SULZER IS FOUND GUILTY BY COURT

NEW YORK GOVERNOR REMOVED FROM OFFICE BY IMPEACHMENT BODY.

ATTACK ON MURPHY

Attorney General Murphy's Horse Thief in Frontier Days Would Have Received a Squarer Deal.

Albany, N. Y.—Found guilty by the high court of impeachment on three of the charges preferred against him, William Sulzer was removed from office as governor of the state of New York. The vote of the court in favor of the removal of the governor was 42 to 11, two members not voting. Martin H. Glynn, lieutenant governor, was sworn in as his successor, the first in the history of the state to step into his office in this manner. The verdict of the court was that Sulzer was guilty of falsification, perjury and an attempt to suppress evidence against him. Of all other charges he was acquitted, the court unanimously voting him not guilty of the four remaining articles of the impeachment.

Can Hold Office in Future. By a virtually unanimous vote, also, the impeachment tribunal decided that Sulzer should not be punished by disqualification to hold office of honor and trust in this state in the future. The ousted executive was served with a copy of the court's verdict at the executive mansion—christened by Sulzer "The People's House."

"Good, I thank you" he said to the sergeant-at-arms of the Senate, who delivered the document. The incoming governor issued a statement in which he said his endorsement would be "to give the people of the state an honest, peaceful, progressive and wise conduct of public affairs."

Sulzer Denounces Court. The outgoing executive issued a statement in which he denounced the "unhappy high court of infamy," and declared that he had removed him and his trial the "confirmation of a deep political conspiracy to oust me from office."

"A horse thief in frontier days," he said, "would have received a squarer deal."

He asserted he had not taken the oath in his own defense because he realized that his story attacking the Thimney leader would be ruled out; asserted that every dollar given him during his campaign had been properly accounted for; that he was "faithful to his trust" and that he "handed back to the people the commission they gave me unvarnished and unsoftened."

"Had I but served the boss with the zeal I did the state, William Sulzer would never have been impeached," he said.

ADMITS HE MURDERED WIFE

Cincinnati Merchant Confesses Story of Suicide Pact is False.

Cincinnati.—William C. Ellis, the Cincinnati leather merchant who was found wounded in a hotel here near the body of his wife, confessed to a coroner's jury that he had killed the woman. He was held to the grand jury, charged with murder. After a conference with members of his wife's family, Ellis abandoned his contention made at first to the police that the tragedy was the result of a suicide pact. He assumed the entire blame for the killing and devoted his statement to obliterating the impression given first that jealousy was the motive for the crime.

Savannah, Ga.—Ten per cent of the people of this city are suffering from dengue, or bone break fever, a painful and serious malady, caused by the bite of the mosquito. Public health commissions are working to check the epidemic.

Southern Girls to Visit Capital. Washington.—Fifteen girls, one from each of the 15 Southern states, will visit Washington probably December 1, as a reward for their success in the recently awarded first place in the girls' debating club state contests, the Department of Agriculture announced. Women agents of the canning clubs will assemble here at the same time. The department estimates that 25,000 girls have enrolled in the canning clubs of the Southern states this year.

Many Miners Are Arrested. Trinidad, Col.—Forty-nine striking coal miners charged with picketing were arrested at the McLaughlin mine of the Santa Fe Coal Company and searched three miles to the county jail at Trinidad. Fifteen deputies armed with rifles flanked the prisoners on either side and a machine gun mounted on an automobile brought up the rear, but in spite of this several attempted to break the lines and liberate the prisoners.

STEPS INTO GOVERNOR'S OFFICE IN NEW YORK

MARTIN GLYNN. Lieutenant Governor Glynn of Albany became chief executive of New York state upon the removal of Governor Sulzer, being the first man to step into the governor's office in New York in that manner.

TEST VALIDITY OF "GRANDFATHER CLAUSE"

FORMER SENATOR BAILEY DEFENDS THE OKLAHOMA CONSTITUTION.

