

EFFICIENCY, NOT ECONOMY

Quoting from the words of J. R. Wood & Sons. In a circular which they have issued to the trade, "Efficiency, not economy is the word."

"Government officials, it is interesting to note, have stopped preaching economy and have substituted a more sensible word—efficiency."

"How really ridiculous to make an appropriation of seven thousand millions of dollars for home products and expect everyone to economize. It is human to spend more when you make more. It is human nature to live better as your income grows better."

"The oncoming tide of additional prosperity which is inevitable in this country could no more be held back than the onrushing tide of the sea."

"At this very moment we are the actual business managers of the world—we are the world's grocery store, the world's iron foundry, the world's factory and shipyard, the world's bankers. With our 935,000,000 acres of tillable land and our inexhaustible mineral deposits, we could, had we the labor, take care of the entire world."

"Seven billions of dollars to be spent right here at home—few appreciate the meaning. Do you realize it would take an expert bank cashier nine years to merely count this amount were it all in hundred dollar bills?"

"Wealth is to be redistributed—taken from the rich through selective taxation and distributed among the laboring classes. And if the laws of nature are not suddenly changed, they'll spend it—spend it for food, clothing, amusement and jewelry."

"Efficiency, not economy, is the word. Stop waste, stop paying long profits, stop taking a whole day to accomplish something that could be done in half a day."

"J. R. Wood & Sons."

CLEANLINESS IS SECRET OF SUCCESSFUL CANNING

Cleanliness is one of the important secrets in successful canning. Be absolutely clean in every operation and keep all the surroundings clean.

Carefully sterilize with boiling water every utensil before it is used, including the jars, rubbers and cans.

With glass jars always use new rubbers.

Fruit for canning should be ripe but firm. Do not use overripe specimens.

Vegetables for canning should be young and tender.

Fruit and vegetables must be thoroughly clean before being put in jars or cans.

Do not attempt to can decayed or dirty fruits or vegetables.

CHARBON CARRIERS ARE MANY AND VARIED

When we consider the many different agencies that have to do with the spreading of charbon we can fully realize the necessity of taking every precaution to combat this fatal disease. According to Dr. W. H. Dalrymple, of the Louisiana State University, a carrier of charbon infection may be anything, either living or inert, which has come in contact with charbon-infected blood or tissues, and is capable of moving or being moved from one place to another thereby spreading infection.

These may include carrion-feeding birds, hogs, dogs, cats, opossums and other flesh-eating animals, chickens, flies of different kinds, and mosquitoes, the feet of man and animals, infected food and water, the excrement from infected animals, infected hides, hair and wool, and anything else that may have come in contact with the infection.

PRINTING OF ALL KINDS

not the cheap kind but the good kind done here.

JEFF. DAVIS PARISH MEN SELECTED FOR DRAFT

We print here a list of the first lot of numbers that were drawn in Washington last Friday in the great human lottery, together with the names of the men who represent in Jefferson Davis parish in the order in which they will be called before the local examining board.

Although the entire list was drawn, the numbers here presented represent more than will be called in the first draft. About 250 men will be examined in this parish on first call. The local examining board is composed of Dr. Jno. H. Cooper, I. R. Price, and Sheriff Isaac Fontenot, their office in the court house at Jennings where the official lists will be posted when received. Notice by letter will be sent to each man ordered for examination, telling him when to appear and these notices should be watched for by men whose numbers are in the list of first drawn, as failure to receive the notice will not be deemed sufficient excuse for not appearing before the examining board.

Examinations in this parish will probably be held soon after the first of August.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

The following is taken from the S a Jose Mercury-Herald, San Jose, Cal., from a copy generously favored us by Mrs. C. A. Austin:

THE KAISER'S DREAM

"There is a story, though strange it may seem, Of Big Kaiser Bill and his wondrous dream. Being worried by allies, he lay down in his bed, And among other things he dreamed he was dead. And in a fine coffin, lying in state, With a crowd of brave Belgians mourning his fate. His soul, like his soldiers, would soon be lost. On leaving this earth, to heaven he went, And, arriving up there, gave a knock on the gate. St. Peter looked out and exclaimed loud and clear, "Try down below, Bill, you can't get in here." "Now," said the Kaiser, "I call that uncivil, But a welcome I'll get from my old friend the devil." He turned on his heel and away he did go At the top of his speed to the regions below But when he arrived he was filled with dismay For, while waiting outside, he heard Old Nick say: "See here, all you imps, I give you fair warning, I'm expecting the Kaiser down here this morning. But don't let him in, for to me 'tis quite clear, He's after my job and I don't want him here. If once he gets in there'll be no end of quarrels, In fact I'm afraid he'll corrupt all our morals." "All right, my dear friend," the Kaiser replied, "Forgive me for listening while waiting outside. If you don't let me in, for I'm feeling quite cold, And if you want money, I've plenty of it. Let me sit in a corner, no matter how hot." "No, no," yelled the devil, "most certainly not. We don't allow folks here for money or pelf. Here's sulphur and matches, go make a hell for yourself." And he kicked him out and vanished in smoke, And just at that moment the Kaiser awoke. He jumped out of bed in a shivering sweat, And said: "That is a dream I shan't soon forget. That I won't go to heaven I know very well, But it's pretty darn tough to be kicked out of hell."

WHY NOT YOUR SUMMER VACATION ON ELK RIVER

As to the superlative scenic glory of the Ozarks, there can be no two opinions. Bayard Taylor declared that he had encircled the globe only to find the most beautiful scenery in the world in Southern Missouri and Northern Arkansas. It is the kind of scenery that welcomes you right into its family circle and envelops you in a cordial embrace. It is Nature wearing a serene and genial smile, rather than a gloomy and forbidding scowl. Every year there is marked increase in the number of family camps established in the Ozarks along the Kansas City Southern Railway, and it is noticeable that when a family once has taken such a vacation, that family is certain to return next year—usually with a family or two of friends or neighbors. And finally, a feature of the Ozark region that should clinch the argument in making a choice of outing spots, is its accessibility. Instead of enduring a hot, tiresome ride of 18 to 36 hours, the recreation seeker can leave Lake Charles after lunch today and be in the Ozarks in time for an early breakfast tomorrow. By way of the Kansas City Southern, in a perfectly equipped luxuriously comfortable train, he is whisked, without change, to the land of his desires. From wake-up time in the morning until the return of nightfall, if he should remain on the train, he will pass through a constant succession of enticing spots, each with some special charm of its own that beckons him to a closer acquaintance. For round trip fares to "The Ozarks" apply to our nearest representative or address S. G. Warner, G. P. & T. A., Kansas City, Missouri. Ask for booklet "Ozark Outings."

CONSTIPATION & INDIGESTION

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Chamberlain's Tablets are mild and gentle in their action. Give them a trial. You are certain to be pleased with the agreeable laxative effect which they produce. Obtainable everywhere.

Come in and pay that overdue subscription account. Don't wait until the paper stops.
