The court house looks much better since being treated to a thorough painting and the plastering given a coat of calomine. The electric wires also give it a more modern appearance.

The Valentine party given by the young people of the Methodist church last Friday evening at the residence of Mrs. J. T. Wood, was well attended by the young people and all of them had a most enjoyable time.

Mr. O. C. Bird of Atlanta was a business visitor to Winnfield Tuesday. Mr. Bird was one of the first "typos" on this paper in the long ago and we are always glad to see him and to know of his successes in life.

Special sales seem to be popular just at this time, three running in full blast at one time in Winnfield. One thing is noticeable, and that is, more shoppers have come to town since these sales opened than came before, so it would seem that they do good.

Mr. N. C. Sowers, a leading citizen of the Hickory Valley community, was among the business visitors to town Monday. He said the farmers in his section have taken advantage of the good weather to begin farming operations and are going forward with the work.

Dr. D. B. Williams, ward nine's popular member of the Police Jury, was a visitor to Winnfield Monday. He believes the road tax will be voted all right and that before a great while, old Winn parish will be leading all of the other parishes of the state in the matter of good roads.

Mr. Will Allen, a prominent business man of McKenzie, Tenn., is in Winnfield on a visit with Mr. J. D. Fletcher. Mr. Allen is favorably impressed with Winnfield and its prospects and is thinking strongly of locating here in the near future. Mr. Allen appears to be a gentleman of the right sort and Winnfield will extend to him a most cordial welcome, should he decide to locate here.

Sardis School Building.
In company with Mr. W. H. Baker, one of Winnfield's progressive contractors, a representative of The Sentinel visited the Sardis school where Mr. Baker is about completing a magnificent new school building. There will be three large school rooms and a large auditorium and library room. We visited the two rooms of the school being taught in the old school house and the church. We found Prof. J. W. Shofner, the principal, and Miss Shelton, the assistant, both to be painstaking teachers, but with more children than they should be required to handle. The people of the Sardis District are to be congratulated on the efficiency of their local school board and of their corps of teachers.

The Valentine Party.
The Valentine party at the residence of Mr. and Mrs. L. Siess last Saturday evening, under the auspices of the Junior Union of the Baptist church, was a decided success and proved a most enjoyable occasion. The afternoon was devoted to the entertainment of the children, but at 7:30 the doors of the hospitable home were opened to grown-ups.

A numbered arrow was pinned on the coat of each male guest and they were instructed to find a heart that had not been pierced by the arrow and accompany the owner to the dining room where delicious cake and chocolate or coffee were served.

A feature of the entertainment which furnished interesting amusement for the guests was an improvised postoffice. A winsome postmistress found letters for all who came for them. Some of the young men spent a greater portion of the evening at the postoffice receiving letters at a dime a letter. A novel feature was getting your fortune told by winding a cord which had been carried to all parts of the room. All of the visitors enjoyed themselves.

Logs from Bienville.

Since Monday, February 11, the Sulphur Timber and Lumber Company has been logging the Winnfield mill from Danville, in Bienville parish, bringing the logs from Danville to Hodge over the North Louisiana and Gulf Railroad, thence over the Rock Island to Winnfield. During the past week between 25,000 and 30,000 feet of timber has been brought in daily, but it is expected to double this amount as soon as cars can be secured. President Hodge has been in Milwaukee during the past week buying new machinery for the mills at this place and at Hodge. The planer at this place will be considerably enlarged and will run night and day.

"One Price Spot Cash."

The firm of O'Quin & Gibson, better known, perhaps, as the "One Price Spot Cash Dry Goods Merchants," is an up-to-date firm and managed by thorough business men. Their page advertisement in last week's Sentinel was a splendid invitation to take advantage of some of the many exceptional values. A batch of 3,000 large circulars was also distributed advertising the annual clearance sale which started last Saturday and has been going on all this week. The goods carried by this firm are first-class and are plainly marked with the one price which has made this firm so popular.

Splendid Results Expected.

The Lands, Lumber and Manufacturing Company received some delayed machinery last Monday and the plant will soon be in better shape to fill all orders promptly. New capital has recently come into the concern and with a splendid location and practical men in charge of the plant splendid results are bound to come.

Advertisers do the Business.

Some of the merchants of town are using every effort to get people to come here to trade by advertising cheap goods. Read the local papers from any town and it can be seen who is doing the business. It takes printer's ink to sell goods. Read the advertisements in The Sentinel and see who is doing the business.

A Correction.
In last week's paper, in regard to the flour that is being sold through the Farmers Union Warehouse, it was stated that it was being sold from the warehouse cheaper than in the local market. Merchants of the town state that this is an error, that the same grade of flour can be sold by them at the same price. This correction is made because the statement of last week was printed with the understanding that the flour being handled through the warehouse was the same grade as that sold in the local market.

Siess-Belcher Co. Sale.

The big sale that is now going on at the Siess-Belcher Company's store has been thoroughly advertised, by a page advertisement in last week's Sentinel and 12,000 large posters sent to every section of the surrounding country. No expense has been spared to make this the greatest sale ever pulled off in this section. The American Salvage Company of New York and Atlanta, Ga., has charge of the sale. The company is known from the Atlantic to the Pacific and has conducted some of the most remarkable sales in the country. The sale started last Wednesday and will continue for ten days, which will give everyone a chance to get some of the many bargains.