Washington.—The question of the constitutionality of the "grandfather clause" which has been made a part of the constitutions of many southern states has been submitted to the United States Supreme Court. The question was brought up in a case involving the Oklahoma constitutional provision and it has been made a test case.

Former Senator Joseph W. Bailey of Texas appeared on behalf of the Oklahoma election officials. He contended that while the state law discriminates against negroes, it does not abridge any of their rights guaranteed under the Fifteenth amendment to the constitution of the United States. He declared that the states have a right to pass any law they deem necessary to prevent negroes from voting if they see fit to do so.

NO INTEREST IN ELECTION

Result of Mexican Campaign May Not Be Known for Weeks.

Mexico City.—With the elections a few days off and three candidates in the field for the presidency, there appears to be no interest. There is no speechmaking, no parades, no banners only a few posters announcing the several candidates.

The newspapers have paid little attention to the approaching elections, printing only occasional deprecatory articles directed chiefly against the validity of the candidacy of Federico Gamboa, nominated by the Catholic party.

There is no reason to expect results of the balloting will be finally decided until weeks after the elections. The law provides that the ballots must be counted and the results announced by Congress. There is now no Congress in Mexico and there will be none until new members are elected coincident with the presidential election. It, therefore, would seem that members-elect of the Senate and Chamber of Deputies must be inducted and these bodies organized before the ballot boxes can be opened.

Believe King Threatened

Dresden, Saxony.—A mysterious armed stranger was arrested in a theater here. He had supposed that the king of Saxony and the Grand Duke Cyril of Russia were to be among the audience. The stranger had rented a room in a hotel overlooking the street through which King Frederick August and the grand duke were to pass on their way to attend the gala performance at the Court theater. His actions were so extraordinary as to arouse suspicion.

American Balloons Are Winners

Paris.—Official announcement was made of the victory of the American balloon Goddard in the international race for the James Gordon Bennett cup. The last competitor, the Frenchman, representing Austria, was reported as having landed at Souzeval, near Saint Malo on the English channel. The American aeronauts also secured second place with the balloon piloted by Capt. H. E. Honeywell, while Italy was third with the balloon of Signor Pastine.

Two Americans Slain in Mexico

Guadalupe, Mex.—Two American citizens and one Mexican were killed as the result of a feud at Hostotpan, a mining camp in the state of Jalisco, about 90 miles northwest of this city. Twenty-five foreigners there were threatened with extermination. The American victims were Thomas Barrett, a mine manager, and William Kendall, a mine employe. Kendall's mother and daughter reside at Shelburne, N. Y.

Admits Theft in Churches

New York.—Mrs. Katherine Randolph Fitzhugh said to be a member of an old Virginia family, pleaded guilty to two indictments charging grand larceny. Mrs. Fitzhugh stole a gold mesh bag valued at \$500 from Miss Dorothy Fisk, daughter of Plenty Fisk, a banker, while Miss Fisk was worshipping in St. Bartholomew church early last summer. The second indictment charges her with stealing a gold bracelet in the Church of the Transfiguration.

ZEPPELIN AIRSHIP EXPLODES; 28 DEAD

EVERY PASSENGER ON DIRIGIBLE OF GERMAN AERIAL NAVY IS KILLED.

HIGH OFFICERS ARE VICTIMS

Big Balloon Falls 900 Feet a Flaming Mass—Three Die in Aeroplane Accidents.

Berlin.—Twenty-eight persons were killed near Johnsthal in the explosion and fall of Count Zeppelin's latest dirigible balloon, the "L.H." The 28 men represented the entire personnel of the admiralty board which was to conduct the final trial of the dirigible looking to its acceptance by the government as a new unit of the German aerial navy, the pilot and crew and invited guests.

