PAROCHIAL GLEANINGS.

this week.

Ye typo extends thanks to Mrs. E. W Teddlie, for a mess of garden peas.

The weather, is everything that could be desired, for farming operations. Crops are more than encouraging. So

our farmers say when they come to town. Mr. T. A. Jordan Jr., of ward 7, was in

town on Monday last. The School Board was in session last Saturday. Will meet again on 13th day

One thing needful:—A good horse on the United States mail route from Winnfield to Atlanta.

Mr. R. S. Gorham has been catching some flut cat-fish, and bringing them to town, but somehow the SENTINEL has

If we may judge from the spirit that is in our people at this time, prospects were never brighter. Almost every farmer is sanguine of success.

Under new advertisements this week, will be found that of Mr. J. C. Adams, instable of ward 3, advertising cows and alves to sell under a writ of # fq.

In this name, will be found a resolution of the School Board, calling all teachers and friends of education, to meet in Winnfield on Friday June 12th prox.

We expected to bear something from referent Walles on the subject of the ermal Institute held at Alexandria, as a attended. Don't know whether we

We were forced to send out several has last week. We hope the parties will not become offended. The money is us, we must have it to carry us over he absels this stramer.

Walles and daughter, and tra. Callie Thrasher, of Atlanta, paidour tract on last Friday; remaining over till dicarday. The ladies were the present of Ein, and Dr. Kelly. We hope buy had a pleasant time.

post many of our friends, from dif-portions of the purish, were in loss Saturday. We are sorry to had we could not see and talk with them, on account of a rush of hos-in that day. We hope to see them

the shotracts from both United less, will cost \$100,00 to the par-ble and manual of placing \$0000 or most of least on the rolls.

The second secon

of the opinion that our people would be more benefitted at this time; if his Honor Judge Bridger, would adjourn the criminal term of court till its next regular term. We believe by so doing, he would merit, and receive, the everlasting gratitude of our people.

We extend our thanks to our friend and Senator, Mr. Kelly, for a delicious mess of beets, (not dead-beats either) and a nice mess of cucumbers. The Senator has the finest garden in these parts; and especially the finest beets, that we have ever seen at this time of the year. The Senator is a hard man to beat any way: this 24th Senatorial District have already realized that fact.

In this issue, will be found the Sheriff's advertisement offering State lands for sale. This sale is made in conformity with Act 82 of 1884; and vests in the pur chaser an absolute title. These are lands which have heretofore been forfeited to the State for the non-payment of taxes due the State of Louisiana. The sale will be without appraisement for whatever it will bring, notary and Sheriff's costs to

'Mr. R. L. Tannehill, in addition to having the best crop around here; has put the Winnfield and St. Maurice road in as good a condition, if not in the best of any road in the parish. He had our typo on the road with a boe, on Monday last. Our typo says that using a hoe is not "stickin' type." He further says, tha some of the boys tried to put a stop to the SENTINEL, by trying to cut a tree on him; but he used his heels and only got brushed a little.

He it resolved, That we hereby recommend to the teachers throughout the parish, and friends of Education at large, to organize themselves into an Education Association, and we would suggest that the Association be organized at Winnfield on Thursday, the 11th of June, 1885, at 10 o'clock a. m.; at which time and place we trust that all persons interested in Educational matters, will attend.

Sec. School Board.

We have repeatedly called upon the people of this parish, who own land to luraish the proper descriptions of the same. A great many have not done it, obtain the description of all the taxable lands in the parish; belonging to each particular tax payer; as a great many private acts of sale have been passed, and the deeds not put upon record; but we are compelled to say, that two things are certain. One is, we will not assess land without description; another is that all the entered lands will be assessed. The above is true, no matter how inconsisten it may appear. We haven't room to ex

Mr. E. Eagles has about completed the work on the courthouse, according to contract. There are some nice specime of cabinet work in the Sheriff's and Clerk's offices; made for the reception of papers and documents, which they may want to put away. What a strange trast there is now among the different of-fices at the courthouse. In the Assessor's office there are two benches, upon which the Assessor has arranged in siphabetical order, the lists of taxable property on file in his office; and as the benches referred to, were not long enough, he has a plant with one end propped up, the other rest-ing on a bench, to assist the benches in holding those lists. For a writing desk, or table; a kind friend has lent him a or table; a kind friend has lent him a goods box; the same turned on its side tills the bill very well; and as a receptacle for such other papers and documents as he deaires to preserve; he used this goods box; as it is turned on its side, with a part of the hid still fastened; it makes a kind of trough; and it is large enough to hold "all uv 'em." Uncle Ted I a fine cabinet workman though, as every one will say who inspects his work. We want to be understood. He never fitted up the Assessor's office. We did it.

