

SAMMY SOLDIER OUTFIT

BOYS! Don't you wish you had a honest-to-goodness khaki suit with the shoulder straps, bronze buttons, patch pockets, puttees, etc.?

WE HAVE IT

It's the Sammy Soldier Suit in khaki for boys from 4 to 14. There is an aviator's cap, a coat, pair of breeches and a pair of puttees.

MOTHER

Don't be spending her money for a cheap toy suit, but a durable one that will look good, wear like iron and wash like a daisy.

There's a size for YOU. Come in and try it on.

W. H. PIERSON
Tallulah, La.

We heard the best one yet on Tallulah this week. A carpenter told us that there was a plenty of carpenter work around Tallulah, but that he could not find a place to stay.

We understand that the organization of a large wholesale grocery for Tallulah is on foot.

The property presently occupied by M. H. Coltharp, Garage, was bought last week by Mr. Biedenham, of Vicksburg, Miss., who, we understand, will put up bottling works in these buildings.

The Journal is better prepared now than ever to handle your job printing, and to show that we satisfy with our work, we have been extremely busy since the shop recently opened up again. If you have an order, let us have it, whether it be large or small.

There will be a good program at the Lyric Theatre next week. Don't miss it.

Planters' Meeting.

There will be a meeting of the planters held at the Court House in Tallulah next Tuesday at one o'clock p. m., to select delegates to the Cotton Convention to be held in New Orleans on Feb. 17th and 18th. All cotton planters are requested to attend.

Mr. C. M. Rummage has returned to Tallulah, having been discharged from the army. We understand that Mr. Rummage will resume employment at Barnett's Barber Shop, where he was employed shortly before he left for the army.

The Journal has received the following invitation with the request to publish:

"The Governor, the Commissioner of Agriculture of the state, the Dean of Louisiana College of Agriculture, the Mayor of the City of New Orleans, the Association of Commerce and the business interests of the city extend to you and your friends an earnest invitation to participate in the seventh annual convention of the Southern Cattlemen's Association to be held in the City of New Orleans February 11-14, 1919."

NOTICE FOR PUBLICATION

Notice to the Public:
Tallulah, Louisiana, January 28, 1919.

Public notice is hereby given that on account of retiring from business I have this day sold to W. J. Fitzgerald and J. C. Watts, composing the firm of Fitzgerald & Watts all my saloon fixtures, merchandise, liquors, etc., heretofore conducted by me on DeSoto Island, in this parish, and I am in no manner any longer connected with said business either as retailer or wholesaler, which will from this day forward be conducted by said Fitzgerald & Watts.

T. M. MORRISSEY.

Referring to the above card we solicit the patronage of all former customers of Mr. Morrissey at our place of business on DeSoto Island, Madison parish, Louisiana, assuring them they will receive prompt, courteous, and fair treatment.

W. J. FITZGERALD,
J. C. WATTS. (10d.)

Mr. and Mrs. W. H. Bailey, of Rayville, La., spent Sunday with Mr. and Mrs. R. P. Gaines in Tallulah.

Tallulah is very glad to welcome Mr. and Mrs. J. W. Ward and family. Mr. Ward has purchased Mr. John E. Yerger's residence, and will reside at that place.

Lt. and Mrs. Henry Sevier have returned from a visit to Mrs. Sevier's aunt, Mrs. Warfield, at Readland, Ark. Lt. Sevier has recently returned from the trenches in France and is now enjoying a thirty days furlough. He will shortly return to Camp Ogleshorpe, Chattanooga, Tenn., where he expects to receive an honorable discharge.

Mrs. C. B. Claughton, of Tallulah, had as her guest last week her sister, Mrs. Chas. Germany, and little son, of Centerville, Miss.

The lately organized "Glee Club" of Tallulah is progressing rapidly. The Club spent a most enjoyable evening last Wednesday at the home of Mrs. A. J. Sevier and will meet on next Tuesday at the home of Miss Beers.

Dr. and Mrs. B. C. Abernathy and family, of Sonzheimer, La., spent the week end with Mrs. Abernathy's parents, Dr. and Mrs. G. W. Gaines in Tallulah.

Captain Gordon Blair, who has recently received a discharge from the army, is in Tallulah, before resuming his position in civil life.

Pvt. J. L. Murray has returned to his home in Natchez, Miss., having received his discharge from the army last week, and on his way home he passed through Tallulah. We understand that Mr. Murray will return to Mound where he has accepted a position.

The family of Mr. T. P. Kell has moved to Tallulah, Mr. Kell having purchased the home of Mrs. Bowers. The Journal extends to them a warm welcome to town. Formerly they resided at their plantation home near King, La., in the lower part of the parish.