Every person who went aloft in the big airship is dead. Officers who perished were: Lieutenant Commander Behnisch, naval flying corps. Captain Glund, pilot of airship. Naval Constructor Neumann. Naval Constructor Pletzier. Naval Engineer Busch. Lieutenant Baron von Bleul. Lieutenant Trenk. Chief Engineer Hausmann.

Flaming Wreck Falls 900 Feet

Twenty-seven of them were killed almost instantly by the explosion of gas in the balloon or burned to death as the flaming wreck fell to the ground from a height of 900 feet. One man, Lieutenant Baron von Bleul of the Queen Augusta Grenadier Guards, a guest of the Admiralty Board, was extricated alive from the mass of twisted wreckage. His eyes were burned out and he suffered other injuries. Begging his rescuers to kill him and end his sufferings he was taken to a hospital, where he died later.

The "L.H." had it proved successful would have been attached to the aerial corps of the navy, which now has only two men trained to command airships. The official report of the accident says the explosion was due to the ignition of gas in or above the forward gondola, but not within the body of the airship.

Aeroplane Accidents Kill Three

The navy has not been the only sufferer through aviation accidents, for three army officers were killed in aeroplane flights—Captain Haessler, Lieutenant Koch and Sergeant Mante. Captain Haessler, accompanied by Lieutenant von Freyberg, and Lieutenant Koch, accompanied by Sergeant Mante, left Berlin with instructions to fly to points in Silesia and Bavaria respectively to deliver military messages.

The motor of Captain Haessler's aeroplane broke down when the aviators were near Breslau. The gasoline tank of the aeroplane exploded and Captain Haessler was burned to death. Lieutenant Koch and Sergeant Mante fell with their aeroplane near Wuerzburg. Both men were instantly killed.

HOOPER'S BILLS ARE PASSED

Tennessee Solons Enact Laws Demanded by Governor and Adjourn.

Nashville, Tenn.—After having been in session for five days, during which time three so-called law enforcement bills demanded by Gov. Hooper were enacted, the second extraordinary session of the Fifty-eighth General Assembly of Tennessee adjourned. For the third time within the past 10 months, the General Assembly has gone through the formality of adjournment.

There was an absence of friction, in marked contrast to the preceding extra session, which was stormy.

Schmidt Pleads Not Guilty

New York.—Through counsel Hans Schmidt, self-confessed murderer of Anna Aubuller, pleaded not guilty to a charge of homicide and was sent back to the Tombs.

Champion Athlete Is Dead

San Francisco, Cal.—Ralph Rose, holder of the Olympic and world records for shot putting, died here of typhoid fever, after a brief illness. For eight years Rose was champion weight man in amateur athletics. He had a place on the first American Olympic team at Athens in 1906 and was successively a member of the Americans at London in 1908 and at Stockholm in 1912. He was 29 years old.

To Raise \$4,000,000 in Two Weeks

New York.—Announcement has been made of a campaign to raise \$4,000,000 within two weeks for use by the Young Men's Christian Association and the Young Women's Christian Association of this city. The campaign will begin November 10 and continue for two weeks. Three-fourths of the fund will go to the women's organization, and the rest to the men's. Funds will be devoted to erecting new buildings.

Fifteen Hurt in Wreck

St. Louis.—Fifteen persons were injured, two perhaps fatally, when the "Midnight Special" of the Chicago and Alton railroad, bound from Chicago to St. Louis, was wrecked at Alton. The lives of 33 other passengers in all probability were saved by a steel cable bracing a telegraph pole, which caught the chair car and prevented it from overturning. The car was left standing on end and all its occupants were hurled in a mass to the floor.

SEVENTEEN KILLED, 100 HURT IN WRECK

THREE CARS FILLED WITH SOLDIERS PLUNGE FROM A TRESTLE.

Meridian, Miss.—Seventeen soldiers were killed and about 100 hurt when a special troop train on the Mobile and Ohio railroad plunged through a trestle near State Line, Miss. The wreck was caused by the engine tender jumping the track about 200 feet from a trestle. The engine was not derailed and passed over the trestle safely. The tender broke loose from the engine, however, and plunged with the baggage car and three coaches to the ground, 25 feet below.

