Police Jury Proceedings.

Pointe a la Hache, La., March 4, 1914.

Pursuant to adjournment, the Police Jury met this day with the following members present:

1st ward, I. S. Lothrop; 2nd ward, A. Leopold; 3rd ward, E. A. Schayot; 4th ward, Thomas Brophy; 5th ward, Dr. Geo. A. B. Hays; 10th ward, J. B. Festerling. Absent: Jos. Bernard, C. Grabert, Fred Bayhi.

On motion of E. A. Schayot seconded by A. Leopold, R. C. Favret was appointed Secretary pro tem in the absence of Lucien Caro, Secty.

On motion of Mr. Leopold seconded by Mr. Schayot:

Whereas, Mr. Marcel Garsaud, has made application to the State Board of Engineers and this Police Jury, through its representative, for the cancellation of the Fifty Thousand Dollar Bond given by him for the construction of the shell road in the First Road District and,

Whereas, the said Mr. Marcel Garsaud has also made application to the said parties for the privilege of delivering the said road in sections of five miles; and,

Whereas, the two said demands meet the approval of the State Board of Engineers and the special committee appointed by this Police Jury for the purpose of supervising this said work;

Be it Resolved by the Police Jury of the Parish of Plaquemines in special session called for this special purpose, that this police jury thus hereby agrees to release the said Marcel Garsaud from the said Fifty Thousand Dollar bond furnished by him for the construction of the said shell road in the First Road District of this Parish, and that the President of this Police Jury is hereby authorized and instructed to sign such release as may be prepared by the State Board of Engineers and signed by them to carry into effect this resolution.

Be it further Resolved, That the said release shall specially provide that the said twenty per cent now retained shall be kept in lieu of said bond and shall serve as a guarantee for the completion of the said work as provided for under the contract, and that this Police Jury, by the cancelling of this bond, shall waive no right that it had or may have in the said contract, it being the idea that the said twenty per cent is sufficient without the bond to guarantee the completion of the said work.

Be it further Resolved, that the President of this Police Jury be and he is hereby authorized and instructed to sign such agreement as will be prepared by the State Board of Engineers changing the original contract in this matter so as to accept the said shell road in sections of five miles instead of the entire road at one time, provided that the said acceptance of the said road shall not release the twenty per cent retained thereon, the said twenty per cent to be retained until the final completion and acceptance of the entire road as provided for above, the idea being that they shall release the contractor from the maintenance of the said sections of road when accepted.

Be it further Resolved, that the President of this Police Jury be and he is hereby authorized and instructed to sign all documents necessary to carry this resolution into effect.

On motion of Dr. Hays seconded by I. S. Lothrop. It is requested that the District Attorney furnish his written opinion to the police jury to the effect that the contract will not be impaired in any manner by the cancellation of the bonds. Carried.

At a joint meeting of the Advisory Committee appointed by the police jury of the parish of Plaquemines in reference to the acceptance of shell road, Board District No. 1, and the Committee appointed to investigate and report best ways and means of maintenance of said road, held at Pointe a la Hache Court House, Feb. 18, 1914, after a thorough inspection of said road.

Present: John Dymond, Sr., Judge Henry Meyer, Sidney B. Meyers, I. S. Lothrop, Warren Buckley, Wm. Dymond, Simon Leopold, Oliver S. Livaudais, Adnan Leopold, Police Juror E. A. Schayot, Police Juror in said District, Frank C. Meyers, Sheriff, and others.

Mr. John Dymond, Sr., on motion duly seconded, was unanimously elected Chairman of said meeting.

After hearing the verbal statement of Mr. Atkinson, Chief Engineer of the Highway Department, and Mr. Lombard, representing the State Board of Engineers, regarding the present condition of the shell road, Messrs. Ernest and Paul Jahneke, being present at said meeting, Mr. Ernest Jahneke, as spokesman on behalf of the contractors, submitted a proposition to deliver to the road district an equivalent amount of shells in lieu of completing

work on shoulders of road not yet completed, and in default of this proposition being accepted, that considering as he stated that it was next to impossible to have the whole line of road which extends from Pointe a la Hache Court House to the St. Bernard Parish line completed at one and the same time, he requested that the Police Jury authorize the engineers of the Highway Department to accept the road in sections of not less than five (5) miles at a time. He also stated that he was under a heavy bond for the completion of said road, the original bond being for the sum of Fifty Thousand Dollars (\$50,000.00); that besides the sub-contractor, Mr. Speed, furnished additional bond for Twenty-five Thousand Dollars (\$25,000.00) for completion of that portion subleased to him, and that the Highway Department and State Board of Engineers were withholding the sum of Nineteen Thousand Dollars (\$19,000.00) out of the contract price until the work was completed; that the road was almost completed and that he was put to quite an expense by having to maintain this bond of Fifty Thousand Dollars, and he requested that this bond of Fifty Thousand Dollars (\$50,000.00) be authorized to be cancelled at this time by the police jury.

After hearing the proposition of Mr. Jahneke and his retiring from the meeting, a general discussion and expression of views on the subject was gone into, when after the statement of both Mr. Atkinson and Mr. Lombard, Engineers, that the amount of Nineteen Thousand Dollars (\$19,000.00) withheld from the contract price due the contractors by the State Board of Engineers was largely in excess of the amount necessary to complete the road in full accordance with the contract and that in their opinion it would be safe to order the cancellation of the bond of Fifty Thousand Dollars at this time;

It was resolved on motion of Oliver S. Livaudais, seconded by Simon Leopold,

That provided the bond of Fifty Thousand Dollars (\$50,000.00) originally given by the contractors could be cancelled without altering or changing the nature of the contract and that no legal complication could arise by so doing that the Committees in joint meeting assembled recommend to the Police Jury the cancellation of said bond of Fifty Thousand Dollars subject to the approval of the District Attorney, their legal adviser.