The family of Mr. P. H. Hebert, whose home burned some time ago, has moved into the residence formerly occupied by Mrs. E. C. Montgomery, where they will be located for some time.

Mr. W. T. Wallace, the popular express man at the V. S. & P., has been ill, but is improving rapidly.

If your hens do not lay call at W. A. Gilpin's store and get a package of "More Eggs" tonic—a million dollar guarantee. Makes layers out of loafers.

Chess Davis, musical Revue, was good and everyone is looking forward to the return engagement.

Attention is called to the attractive advertisement of the Valley Dry Goods Company, which appears with this issue. This firm believes in advertising, and offers great reductions this week, one way of advertising. Give them the "once over."

The Delco Light man has a page ad in this issue calling your attention to his product. The Delco light is one of the most important things for the farmer, and Mr. M. H. Coltharp, the agent in these parishes, is the very man upon whom you can depend to fix your Delco Light if it should get out of order. However, we are told that they are very much like the linotype machines, that they will not get out of order unless put out of order by utter carelessness.

Attention is called to the fact that Mr. Mertie Bloom has returned to his position as pharmacist for the Bloom-Sevier Drug Co., and that firm has put in a Delco Light outfit. They claim for these two reasons that they can more carefully than ever before handle your prescriptions.

Water Plants Scientifically.
A French botanist who has experimented with vegetable raising has determined the exact amount of water necessary for the best growth of various plants. In general, he found that a supply of water administered uninterruptedly drop by drop brought better results than even systematic drenching.

"Fordson" TRACTOR

THE "FORDSON" TRACTOR IS THE RESULT OF EXTENSIVE TRIALS AND EXPERIMENTS CONDUCTED BY MR. HENRY FORD, COVERING A PERIOD OF MANY YEARS. BEFORE PLACING THE TRACTOR ON THE MARKET, EVERY DETAIL HAS BEEN THOROUGHLY TRIED OUT UNDER ACTUAL FARMING CONDITIONS IN VARIOUS PARTS OF THIS COUNTRY AND ABROAD.

Being Small, Light and Economical, the "FORDSON" Tractor is adapted for use on small farms, as well as large farms

AS WELL AS ON THE LARGEST. IT WILL PULL ALL FARM MACHINERY AND DO THE WORK GENERALLY DONE BY HORSES ON THE FARM. IN ADDITION, BY ITS BELT PULLEY THE TRACTOR WILL DRIVE FARM MACHINERY SUCH AS A THRESHER, ENSILAGE CUTTER, SAWMILL, ETC., MAKING THE "FORDSON" A TRULY UNIVERSAL TRACTOR.

WE WILL RECEIVE A SHIPMENT OF TRACTORS AT AN EARLY DATE. PLACE YOUR ORDER NOW FOR EARLY DELIVERY.

SAVE 16,000,000 BUSHELS OF WHEAT THAT FORMERLY WAS LOST IN THRESHING

Farmers, Urged by Food Administration, Provide Seven Extra Loaves of Bread for Every American.

By adopting cleaner threshing methods and by literally combing harvest fields to gather grain formerly wasted, threshermen and farmers of the United States this year saved fully 16,000,000 bushels of wheat, estimated as equivalent to about seven one-pound loaves of bread for every person in the country. This result, accompanied by corresponding savings of barley, oats, rye and other grains, is shown by reports from 33 grain states to the U. S. Food Administration. Other states, although not prepared to furnish definite figures of conservation in the grain fields, report greatly reduced harvest losses.

This rural food saving achievement, accomplished in scarcely six months time, was in direct response to requests by the Food Administration, which asked farmers and threshermen to reduce harvest losses from about 34 per cent—the estimated average in normal times—to the lowest possible minimum. Country grain threshing committees carried into every grain growing community the official recommendations for accomplishing the results desired.

In numerous instances drivers of racks with leaky bottoms were sent from the fields to repair their equipment and frequently had order threshing machines were stopped until the cause of waste was removed. But in proportion to the number of persons engaged in gathering the nation's grain crop, cases of compulsion were comparatively rare. The Food Administration freely attributes the success of the grain threshing campaign to patriotic service by farmers, threshermen and their crews. Incidentally grain growers of the United States are many millions of dollars "in pocket" as a result of the grain saved.

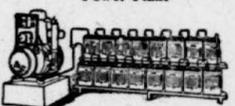

NO ONE SUFFERED HERE.

The marvel of our voluntary food-saving, now that we are "getting results," is that no one ever actually suffered any hardship from it; that we all are better in health and spirit and better satisfied with ourselves because of our friendly self-denial.

For Sale.—Registered Hampshire Hogs—young gilts and boars, also a few breed sows. Address: J. M. DONALD, Quebec, La.

Developed by the same men who made Delco starters for automobile.