The identified dead, all members of the 17th company, Coast Artillery: Joseph Teben, Ernest Parquette, Clyde Teel, H. B. Bishop, G. C. Burleson, Joseph Provence, W. H. Brim, W. Akers, Capt. Johnson, Eighth Regiment band; Corporal Kohler, Corporal Chelowski, Van Stebens, private; one body unidentified, with initials "H. T." on cap.

One hundred and seventy-nine soldiers were on board the special train. They were from Fort Morgan, Ala., and Barancas, Fla. They were en route to Meridian to participate in the Mississippi-Alabama joint state fair. They were under command of Major Taylor, Coast Artillery, U. S. A.

The coaches were well filled and when the three cars tumbled through the trestle the men had little protection. The dead and injured were entangled in a twisted mass of wreckage, making it difficult to remove dead bodies or rescue the injured.

WANTED TO JOIN THE NAVY

Fifteen-Year-Old Runaway Boy Stopped on Way to New York.

New Orleans.—Through the efforts of the police, the Burns detective agency and the special correspondent who sent the news broadcast over the country, little Walter A. Taylor, 15-year-old son of Sam W. Taylor, 3222 Bienville street, was located and held up in St. Louis, Mo. He was on his way to New York, bent on enlisting in the United States Navy.

The boy's father upbraided him and threatened to whip him. He slipped away from home, and that was the last seen of him. He had been reading about the United States Navy and his father immediately suspected he had gone for the navy, and this clew was given the detectives and police.

To Celebrate Golden Jubilee

New Orleans.—On Tuesday, Nov. 4, Very Rev. J. B. Bogaerts, former vicar general, and several times administrator of the archdiocese of New Orleans, and for many years pastor of St. Ann's Church, on St. Philip and North Rampart streets, will celebrate the golden jubilee of priesthood. On the 5th day of November, 1863, he was ordained priest in this city. Elaborate preparations are being made by the priests of the archdiocese and by the people of New Orleans for this unusual event.

Pegues Gets Mansfield Postoffice

Washington, D. C.—President Wilson has nominated W. T. Pegues for postmaster at Mansfield, La.

Farmer Dies in His Field

Minden.—James M. Mixon, a prominent farmer, living one mile from Minden, died suddenly, aged 49 years. He was stricken in a field near his home and died before medical assistance could reach him. He is survived by six children.

FOUR ARE KILLED IN MOTOR CRASH

FAMILY OF SAMUEL JEROLLEMAN OF NEW ORLEANS ALMOST EXTERMINATED.

SWITCH ENGINE HITS AUTO

Railroad Held to Blame and Engineer is Arrested on Charge of Manslaughter.

New Orleans.—The family of Samuel Jerolleman, a well known business man of New Orleans, was practically exterminated by an automobile accident which caused the death of four persons and the serious injury of a fifth.

Those instantly killed in the crash were Mrs. Samuel Jerolleman, Samuel Jerolleman, Jr., her son; Mrs. Mary Gutierrez, her mother, and Ashton Close, formerly of Opelousas, La., an automobile demonstrator, who was driving the car. Jerolleman received injuries which it was believed would prove fatal.

The accident occurred when the automobile in which the Jerolleman family was riding and which Mr. Jerolleman had just purchased, crashed into a switch engine of the Terminal Company. The machine was carried along the track for a distance of 400 feet and lay a twisted mass of wreckage on the running board of the engine. The two women and the boy were killed outright and Close died in a hospital a short time after he had been taken there.

The coroner's jury held the railroad to blame in the fact that there was no flagman at the crossing and that the signal bell was not in good condition. Andrew Sexton, engineer on the engine which struck the automobile, was arrested on a charge of manslaughter.

ALEXANDER HEBERT IS DEAD

Was Father of Secretary of State and Orleans Collector of Port.

Plaquemine.—Alexander Hebert, father of Secretary of State Alvin E. Hebert, and of Clarence S. Hebert, collector of customs at the port of New Orleans is dead.

Alexander Hebert was born January 13, 1840. He served throughout the Civil war with the Second Louisiana Regiment, and was in command when the regiment was surrendered at Alexandria.

Mr. Hebert had a conspicuous part in the politics of Reconstruction days, and was an actor in many of the violent incidents of that period. He was elected district attorney for the Twenty-first Judicial District in 1884, and held the place for sixteen years. President Grover Cleveland offered him a place on an international court in Egypt, but he declined it.

Five sons—Humphrey, Lawrence, Raymond, Clarence and Alvin, the children of his first wife, Mrs. Clarissa Roth Hebert—survive their father. One daughter, Mrs. Wallace Dupuy, survives her father. Mr. Hebert had forty-three grandchildren, of whom thirty-seven are living.

Domestic Science Teachers Confer

Alexandria.—Miss Elizabeth Kelly, state supervisor of home economics, held a conference in this city with the domestic science teachers from the following high schools: Miss Mary Thomas, of Chenyeville; Mrs. Grace K. Meyer, of Dodson; Miss Homer Calcutte, of Ashland; Miss Helen Shelby of Eunice; Miss Mildred Mobley, of Winnfield, and Miss Alice Tolbert, of Verda. The object of the conference was to discuss vital details pertaining to the work of the domestic science teachers with a view to securing uniformity of aim and effort in their work.

Meets Death Under Train

Shreveport.—Prentice Smith, a prominent young cattle buyer, of Vivian, was run down and ground to pieces by a freight train of the Kansas City Southern road. The fatal accident occurred between Malvern and Vivian, and is believed to have been due to a horse Smith was riding showing and injuring its rider. The supposition is that Smith was so badly injured he could not get out of the way of the on-rushing train.

SAY MEXICANS ROBBED THEM

American Refugees Arrive in New Orleans From Vera Cruz.

New Orleans.—The steamship Tabasco, of the Mexican Line, arrived in port from Vera Cruz, Mexico, with 20 American refugees on board. The majority of the refugees claimed to have been robbed by bandits or rebels. The Mexicans are afraid to go beyond this in their treatment of Americans, the refugees say.

Many women and children were in the party. All of the refugees were from the peaceful sections of Mexico. They said they left the country because President Wilson warned them to. Several are almost penniless. The Red Cross furnished them all railroad transportation to their homes.

Miss Genevieve Antonio, a New Orleans girl, who has been in Mexico for a year and a half, was a passenger. "I was in Tennesseca, state of Tabasco, most of the time," she said. "I worked for an American firm. When President Wilson sent his message of warning I went to Frontiers, expecting to catch a boat for the states. I was there for weeks, and while in a hotel I had all my jewelry stolen. It was valued at about \$1,000. I finally was instructed to go to Vera Cruz and take passage on this boat."

ALMOST ALL TAXES ARE PAID

Report of Auditor Shows Unusual Collections in Baton Rouge.

Baton Rouge.—The report of Elkin Moses, who recently made his examination of the books of the city, has been filed with Mayor Grouchy. Mr. Moses' report shows that the city treasurer has collected a fraction over 99 per cent of the 1913 license roll. The report continues: "As gratifying as the report on the license roll should prove, that on the tax roll should be equally or more gratifying. The total on this roll is \$73,941.37. The amount actually collected was \$73,653.25. The dual assessment and errors in assessments amounted to \$287.12; the amount uncollected was only \$287.12, showing that 99.64 per cent of the 1912 roll has been collected."

ASK FOR DRAINAGE SURVEY

Baton Rouge Chamber of Commerce Makes Request of Government.

Baton Rouge.—At a meeting of the Chamber of Commerce suggestions were made by members for a hardwood survey, good roads and the repair of the dyke. The president was authorized to appoint committees to arrange for these ends. The chamber, in response to suggestions from Congressman Morgan, sent a message to the United States government, urging a drainage and road survey of the parish, to be made with the consent of the State Highway Department.

POLICE JURY IS ASSAILED

Irregularities in Vermillion Parish Charged in Auditor's Report.

Baton Rouge.—Suggestions of overpayment of bills and other irregularities in the conduct of the financial affairs of Vermillion parish are contained in a report made to Governor Hall by Supervising Auditor W. N. McFarland on the Police Jury of Vermillion parish. The report is the first made under the act of 1912 which authorizes the supervising auditor to examine the accounts of a Police Jury when directed to do so.

The report charges that the finance committee was not careful to verify calculations and extensions on bills before approving them and a number of errors in overpayment are noted. It is charged that the police jury has not observed the law of 1912 which provides that revenues of a particular year shall first be used to meet the expenses of that year.

Excessive payments to road overseers and unlawful payment of mileage and per diem to members of committees are also charged.

Peacemaker is Killed

Houma.—Coroner Menville held an inquest on the body of John Washington, who was killed by Ernest Johnson with an ax at Crescent Farm plantation. Washington had stepped in as peacemaker between two women who were fighting when Johnson ran up with an ax and brained him.

To Seek Oil Near Jonesville

Mayna.—It is reported the Red Star Lumber Company, of Minneapolis, Minn., will shortly operate for oil on Blue Cane plantation, on Black river, 15 miles from Jonesville. The tract consists of about 4,000 acres and is owned jointly by the lumber company and Joseph M. Trisler.

J. W. Essary Is Crop Reporter

Washington, D. C.—Secretary of Agriculture Houston has announced the appointment of J. W. Essary, of Lake Charles, as official crop reporter for Louisiana of the Department of Agriculture.

GIRL DECLARES SHE KILLED MAN

DORA DUVALL, AGED 18, CLEARS FATHER, HELD BY CORONER'S JURY.

SAYS SHE FIRED FATAL SHOT

Milton Delhaye Was Slain While Standing on One of Principal Streets of Crowley.

Crowley.—Miss Dora Duvall, 18 years old, has taken upon herself all the blame for the killing of Milton Delhaye, who was shot down on one of the principal streets of this city in view of a large number of people.

James Duvall, father of the girl, was held by the coroner's jury for the death of Delhaye but Miss Duvall declares that she herself fired the shot which killed Delhaye. She asserts that she did not intend to kill Delhaye but that she followed him for the purpose of compelling him to marry her.

Two days before the shooting, it is alleged Delhaye was forced to leave town by Duvall and Murph but he returned. While he was standing on the street talking to his brother-in-law, Walter Labouze, Duvall and Murph, with Miss Duvall, drove along the street in a surrey. A shotgun was fired from the vehicle, it is alleged, and Delhaye dropped to the sidewalk. Miss Duvall, it is alleged, stepped from the buggy, and rushing to the spot where Delhaye had fallen fired two shots at his prostrate form. Both shots missed. Then, it is said, the girl stooped and kissed Delhaye. Waving her pistol at the gathering crowd she threatened to shoot anyone who approached but she was disarmed by officers and placed under arrest.

ENGINEERS TALK OF FLOODS

National Society Names Committee to Frame New Laws.

New Orleans.—Plans for the framing of laws on the subject of the control of floods and on the general subject of water control were formulated by the members of the American Society of Civil Engineers, which held its convention in this city. A committee was appointed to draft statutes on floods and flood control.

F. H. Newell, a director in the Reclamation Service, was appointed chairman of a committee to draft a national water law. Arseno Perrillat, member of the State Board of Engineers, in an address on the problem of the Mississippi River, made a plea for an appropriation of \$70,000,000, which he declared is necessary to prevent future floods. Weston E. Fuller, consulting engineer of the city of New York, also delivered an address on "Flood Flow."
