GROSELE GRUNTS.

Mr. Jas. H. Cardwell of Woodlawn has just completed a barn on the McLaughlin orange farm. The barn is a 28x44 structure with 14 ft. walls, making ample stall room for necessary stock on the farm, with large granery below and loft overhead of several ton capacity. The citrus fruit farm promises to be one of the garden spots of Jefferson Davis parish. Mr. McLaughlin will in the near future sink a 12 inch deep well for irrigation of the trees, and will also build a fine residence. Mr. A. B. Laidlaw, the general manager of the farm, reports the 20,000 trees doing fine, with the exception of a very few trees.

Mr. O. Carbello made a flying trip to Lake Charles Wednesday in the interest of his grocery store at Woodlawn.

Fig days are here and the by-word with the women is "canning figs." The amount of figs being put up is enormous.

On July the 14th Mr. Dock Witherwax became the owner of a fine 4 passenger Ford car and is now trying our new roads with much success.

Messrs. Dock Witherwax, Mac Sharp and A. B. Laidlaw made a flying trip to Jennings on the 21st in Mr. Witherwax' new Ford auto. in the interest of the Woodlawn graded school, and we are always glad to see our friends move to the front in the interest of public education which has for many years been neglected by the masses.

Charbon is still working but somewhat moderated at this writing. While some stock is still dying, yet it is nothing to compare with 8 or 10 days ago.

Messrs. Oscar Miller and James Augustine were visitors to Kinder Monday, returning the same day. Mr. Miller is feeling better over the heavy rains on his plant, and Mr. Augustine, his partner, is glad to have a day off from the throttle and the chug of the exhaust.

Wednesday Messrs. O. Pelouin and H. Pelouin made a flying trip to Jennings, the latter having become 21 by cutting his eye teeth felt as if he should be a voter and was registered. Now Mr. Homer is ready for the congressional campaign and election. One more vote for Jefferson Davis Parish.

Mr. T. J. Davis, as Singer Sewing Machine agent of Kinder, was in our midst Thursday. Mr. Davis is agent mostly over the charbon district here and he reports charbon is still killing some stock but very few compared to a few weeks ago, which is quite encouraging to the community.

Mr. Thoredel Thibedaux of Evangeline is spending a few days with his sister, Mrs. Joe Dauget of Penton.

We are sorry to report Mrs. Mell Pelouin under the weather this week. She was taken by Mr. Pelouin to Welsh for treatment.

Mr. and Mrs. Collins Ledger of Iowa spent Sunday with Mrs. Ledgers' parents, Mr. and Mrs. Oscar Miller.

Mr. and Mrs. Alex Miller were the guests of Mrs. Miller's father and mother, Mr. and Mrs. Collin Hebert of the M. O. Canal district.

Mr. Yves Pitre and Mr. Oscar Miller of Fenton were in Welsh Saturday in the interest of the charbon meeting. Mr. Pitre reports that according to all they could learn and from the appearance that the worst siege of charbon is about over, which we certainly hope to be true.

Heavy rains have fallen during the past week and the knock in the cross-head of the engine has ceased. Practically all the rice in this section is flooded and is looking fine.

Mrs. Edmond Pitre has just returned from Texas where she has been visiting her son Ambrose Pitre of the lone star state.

We are sorry to report Mrs. Sidney Pitre of Fenton having been ill, but some better now. We wish Mrs. Pitre a speedy recovery and to see her out again in a few days.

Mr. Yves Pitre is bending some of his corn this week, which means corn ready for the grainery in about ten days.

Now Mr. Cow Buyer if you want some good old fat cows and some fine sucking calves just call Messrs. A. V. Pelouin and Yves Pitre of Fenton. They are ready for market.

Mr. D. Hebert and Mr. M. Stanley drove to Hecker Thursday of last week with a wagon load of water melons and sold same to Mr. F. Hebert, the Hecker merchant. The melons were raised near Fenton by Mr. D. Hebert and were of a fine variety.

If the weather permits this week will be hay making week, for the harvest supply.

News From Rice.

Rice, La., July 25.—Our neighborhood is growing in population—three births in one week. On the 19th day of July a new girl arrived to Mr. and Mrs. A. M. Chaisson, on the 23rd a new girl arrived to Mr. and Mrs. Isma Foreman, Jr., and on the 24th a new girl arrived to Mr. and Mrs. Duplex Derouen, and they are all very proud of their new girls.

This last week we had a few cases of charbon around Rice and we had a few heavy showers of rain. The rice crop is growing fine, the corn crop is looking good and most of the farmers of this neighborhood will have their own feed next year. This will save lots of money to the farmers of Rice.
