Queen Quality SHOES
For Youth or Age
Style with comfort
Comfort with style

The girl in her teens, or the woman in her eighties finds comfort and delight in our fine shoes.

For growing, girl, miss, or debutante, there is an appropriate style to be had in this store. They are especially designed for young feet — pretty and smart but never hurtful. They follow Nature's lines with beautiful curves.

Women of advanced years find our shoes to their liking. There is no reason why a shoe for an elderly lady should be an ugly shoe. Queen Quality has found the way to make Comfort and Beauty go hand in hand. We have a large variety of shoes for women of every age.

LOCAL HAPPENINGS

Happenings of Local Interest Picked Up Around Town.

The Red Cross will give a grand ball during the fair week.

Ednar Yergler of Shreveport has been the guest of her aunt Mrs. Jessie Y. Bonney at the home of her grand-mother Mrs. Mary Yergler.

Deputies wanted for the W. O. W. A really good paying contract for good men. Address: L. P. BUTLER, Box 533 Shreveport, Louisiana.

Miss Carolyn Roux, of Baton Rouge La., is the guest for a few days of Mrs. John E. Yergler. Miss Roux taught last year in Baton Rouge and will teach again this year in that place.

Mr. and Mrs. Walter Crook had as their guests on Wednesday their uncle, ex-senator Harry Peyton of Washington D. C. and their cousin Miss Joseph Alexander of Indiana. Miss, who were enroute to Lake Providence to visit relatives.

The Red Cross will operate a parcel post booth during the fair week. Everybody get busy and make something for parcel post. The money raised will go towards buying sweaters and woolen socks for our "sons and brothers and friends' sons and brothers somewhere in France."

The town of Tallulah has taken on a new dignity by the coming of the soldiers boys for a vacation of two weeks. Among those to arrive are Lieut. E. L. Watson, Lieut. Mason Spencer, Lieut. Julian Monette, Lieut. Henry Sevier, and others whose names have not been learned. Our soldier boys look fine and quite military in their soldier suits. We hope the banner of peace may be unfurled before they are called to the front.

At the residence of Mrs. Ruth Lane on Wednesday evening a beautiful home wedding occurred when her daughter, Sybil, became the bride of Mr. W. B. Williams who is a late graduate of the A. & M. College in Starkville, Miss., and is now in the employ of the bureau of entomology here. The bride is well and affectionately known by many friends here, who wish for the young couple a long life of happiness and prosperity.

The Red Cross workers of Tallulah have just cause to be proud of the box shipped by the order here to headquarters on Wednesday last. The articles were pressed and then subjected to the inspection of the different members of the order and to all interested in the work of the Red Cross. Mr. Noland Harvey proved himself not only a friend to the cause in its laudable work, but gave efficient service in packing and shipping the box.

A delightful bridge party occurred at the residence of Mrs. W. M. Scott on Thursday afternoon. Mrs. W. M. Scott and Miss Arwin Scott were co-hostesses. The following guests were present: Misses Shelby Harvey, Willie Smitha, Anita Monette, Juanita Sevier, Genevieve Berger, Mattie Blair, Addison and Retta Brooks, Mattie, Bessie and Agnes Johnson, Pauline and Eunice Newton, Annie Ward, Carolyn Roux, Mesdames. Carnal Goldman, John E. Yergler, McDuff, James Johnson, Fred Sharp. The pleasant games resulted in Mrs. Sharp receiving the first prize. A delicious salad course and ices were served.

Catarh Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarh Cure is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarh Cure was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarh Cure is what produces such wonderful results in catarhal conditions. Send for testimonials, free. F. J. CHENEY & CO., Props., Toledo, O. All Druggists, 75c. Hall's Family Pills for constipation.

STOCKHOLDER'S NOTICE

By order of the Board of Directors of the Tallulah State Bank, a meeting of the stockholders of said Bank is hereby called, to be held at the Bank on Tuesday September 11, 1917, at 11 a.m., for the purpose of considering the question of amending Article No. 4 of the Charter, so as to increase the number of Directors to nine; and if such amendment is carried, to elect two additional Directors.
W. S. CRAIG, Cashier.

AUTOMOBILE DEALER

WANTED
with or without a garage

We have an exceptionally good proposition, on a popular price car, for the hustler with little capital. With our service plan it is not necessary to be a garage owner to be a dealer. However, we will be glad to hear from those who do own garages. Write us, wire us, or phone us.

INQUIRE OF JAS. R. LINTON, TALLULAH, LA.

CLARA PAULINE LEEVES

On the afternoon of last Saturday at the home of Dr. and Mrs. G. W. Gaines assembled many friends to pay a tribute of sympathy to them in the sorrow that had visited their home in the death of their grandchild, Clara Pauline, the little daughter of Mr. and Mrs. R. C. Leeves.

