## TOWN TICKET.

St. Martinville, La., March 31, 1910

We have the honor to submit to the white voters of the Corporation of St. Martinville this our candidacy, at the next municipal election to be held in the month of May next, to the following offices:

Mayor,  
C. M. OLIVIER.

Councilmen,  
V. A. FUSELIER,  
C. G. GARDEMAL,  
BENETTE BIEVENU,  
R. J. GUIRARD,  
E. A. MARAIST.

We propose if elected:

First: To obey the Town Charter in all its provisions.

Second: To so manage the business department of the Light and Water Plant as to place it on a cash basis.

Third: To show and publish monthly the amount received from the sale of light and water, from whom received in what amount.

Fourth: To cause to be made at least once a year a thorough checking of the books and accounts of the Corporation.

Fifth: To make and publish monthly a complete statement of the business of the town, showing all revenue, the disbursements and for what.

Sixth: To hold each employee to a strict performance of his duty.

C. M. OLIVIER,  
C. G. GARDEMAL,  
BENNETT BIENVENU,  
E. A. MARAIST,  
V. A. FUSELIER,  
R. J. GUIRARD.

—Lafourche parish has already placed some new Irish potatoes on the New Orleans market. St. Martin parish could also put some on the market as Conductor B. L. Durand brought some here this week coming from Mr. Luc Guilbeau of Cade, which are very fine for this early season.

Welch was visited by a disastrous fire last Saturday. Property to the amount of \$200,000 was destroyed with very little insurance. This shows the necessity of the best of fire equipment and of fire insurance. The fire equipment of a town should always be the best and the people should always carry fire by insuring their property.

The drouth is beginning to be felt by the planters, the crops are not yet suffering, but they are much in need of rain. The crops are fine, but a rain this time would help them very materially.

Supt. L. M. Favrot informs us that he has a demand for our schools bonds which is proposed to float for the erection of the High School building after the tax is voted on the 26th of this month. This assures us that we will experience no delay in floating the bonds, and that as soon as possible after the election, the board will go to work to buy a central site and take the necessary steps to commence work as soon possible.

## RHEUMATISM.

More than nine out of every ten cases of rheumatism are simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism. In such cases no internal treatment is required. The free application of Chamberlain's Liniment is all that is needed, and it is certain to give quick relief. Give it a trial and see for yourself how quickly it relieves the pain and soreness. The medicines usually given internally for rheumatism are poisonous or very strong medicines. They are worse than unless in cases of chronic and muscular rheumatism. For sale by all druggists.

## Economic Use of Meat in The Home.

Discussion of the increasing cost of living has brought to light quite generally that the cheaper cuts of meats are more difficult to prepare for the table than the more expensive portions of the carcass, due to lack of knowledge of how they may be made appetizing and palatable. With a view to providing housekeepers of the country with practical suggestions along this line the U. S. Department of Agriculture has prepared a manual of economy in meat cooking that contains much valuable information, which will be issued free. It is known as "Economic Use of Meats In The Home" and may be had by addressing a request to the Secretary of Agriculture, Washington, D. C.

The contents covers a variety of subjects including 50 recipes of savory dishes and much general information such as:

General methods of preparing meats.

Utilizing cheaper cuts of meats in palatable dishes.

A simple but practical method of clarifying fats.

Methods of extending the flavor of meats.

The recipes have been selected from a wide range collected from approved sources and are all simple formulas calling for such items of food as are generally to be found in every household and requiring no technical knowledge to compound.

## ONE FARE For The Round Trip To Lafayette Saturday, April 9

The Industrial Institute and the High Schools of Lake Charles, Jennings, Crowley, Rayne, St. Martinville, Breaux Bridge, Abbeville, New Iberia, Franklin, Patterson and Morgan City.
