TAKE TWO GAMES FROM VERDA TEAM

Large Crowd from Winnfield
See the Locals Win Both
Games.

On last Saturday the first nine of the Winnfield ball players got busy and arranged two games of base ball with the first team of Verda. The local team was composed of Wallace, Barnes, Kidd, McDonald, Williams, Milam, Crawford, Jones, Barnes, and if the official score count for anything those who visited the Verda diamond to see a ball game had no reason to complain. The Winnfield boys took both games in beautiful style, each member of the team showing clever work in the field and at the bat. McDonald's two line drives to the deep left garden were the features of the batting, he being credited with three bases for each drive. Crawford's sensational stop of a hot grounder from the bat of Blackburn and retiring the runner at first brought a round of applause from every fan present. The hit bore the three-base label and in almost any game would have resulted in such.

Williams did the twirling in the first game and those who remember his work on the local diamond two years ago with the Long Leaf team of Dodson will not be surprised to know that thirteen of the opposing batsmen beat the ozone in attempting to connect with his deceivers.

Kidd was on the slab for the locals in the second game and while he did not exert himself still the game was never in doubt from the first inning.

Each game passed off without a bobble, that spirit of good feeling that has always existed between Winnfield and her little sister town, Verda, dominated throughout and the enthusiastic rooters from both places indulged in a friendly combat, each striving to assist in leading their teams to victory.

About the only thing "shy" of perfect peace and tranquility seemed to be the fact that Verda had agreed to pay all expenses in case they lost, and—they lost, all except that expense price. The High School boys paid \$21 for Verda to come to Winnfield and play ball and the expense should have been borne by Verda in this instance.

The official score is as follows:
