

Withered Violets.
Long years have passed, pale flowers, since you
Were culled, and given in brightest bloom,
By one whose eyes collapsed your blue,
Whose breath was like your own perfume.
Long years—but though your bloom be gone,
The fragrance which your freshness shed
Survives, when memory lingers on,
When all that blessed life has fled.
Those hues and hopes will pass away;
Thus youth, and bloom, and bliss, depart;
Oh! what is left when these decay!
The faded leaf, the withered heart!

Robert Schuyler, the railroad swindler, has
bought an estate on the Rhine, and sent for his
family. Whereupon a poetical man laments the
decline of chivalry:
Alack! the gallant days of yore,
Thou land of mount and vine; Of
The "Robber of the Rhine" no more,
But the robber of the Rhine.

The young lady who was accused of breaking
a young man's heart, has been bound over in the
bonds of matrimony, to keep the peace.

**THE BRITISH QUARTERLIES,
AND BLACKWOOD'S MAGAZINE.**
LEONARD SCOTT & CO., New York, continue to
re-publish the following British periodicals:—
1. The London Quarterly Review (Conservative).
2. The Edinburgh Review, (Whig).
3. The North British Review, (Free Church).
4. The Westminster Review, (Liberal).
5. Blackwood's Edinburgh Magazine, (Tory).

The present critical state of European affairs will
render these publications unusually interesting during
the year 1855. They will occupy a middle ground
between the hastily written news items, crude specu-
lations, and flying rumors of the daily journal, and the
ponderous tome of the future historian, written after
the living interest and excitement of the great political
events of the time shall have passed away. It is
to these periodicals that the readers must look for the
only really intelligible and reliable history of current
events, as such, in addition to their well established
literary, scientific, and theological character, we urge
them upon the consideration of the reading public.

Arrangements are in progress for the receipt of early
copies from the British publishers, by which we shall
be able to place all our reprints in the hands of sub-
scribers about as soon as they can be furnished with
the foreign copies. Although this will involve a very
great outlay on our part, we shall continue to furnish
the periodicals at the same low rates as heretofore, viz:
For any of the four Reviews, per annum, \$3; for
any two of the four Reviews, \$5; for any three of the
four Reviews, \$7; for all four of the Reviews, \$8; for
Blackwood's Magazine, \$8; for Blackwood and three
Reviews, \$8; for Blackwood and four Reviews, \$10.
Payments to be made in all cases in advance. Money
current in the State where issued, shall be received at
par.

A discount of 25 per cent. from the above prices
will be allowed to clubs ordering four or more copies
of any one or more of the above works. Those copies
of Blackwood, or one of the Review, will be sent
to one address for \$3; four copies of the four
Reviews and Blackwood, \$11, and so on.
Postage.—In all the principal cities and towns,
these works will be delivered through agents, free of
postage. When sent by mail, the postage to any part
of the United States will be but twenty-four cents a
year for "Blackwood," and but twelve cents a year for
each of the Reviews.

Remittances and communications should always be
addressed, post-paid, to the publishers,
LEONARD SCOTT & CO.,

College, New Haven, complete in two volumes, royal

resuscitated and thrown upon the market.

ARTIST'S UNION OF CINCINNATI.
AN INSTITUTION FOR THE ENCOURAGEMENT OF
THE FINE ARTS IN THE WEST.
"THE ARTIST'S UNION OF CINCINNATI," estab-
lished for the promotion of the tastes for the Fine Arts,
and the encouragement of the great body of artists
residing in the Western States. To accomplish an
object uniting great public good with private gratifica-
tion, at a mere nominal expense, in a manner best
suited to the wants, habits, and tastes of the people,
the managers have adopted the following plan, which
they think will meet the approbation of all those who
take an interest in the progress of the Fine Arts.

The annual subscription of membership is three
dollars, which entitles a member to one share in the
distribution of works of Art, and to one of the en-
gravings—five dollars entitling the member to two cer-
tificates and two engravings. The money obtained
from such subscriptions (after paying necessary ex-
penses) is appropriated as follows:
To the production of two magnificent engravings,
in the highest style of art, of which every member re-
ceives one copy, for every certificate held, which will
be delivered in the order of subscription.

To the purchase of American works of art, which
will be publicly distributed among all the members, on
the first of January of each year, in such manner as a
majority of them may determine. The Paintings to
be distributed will be framed at the expense of the
Institution.
Members who subscribe for more than one share in
the distribution, are for every share subscribed pre-
sented with an additional engraving, worth nearly that
amount. Each member will also be entitled from the
date of his subscription, to the numbers of the "West-
ern Artists' Journal," a monthly publication devoted
to literature and the Fine Arts.

A full equivalent is guaranteed to subscribers for
their money, and a chance to win a fine painting be-
sides, while at the same time, they have the satisfac-
tion to know that they are encouraging a noble en-
terprise.
The managers of the Artists' Union, in submitting
the plan of their Institution to the people of the United
States, are convinced that the Fine Arts in this coun-
try can never obtain an elevation commensurate with
the advances made in all other departments of civiliza-
tion, until a liberal encouragement is bestowed upon
the high efforts of the pencil and chisel. They consid-
er this object as not less important to the morals
than to the tastes of the community, and that an attach-
ment to the Fine Arts is equally as distinctive of na-
tional refinement and civilization, and it encouraged
will result in great good, not only to the Artists, who
are most directly interested in the spread of a knowl-
edge of the Arts, but to the community at large.

Members for 1854 will have the privilege of choos-
ing from any of the engravings issued by the Artist-
Union, viz: "Education of Morals," a beautiful steel
engraving, and the "Burial of De Soto," (after Powell's
celebrated work), "In a Quagmire," (after a painting
by Bingham), and "Education of Nature," or "Wash-
ington," (from Stuart's celebrated portrait), and "Catch-
ing Rabbits," by Mount.

Subscriptions received by honorary Secretaries in all
the principal towns and cities throughout the United
States, where the payments have been made, in places
where there are none, subscriptions with the money
can be remitted by mail to Chas. H. Ewins, Treasurer,
Cincinnati, (at his risk), on the receipt of which, a cer-
tificate of membership will be sent.

HOYE & CO'S PATENT GROUND SAWS.
The subscribers manufacture from the best Cast
Steel, CIRCULAR SAWS, from two to eighty
inches in diameter. Their Saws are hardened and
tempered, and are ground and finished by machinery
designed expressly for the purpose, and are therefore
much superior to those ground in the usual manner,
as they are strengthened and stiffened by increasing
them in thickness regularly from the cutting edge to
the centre, consequently do not become heated or
buckled, and produce a great saving in timber.
They also manufacture Cast Steel Mill, Pit and
Cross-Cut SAWS, and Billet Webbs, of superior qual-
ity, all of which they have for sale, or they may be
obtained of the principal hardware merchants
throughout the United States and Canada.
