intelligent effort. If you have within you the love of higher things and better days; if you have ambition, energy and determination; if you are free from bad habits that dwarf your intellect and unfit you for consideration by business men, we can train you in business methods--Bookkeeping, Shorthand, Typewriting, Writing, Business Arithmetic, Business English, Business Law Telegraphy and Station Work, and secure you a good position. You have no time to lose. The Spring and Summer months should be used in securing a practical knowledge that you may accept a good paying position when the busy fall season begins. In our years of experience as teachers we have watched our students unfold and blossom into superior manhood, awaken to the responsibilities of business life, and crown their labor with success. What we have done for others we can do for you. The business world is seeking everywhere for young men and women who are able to do the work the business office demands. Let us impress upon you in the language of Narado, a Hindoo sage. "Study to know; know to comprehend and comprehend to judge." Young friends, use your youth in the pursuit of knowledge. We could give you no better advice than to join our industrious band of students; they are here from many different states, and are going out daily as their courses are finished into splendid positions secured thru our employment department.
Our large catalogue containing the statements of young people who have traveled the road we are advising you to travel would be interesting reading to you. The letters from business firms with whom they are now engaged would be encouraging to you, and our low tuition rates, together with the short time taken to complete the course would be a pleasant surprise to you. Fill in your name and address and mail today for catalogue.

Waste of Natural Gas is Tremendous
The loss of gas from flowing oil wells in one district in Oklahoma, according to government statistics, equals in value the oil that is secured. Millions of dollars worth of this almost perfect fuel is wasted each year through negligence and indifference. A hundred million cubic feet of gas escapes into the air every day in Oklahoma alone, worth \$20,000 a day, or \$7,300,000 a year. This equals in heating power one and a quarter million tons of the best bituminous coal. The loss of gas in California and Louisiana is no less extensive, and practically all of it unnecessary. Modern methods of drilling make such tremendous drains upon natural resources avoidable, and gas wells may be closed by proper precautions. The gasoline content in the wasted natural gas would go a long way toward keeping the cost of motor fuel down.--From the April number of Popular Mechanics Magazine.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
