LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of the feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

FOR SALE!

THOROUGHbred BABY CHICKS

Choice of Three Breeds
ALSO EGGS FOR HATCHING

Will sell the mother with chicks when possible.

I have the thoroughbred Indian Runner Duck eggs too.

Let me book your orders now for Baby Chicks, also Eggs for Hatching for February, March and April delivery.

Remember the early chicks escape bowel trouble if kept in clean, dry quarters. They mature and lay early when eggs are high—should lay when six months old.

I have selected extra good unrelated roosters, to head my pens.

Will sell 4 day old Baby Chicks for 25c each, day old cheaper.

The S. C. Rhode Island Red pen is headed by a very dark, rich red rooster. The pen of Barred Plymouth Rocks are fine, large, vigorous fowls. The S. C. White Leghorns have the high record of 240 to 267 eggs per year. The roosters are unrelated and of the Ferris Strain. All poultrymen acknowledge they lay better than any fowl, except the Indian Runner Ducks.

I have the thoroughbred Fawn and White, also the Pencilled Indian Runner Ducks. Now, if you want something that will lay eggs, get a start of these, for they positively will lay eggs and many of them if fed like I tell you. The eggs are as good as hens' eggs. Duck eggs are \$1.25 for 12.

I will have a phone in a few days.
