FOUND

Without a doubt the best thing in town. A New Grocery Store with a New Stock and New Prices and what is left to find out is how these

HIGH CLASS GROCERIES

can be sold so cheap. The only way this can be done is, first buy your own building so you will have no rent to pay and second, buy in big lots and pay cash. In doing this you get

FROM 1 TO 5 PER CENT OFF

That is why I can afford to sell my High Class and Fancy Groceries so much cheaper than any one else in my line in our little town of Winnfield. All I ask of you is to come and see for yourself. I don't ask you to buy if you do not wish to, but I want the chance of showing you what money you save by buying from the new store.

NEEDS OUR SYMPATHY

"Knocker is Born that Way" and is to be Pitied Rather Than Censured.

The "Knocker" who operates in our own midst does not differ in any respect from his kind the world over. Here, as elsewhere, he is found in high places and in low places, and, of all people, he is the greatest impediment to the progress of his town, though he appears to live in absolute ignorance of this fact.

He is born into the world like all other folk, but is specially marked in that he cannot help opposing every movement, no matter how meritorious, of which he is not the author even though he is never known to lead in any movement himself.

One day you will hear him "knocking" the good roads, movement, another day he may be heard "knocking" the Lafayette-Baton Rouge railroad, the new high school building, or possibly, the sanitarium project. Somebody proposes a reform that the "knocker" readily admits is greatly needed, but he will nevertheless argue against it because other reforms are needed just as badly as this one, he will tell you, and, consequently, if we do not have other reforms we should not have this one. And that is the way he reasons out everything to his own sweet satisfaction.

In season and out of season the

be only too glad to join the earnest, pushing fellows who feel pleasure and satisfaction in inaugurating and encouraging all movements for the good of their home town and parish, but, because of the peculiar mould of his mind, the "knocker" is simply not able to prevent himself from tearing down whilst others are striving to build up. He generally has sense enough to understand that by systematically and perpetually opposing all movements for the advancement of his town or parish he is certainly striking against his own prosperity, but what is the poor fellow to do when he has not the power to break himself of the damnable habit of "knocking" with which he finds himself hopelessly afflicted.

Then judge him not too harshly—the "knocker." He knocks not from his own choice, but for the reason he cannot help "hissself." Because he has been with us from the beginning, he must have been put in the world for a good purpose, and it may be that some day we shall know more about it, just as we may understand many other things that are now a deep mystery to us.

In the meantime let us bear patiently with our brother and, in a spirit of sympathy, deal gently with the "knocker" in his affliction, and continue to help him prosper in spite of his strenuous efforts to the contrary. This is plainly our christian duty. —Lafayette Advertiser.

Lightning Killed a Preacher.

While preaching to his congregation Rev. J. B. Lentz, pastor of a Latter-Day Saints' church at Carson, Iowa, was struck by lightning, which caused his death within an hour. The bolt descended during a hard thunder storm and was communicated to the preacher by a chandelier hanging directly above his head. The shock threw him to the floor in an unconscious state, while many persons in the audience were partially stunned.

Died at Colfax.

W. H. Woodruff died at his home in Colfax last Sunday evening after a long illness with pneumonia. He was formerly a citizen of Winn parish, having lived for many years near Atlanta. He was a brother to Mrs. M. A. Wright of Winnfield and had numerous other relatives in this community.