For days anxious watchers at the bedside of the little sufferer had battled with hope and fear—hope that the precious life of the little one might be spared; and fear that tender nursing, combined with the skill of physicians, would not be able to avert the blow which threatened to bring sorrow to the home where little Pauline had brought brightness and sunshine. For five brief years the little girl had given joy and pleasure to those to whom she was so dear. Then when Death, the fell messenger, grew victorious in the fray, there was regret in the minds of many friends, and the intensity of grief was felt in the hearts of those near and devoted ones by whom little Pauline was beloved.

The touching funeral service was conducted by the Rev. D. C. Barr, after which a procession of friends slowly wended its way to the Silver Cross Cemetery where the remains in its bed of flowers was tenderly laid to rest.

This little child with smiles so true,
Pure as the lily white,
Pure as sweet violets bathed in dew
Where Heaven has always breathed and smiled.

Pauline has gone from earth away
To blissful mansions far above;
Her soul has risen to Life's day;
And all her songs are Love!
—M. B. Y.

RED CROSS HERE SHIPS BOX

The Madison Parish Red Cross Auxiliary shipped its first boxes of hospital garments last Wednesday to New-Orleans, from which place it will be shipped abroad.

The boxes contained 36 hospital shirts, 28 pr. pajamas, 6 bath robes, 24 shoulder wraps, 36 operating leggings, 44 hot water bag covers, 60 knitted wipes, 12 bath towels, 72 hankkerchiefs, 72 wash cloths, 5lb. old linen for surgical dressings, total 390 articles.

While thanks are due all the members of the Red Cross for their money, time and work, we feel that Mr. Noland Harvey should be especially mentioned and thanked for his efficient help in packing the boxes, and also for his assisting in entertainments.

The community certainly congratulates itself on our admirable chairman, Mrs. Charles Coltharp, who has labored in season and out of season for the work. We express our heartfelt appreciation for her work.

The Red Cross sewing room will be closed until Aug. 27, as the ladies have home work which needs their attention. After that new work will be taken up and workers will be needed. The women of Madison Parish have responded most generously in giving their time and energy. We are sure there will be no slackers among them.

constipation is one of many ailments and disorders that make life miserable. Take Chamberlain's Stomach and Liver Tablets, keep your bowels regular and you will avoid these diseases. For sale by all druggists.

CONSERVATION OF LIVE STOCK

The President of the United States has issued a very urgent appeal to the Nation to conserve the Live Stock as we will need all we have and more.

The President has earnestly endeavored to acquaint the public with the serious situation that confronts the nation today through various mediums and inasmuch as the Railroad of this Country have pledged their fullest co-operation with the Government in reducing Economic waste in every way possible, we feel that it is our Patriotic duty, as well as yours, to exert every energy within our power to further the plans of the Government with the end in view of winning the war as quickly as possible—is it has been forcibly impressed upon every one that the powers that have the food is the one to win the war. Is it not an individual duty as Americans to assist in producing and conserving that food?

One of the greatest wastes of this country today is the killing of stock by railroad trains.

Do you know that the value of live stock killed annually, by railroad trains approximates many millions of dollars?

Do you know that the thousands of horses and mules that are killed every year would fill the artillery requirements of many regiments?

Do you know that the thousands of cattle, hogs and sheep that are killed every year would provide meat for thousands of our soldiers in France?

Do you know that when you prevent the loss of even one animal you serve your country patriotically and effectually?

Do you know that during the year ending June 1917 one railroad alone killed 7616 head of live stock, majority of which could have been averted had owners not permitted stock to run at large?

The value of these animals was approximately over a quarter of a million dollars!

What is the remedy for this national evil? We suggest the following: Owners of stock outside of corporate limits of cities, towns, and villages keeping their animals in fenced enclosures and not permitting their stock to roam at large on railroad right-of-way.

City, town, and village officers passing ordinances prohibiting the practice of permitting stock to roam at large.

Engineers taking every precaution within their power to avoid striking stock.

Section men driving stock off right-of-ways, keeping gates closed and fences and cattle guards in good repair.

Newspaper editors placing the matter before the public through the papers.

Every individual making a persistent, personal effort to bring about desired results.

Will you do your "bit?" The co-operation of banks are earnestly requested.

Telephone Courtesy

The people who get the greatest amount of good out of their telephone are those who talk over it as though face to face.

Courtesy smooths out difficulties and promotes the promptest possible connections.

The operators of the BELL System are trained to be patient and polite under all circumstances, but they will do better work if they meet with patience and politeness on the part of the telephone users.

The fact that you cannot see the operator or the other party should not cause you to overlook this. The best results come through the practice of mutual courtesy.

The voice with the smile wins
