Does Christmas Make You Tired?

Queer question? No at all!

It does make you tired if you wait until the last week, day, hour, to do your shopping.

The best way to avoid that tired feeling is to

SHOP EARLY!

Of course, you'll shop early anyway, if you give a second's thought to the overworked clerks and deliverymen.

His Hand is Very Small.

The butcher at Welsh with all his faults is a really a very good man, though he makes a mistake when he weighs your steak, and sometimes weighs his hand.

But thankful we should ever be as swiftly through life we fall, 'tis quite a treat as he weighs our meat to know that his hand is small.—W. E. Byerly, Devil Poet.

Laughter Aids Digestion.

Laughter is one of the most healthful exertions; it is of great help to digestion. A still more effectual help is a dose of Chamberlain's Tablets. If you should be troubled with indigestion give them a trial. They only cost a quarter. Obtainable everywhere.—Dec.

No. 666 will cure malaria or Bilious Fever. It kills germs—J 25 4 m.

Dr. W. O. Testermn will be in Welsh Saturday, Dec. 4th for the purpose of treating stock. Examination free. He is a graduate of three veterinary colleges and is member Texas State Board. 1tp.

FOR RENT—My farm of 190 acres, six miles south of Welsh on Bayou Chene.—See A. H. Broussard, Welsh, La., R. R. No. 1. 23-2tp

Why You Should Use Chamberlain's Cough Remedy.

Because it had an established reputation won by its good works. Because it is most esteemed by those who have used it for many years, as occasion requires, and are best acquainted with its good qualities. Because it loosens and relieves a cold and aids nature in restoring the system to a healthy condition. Because it does not contain opium or any other narcotic. Because it is within the reach of all. It only costs a quarter. Obtainable everywhere. Dec.

Mrs. R. A. Estes and children who have spent three months visiting her parents and friends in Bowling Green, Ky., returned home Dec. 1st. She was met in New Orleans by Mr. Estes who accompanied them home.

Mr. C. W. Lahman, of Franklin Grove, Ill., arrived in Welsh this morning and will be here a few days looking after business interest.

Mr. C. VanNess who left here last June for a visit to the north returned Wednesday. While gone, he visited points of interest in South Dakota, Iowa, Wisconsin, Illinois and Missouri. Mr. VanNess will spend the winter with his son, M. B. VanNess.

Elsewhere in the Journal you will find notice of the chicken Pie supper and bazaar at the U. B. Church in Roanoke. Friends and citizens interested should bear the date in mind and be present at this social affair you will be treated royally and spend your money for a good cause.

Owes Her Good Health to Chamberlain's Tablets.

"I owe my good health to Chamberlain's Tablets," writes Mrs. R. G. Neff, Crookston, Ohio. "Two years ago I was an invalid due to stomach trouble. I took three bottles of these Tablets and have since been in the best of health." Obtainable everywhere. Dec.

High School Notes.

The third month of School is over and Prof. Aylesworth said in his report that the work this month was very good but could be improved. We hope this will be the report every month.

In the freshman English class a pupil was reading in Scott's "Lady of the Lake" and came to this line: "Damp osiers fringed the swamps and hill," but this is what he said: "Damp oysters fringed the swamp and hill."

The Joyous Rain, by a Freshman—Listen, dearie, to the rain, as it comes pounding on the pane; Doesn't it make you glad, (when you used to be sad) To hear the rain?

The eighth grade English thought the ford on the Tieth river was Henry Ford's "Ford".

Senior in Domestic Science class—"I think this water has cooked enough to wash the dishes now."

The agriculture class has found new enemies for sugar cane i. e. boys.

Here are the uses of sugar cane as given by the agriculture class: Sugar cane is used to chew and to make sugar.

Junior—It is funny that I got such an outrageous grade.

Second Junior—Well why don't you laugh if it is so funny.

In the Domestic science room—Miss Harlin—We will have peas in potato nests. Anna, bewildered for a moment wrote, "Peas in a potato mess."

A little sunshine, a little rain. Keeps the high school pupils from having a pain.

What's the use of living when you can't help along? What's the use of doing things when you know they are wrong? Keep on helping and help will come your way. Don't be a grouch at things that people say. —Junior Wit.

Mr. Aylesworth, in talking of Whitaker's works, said: "Snow Bound is his master-piece, and I certainly enjoyed reading it. However I don't know anything about 'eternal goodness'."

Violet, in domestic art class—Miss Harlin, must I make a French hem under the arm of my gown?—meaning a French seam.

Many of the girls were embroidering with pink, red and blue thread, and Corinne came running in and said: "Why girls, what are you sewing those painted flowers on that white goods for? You can buy cloth already stamped with pretty flowers in it." But Corinne knows a little more about embroidering now.

Edna was cutting out a pattern. When she had it all cut out she began to sew it up by hand. She had sewed a long while and had taken a great deal of pains with it and finally finished. When Miss Harlin looked at Edna's work she found that Edna had sewed one piece of the front to a piece of the back of her waist and had sewed the right sleeve into the left arm-hole.

Miss Harlin—Ben, give the principal parts of "think! Ben—"Think, think, think."

The four members of the 10th grade who are still taking modern history are doing nicely in their work. The teacher asked the question, "Who discovered America, and when?" After some hesitation the answer came, low but firm: "Columbus discovered America somewhere the latter part of the 10th or 11th century but I don't know just when.

As a Ford car is known by the noise it makes; a Junior is known by his low French grades.

The reputation of the Juniors seems to be to borrow everything they can get their hands on and never pay anything back.

The members of the 10th grade are very disappointed over their grades this month. We were all confident that the cause of it was because Mr. Trappey was a little sick and naturally uncharitable with grades. But when Mr. Aylesworth handed back the Geometry papers we decided that the fault was with us and not the teachers.

Edith—"Mr. Aylesworth, can't I re-take my English examination over, I think I could get more than 58 percent."

Mr. Aylesworth—"Impossible!" and his meaning was not absolutely clear.

Mr. Trappey—"Robert, I am tired of keeping you in every evening after school."

Robert—"I am too, can't you give us a rest?"

Sure Signs of a Torpid Liver.

If you have spells of dizziness, headaches, biliousness or constipation, look to your liver for the cause. You can get relief by taking Po-Do-Lax. It acts quickly on the liver, helps it to discharge the poison and tone up the stem. Helps the stomach too. O. 50c. at Druggists. Ad.
