GET THE IDEA?

There is only one better man than the man who gets behind and pushes, in an effort to improve the community, and pulls.

NOT FIT FOR PUBLICATION.

A school girl (Welsh High School) was required to write an essay of 250 words about a motor car, and submitted the following:

"My uncle Henry bought a motor (Ford) car. He was driving to Mermentau with a party of friends when it busted in a mud hole. I guess this is about fifty words. The other two hundred are what my uncle said when he was walking back to town, but they are not fit for publication."—Moral—Vote for good roads.

We have before us the latest edition of the Bogalusa Enterprise, an illustrated, descriptive twenty-four page edition, celebrating the first anniversary of Bogalusa's advent to cityhood. Bogalusa, with a population of 11,000 on her first anniversary, should hasten to overhaul the editor-owner-manager of the Enterprise and inquire if he isn't exceeding the speed limit in issuing this class 24-page edition on his twenty-eight-fifty-seconds of an anniversary.

Ode to the "skeeter." The lumps he raises. They itch like blazes, and that's where the rub comes in.

Little John Jacob Astor, Jr., is an expensive bunch of flesh. The poor little boy. His father went down with the Titanic, and left only \$20,000 a year to raise the kid. We'll venture the assertion that all the boys of Welsh doesn't cost that amount to keep, and as to healthfulness and fun, our boys have Jakey out classed a city block.
