FOR SALE!
THOROUGHBRED BABY CHICKS
Choice of Three Breeds
ALSO EGGS FOR HATCHING

Will sell the mother with chicks when possible.

I have the thoroughbred Indian Runner Duck eggs too.

Let me book your orders now for Baby Chicks, also Eggs for Hatching for February, March and April delivery.

Remember the early chicks escape bowel trouble if kept in clean, dry quarters. They mature and lay early when eggs are high—should lay when six months old.

I have selected extra good unrelated roosters to head my pens.

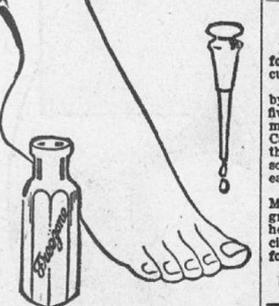

Will sell 4 day old Baby Chicks for 25c each, day old cheaper.

The S. C. Rhode Island Red pen is headed by a very dark, rich red rooster. The pen of Barred Plymouth Rocks are fine, large, vigorous fowls. The S. C. White Leghorns have the high record of 240 to 287 eggs per year. The roosters are unrelated and of the Ferris Strain. All poultrymen acknowledge they lay better than any fowl, except the Indian Runner Ducks.

I have the thoroughbred Fawn and White, also the Penciled Indian Runner Ducks. Now, if you want something that will lay eggs, get a start of these, for they positively will lay eggs and many of them if fed like I tell you. The eggs are as good as hens' eggs. Duck eggs are \$1.25 for 13.

I will have a phone in a few days.

LIFT OFF CORNS!
Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Freezone costs but a few cents at any drug store but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the callouses without soreness or irritation.

Freezone is the sensational discovery of a Cincinnati genius. It is wonderful. Freez 284

Judge W. C. Braden of Lake Charles was a Welsh visitor Monday. A large number of the Judge's friends through out the fifteenth judicial district are urging him to become a candidate for a district judgeship in the coming judicial primary. He would not say assuredly that he would enter the race, but we fell sure that he will when his many friends all get behind him, and if he has as many admirers in the other parishes of the district as he has in Jeff Davis he will be an easy winner.

SEED POTATOES—Now is the time to buy. See Kimball, the Seed Man.

Mr. and Mrs. W. C. Tufts arrived in Welsh Wednesday from Eyota, Minnesota. Mr. Tufts has accepted a position with this newspaper and will be actively engaged in its production beginning with the present issue. The Journal considers itself very fortunate in having secured his services. He is a newspaper man of many years experience, both on the small town weeklies and the metropolitan dailies. In coming here Mr. Tufts closed the door (turned the key as he states) and left idle a prosperous weekly and printing plant at Eyota in order that he might come south and evade the balance of the rigid Minnesota winter. Mrs. Tufts is also experienced in all departments of newspaper work. This is their first trip south, and they are, thus far very well pleased, especially with the town of Welsh. The Journal will particularly appreciate any courtesies shown them during their stay here, which we hope will be a long one.

Probably the best of the season's lyceum attractions was the Smith-Spring-Holmes Musical Quintet which fulfilled an engagement at the Auditorium last Saturday night under the auspices of the Welsh Civic League. Due to the bad weather the attendance was light, but all those who went were well repaid for braving the elements. The program was a choice selection of numbers and in its rendition each member of the quintet proved an artist. Even the instruments used by them were marveled for their beauty and exquisite tone.

GOOD AS GOLD

THIS paper has on its books several hundred subscription accounts, every one of which is "Good as Gold." We know the people, and their honesty and ability to pay is not to be questioned. It's perfectly alright except for two things.

In the first place we cannot pay bills with these "good as gold accounts." Paper houses banks, merchants, etc., will not accept them as legal tender for what we owe.

Secondly the government, through the post office department, informed us more than a year ago that our paper would not be mailable unless subscriptions were collected in advance.

In consequence we make this appeal to you, if your subscription is not paid in advance, please send us a check at once.

GIVE US A FAIR CHANCE AND WE WILL PUBLISH A PAPER THAT YOU WILL BE PROUD TO GET.