This resolution after being put to a vote by the Chairman was unanimously carried.

The next question discussed was the proposition of accepting shells in lieu of completion of work uncompleted on shoulders of road.

This proposition was unanimously declined, and on motion of Warren Buckley seconded by Henry Meyer it was resolved,

That this joint Committee recommend to the police jury that the Highway Department be authorized to accept the shell road in sections of five miles as completed rather than as a whole, as now provided by the contract.

It was the sense of the meeting that the question of the legality of the cancellation of the Fifty Thousand Dollar bond be submitted to the District Attorney and that they recommend to the President of the police jury the advisability of calling a special meeting at an early date for the consideration of the recommendations of these committees, as the contractors propose to immediately go to work in earnest and complete the road at once, provided same is to be accepted in five mile sections, as above recommended.

On motion of A. Leopold the report of the advisory committee was accepted. On motion of Dr. Hays seconded by E. A. Schayot. It was moved that a vote of thanks be tendered to Mr. Jahneke for the shells given.

On motion of E. A. Schayot seconded by Dr. G. B. Hays Pres. J. B. Festerling was authorized to sign the act of sale of the property offered for sale by the parish to Mr. Geo. Juergeno located in the lower end of the 3rd ward.

By A. Leopold seconded by E. A. Schayot the following budget of probable expenses for the year 1914 was ordered published for thirty days.

Table with 2 columns: Item and Amount. Items include Police Jury (\$700.00), Pensioners (\$300.00), Sheriff (\$400.00), District Attorney (\$1000.00), Assessor (\$1000.00), Coroner (\$500.00), Jail Physician (\$500.00), Health Officer (\$500.00), Parish Treasurer (\$800.00), Secretary Police Jury (\$325.00), Clerk of Court (\$200.00), Justice of the Peace and Con. (\$2000.00), Jury Commissioners (\$65.00), Registrar of Voters (\$325.00), Board Election Supervisors (\$150.00), Cadet at L. S. U. (\$250.00), Cadet State Normal (\$180.00), Election expenses (\$100.00), Official Journal (\$200.00), Jurors and witnesses (\$1000.00).

\$14,425.00

On motion of Mr. Leopold duly seconded the Police Jury adjourned to meet on April 15, 1914.

Hog Cholera.

No protective agent against hog cholera yet discovered equals in effectiveness the Dorset-Niles serum, or, under certain conditions, the serum and virulent cholera blood administered at the same time—simultaneously. Notwithstanding the gratifying results that are being secured from the use of the serum, however, all of the hog-producing states are more or less discouraged at the continuance and spread of hog cholera. From recent investigations made, including all of the states of the union,

it has been found that while the serum accomplishes all that could reasonably be expected of it in the way of protection, the sanitary regulations, such as the careful disposal of infected carcasses, thorough disinfection of premises, etc., are, in the majority of instances, being more or less neglected or ignored and there can be little doubt that it is to this neglect in the main, that the maximum of good results is not being secured.

It should be indelibly impressed upon the mind of every hog owner in the state that cholera is one of the most infectious of animal diseases; and while the serum may protect the well hogs on an outbreak, it will not, and does not prevent the spread of the infection from the diseased carcasses, if the latter are not destroyed either by burning or deep burial with lime, and other sanitary measures adopted to kill the infection and prevent its being spread to other herds. In other words: To strict the serum only, without adopting strict sanitary measures along with it is tantamount to keeping the disease alive just for the fun of trying to protect against it. This is not as it should be, and is certainly not the end sought to be accomplished by the State Live Stock Sanitary Board which is charged with the control of this infectious and expensive disease, nor we would hope, by intelligent hog owners themselves. Nevertheless, this is precisely what is being done by many at the present time, and it is largely due to this condition of affairs that hog cholera is being permitted to spread, notwithstanding the extensive use of the serum.

The main point to be strongly urged here, is, that the serum, although a most valuable protective agent in itself is an aid or adjunct, only, in the control and eradication of hog cholera infection; the main thing being the adoption and strict enforcement of necessary and thorough sanitary measures, as required by law and the regulations of the State Live Stock Sanitary Board.

Louisiana has one of the very best live stock sanitary laws, and set of regulations, in the whole country. Laws of such a character are not enacted, nor regulations adopted, to work a hardship on anyone, but are for the general good of the people; and the authorities, in trying to enforce the law and the regulations—for the general good—should receive the assistance and hearty co-operation of everyone for whose benefit the law was made. Are our hog owners giving to the State Live Stock Sanitary Board this assistance and hearty co-operation to enable it to carry out the sanitary provisions of the law for their benefit, and in the interest of the hog raising industry of our state? If not, we need never expect to get rid of the infection of hog cholera, notwithstanding the use of the serum.

Public opinion and sentiment are powerful factors in determining results. Why, then, should they not be directed more along lines that will accomplish the greatest good to the greatest number of our citizens, as concerns the control and extermination of hog cholera, and the upbuilding of a great and profitable branch of the live stock industry in our state.

The State Live Stock Sanitary Board, with headquarters at Baton Rouge, prepares and distributes the protective serum for the benefit of our hog owners, but, at the same time, the law under which the board was created also requires that its sanitary regulations be carried out. This cannot be effectively accomplished, however, without the co-operation of our people, who are vitally, or otherwise, interested, which includes our parish authorities as well as individuals.

"In unity there is strength" is a motto which is as true in its application to the hog cholera situation as to any other of equal importance.

With serum and sanitation combined, there is every reason to hope for successful results; to depend upon serum alone, is trifling with the problem.

Louisiana State Live Stock Sanitary Board, Dr. E. P. Flower, Sec.
