Sick Room Comforts

many times do as much good as a doctor—they aid the doctor always. We have everything in sick room requisites that can be desired—hot water bottles, bed pans, fountain syringes, atomizers. We are always on the lookout for new and good devices to help the ill to get well, as a visit here will prove. We request the visit.

—A large number of people from St. Martinville attended the races last Sunday at Carlos Bernard's track, and they spent a good evening. Racing is a popular sport with our people, and always draws a good crowd.

—Franklin had a fire last week that threatened the destruction of a portion of the town, which was saved by the hard work of the firemen and a supply of water that can only be had from water works. It required eight streams of water to keep the fire from spreading. This shows the usefulness of a water work system.

A Good Word for Chamberlain's Cough Remedy.

"In December, 1900, I had a severe cold and was so hoarse that I could not speak above a whisper," says Allen Davis, of Freestone, N. Y. "I tried several remedies but got no relief until I used Chamberlain's Cough Remedy, one bottle of which cured me. I will always speak a good word for that medicine. For sale by T. J. Labbe.

—The candidacy of Judge Blanchard, of Shreveport, for Governor, seemed popular at the start, but it now appears that a strong opposition to him is being developed in North Louisiana, even in the city of Shreveport, we note the names of persons prominent in business and financial circles and influential in political affairs, who are opposing Judge Blanchard. From indications that we note at present and the array of political leaders that are opposing Judge Blanchard, he may have a hard struggle on his hands even if he is backed by the administration.

A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. For sale by T. J. Labbe.

—All the planters are complaining of the dry season interfering with all kinds of field work. The ground is so dry that it can hardly be worked. Some planters have planted corn and rice, but the result is proving disappointing. Many planters will have to wait until it rains to continue the preparation of their land, while others do not care to plant until the ground is damp. In the overflowed district the water is going slowly, and those who have their lands under water are looking a little more cheerful, as their prospects are nearly as bright as their high land neighbors, because as soon as the water recedes, they can commence their planting, and crops generally grows vigorously on land that has been overflowed.

Too Great a Risk.

A reliable remedy for bowel complaints should always be kept at hand. The risk is too great for anyone to neglect Chamberlain's Colic, Cholera and Diarrhoea Remedy never fails. It is reduced with water in case of children. For sale by T. J. Labbe.
