

EXTENDED TEN DAYS

Owing to the fact that we have been successful in securing a convenient building facing the Court House on Court street, we have abandoned the idea of closing out business and leaving Winnfield. We have made many warm friends here who have urged us not to go and it was mostly through their influence that we have decided to stay.

We desire to extend thanks to the people of Winnfield and Winn parish for their liberal patronage in the past and hope to receive a continuance of same when we arrive in our handsome new quarters on Court street. A much larger stock will be carried in the future than in the past, so we will be better enabled to supply your wants and needs than ever before.

Remember that our present low prices prevail until our spring stock begin to arrive, which will be about ten days. If you have not purchased a suit or skirt yet, it is time for you to do so, as most of our goods are not too heavy to wear until late spring. These goods are also much cheaper than you will be able to buy again in many seasons.