In this issue will be found a communication from Maj. W. A. Strong. An editorial of last week, calls forth the communication in Maj. W. A. Strong thinks that our communication. Maj. Strong thinks that our communication was to call the attention of that body to the fact, that no abstracts of land entries had been received; and to cause them if possible, to take action in this matter. We are satisfied that this work should be deen; and we are satisfied further, that the Paline Jury would willingly make the Paline Jury would willingly make the supproperation out at any available beaus for that purpose; if they could be brought together to action in the laster. We are satisfied further that is July there will be no available found for that purpose; hence the necessity for action now. We do not nitrach day blame to the Police Jury as a body but we do think the commulate referred to in Maj. Strong's article, acted anvicely in awarding the contragt to the Register of the Same land caller, for the term of 100. It same a wall known fact, by any half and ather a wall known fact, by any half and ather a wall known fact, by any half and ather as the fact of the time the contragt of the same and and caller, for the term of 100. It same a wall known fact, by any half and ather as the fact of the time the contragt of the same and all and ather the contragt to the same of the fact of the time the contragt of the same and and all and ather the contragt to the same of the same and and ather the contragt to the same of the same and and ather the contragt to the same of the same and and ather the contragt to the same of the same of

witnesses to attend at this time. We are Office. We so informed that committee. And we understand that he refused to sign the contract as prepared by that committee, and the whole think was dropped right there.

Since that time Auditor Steele has had an abstract of the U.S. lands entered at the New Orleans land office prepared and the Register is only waiting to receive \$75 from this parish, before he will send the abstract; the State having paid one half the price. Fifty dollars will obtain a revision of the old abstract, and new entries at Natchitoches office. Then if we include abstract of State lands for \$100 this will make \$150.00 from Natchitoches and State land offices. Auditor Steele says in his printed circular, that the State will pay one half; if so, \$150.00 will pay the amount from the parish, from all three offices. We have urged and do now urge, a call meeting of the Police Jury, to attend to this matter; because the law fixes the time at which the assessment shall be completed; and that time is nearly out. And further, that it will be impossible for the Assessor to make a complete assessment without those abstracts, and that the parish will lose at least \$600.00 in revenues, on account of not having them. Our intention has not been to cast an odium on the Police Jury, but to call their attention to a necessity for action.

WIVES! MOTHERS! DAUGHTERS!

BE YOUR OWN PHYSICIAN: A lady who for years suffered torments worse than death from Uterine Troubles, Falling of the Womb, Leucorrheas, Suppressions, &c., and who had despaired of being cared, found a remedy which completely cured her. Any sufferer from such troubles can use the remedies and thus cure herself, without revealing her condition to any one, and without subjecting her womanly modesty to the shock of an examination by a physician. The prescriptions and full directions for use, sent free to any address, securely scaled, enclose one (two-cent) stamp. Address, naming this paper,

Mas. W. C. HOLMES,

Mas. W. C. HOLMES, may 22 1885

Every newspaper publisher has an oc-casional subscriber whose soul seems to be made out of the fag-end of the mate-rial. We are always thankful when such riat. We are always manking when such are lifted from our list. The sooner the better. They generally refuse to take the paper after receiving it two or three years without paying for it—a plain steal with an insult added. Or, else they move away without paying a nickle. Or, they all at once discover that they never orwithout paying a nickle. Or, they all at once discover that they never ordered it, that they received it irregularly—not half the time—won't pay for it.' In either case it is a cowardly snap, such as an honest man would not be guilty of. The proper way to stop a newspaper is to pay up first then stop it afterwards. If you are a gentlemen and don't owe a cent, walk into the office, and candidly say you do not wish the paper, or cannot afford to subscribe. If you are on the hog plan, chuck it back in the post office, and mark it "refused."—Ex.
