Laizaire Bienvenu, Fire Insurance Agent represents Good Fire Insurance Companies

Gov. Hall has recalled the appointments made by Gov. Sanders of two members of the Town Council of Breau Bridge, and appointed in their places Messrs Aristide Badon and B. C. Kidder, who are in accord with the administration of Mayor Morrow. Breau Bridge has had a great deal of trouble in her municipal affairs due to the interference of Gov. Sanders. Things will change now.

It is now well known that not more than one case of rheumatism in ten requires an internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all druggists.

The State Board of Health has declared war against the house fly, and has given several effective poisons for the destruction of the pest. We have them here this year as we have never seen them before and we do not believe our people have declared war against this pest here. Now is the time to do the work of destruction, go to work and get rid of the fly nuisance.

A sprained ankle may as a rule be cured in from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all druggists.

The water situation during the week was most discouraging to the planters who have their crops protected by private levees, as the rise was from two to four inches every 24 hours. The planters had all their forces at work day and night and notwithstanding this work and expense, the water got beyond the levees in several instances and caused considerable damage to the crops. The planters, however, are still fighting the water by raising the levees.

Each age of our lives has its joys. Old people should be happy, and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by all druggists.

Ships With Special Facilities the Protection of Passengers.

From information received from the Southern Pacific Company, operating the Steamship Line between New York and New Orleans, we learn that passengers using that line need have no fear in case of accident. The life-boat capacity of these ships has always been sufficient to accommodate all of the passengers and crew and the wireless equipment is such that the wireless room at all times, night and day, is in charge of an experienced operator. Notices are posted in all staterooms, public rooms and the steerage, showing the assignments of occupants to specific boats, and all life-boats are conspicuously numbered. Fire and boat drills are held at each port as well as on the first day out and passengers are invited to take part in them. Stewards demonstrate how to attach life-belts to the body. It is said that these are not new rulings, but have been in force on these ships for several years.

Duchamp Hardware Company

Snow Drift Hydrated Building and Water-Proofing Lime

When You Buy Ordinary Lump Lime

There is 15 per cent air slack, which has absolutely no value in mortar, and therefore a loss to you. The contractors waste time and labor slacking and mixing it. He does not get a full 200 pounds to the barrel. Any part of a barrel not used, is usually wasted through air slacking.

WHEN YOU BUY SNOW DRIFT HYDRATED LIME

You save 25c per barrel in labor and make a mortar tully as strong as lump lime with 15 per cent cement added, because it is absolutely pure and has no air slacked lime in it.

You get it in powdered form, in 40lb. sacks, always ready for use by adding water and mixing.

You can use any part of a bag, and the balance will keep indefinitely for future use.

You save time and labor in preparing the mortar.

Positively Guaranteed,
DUCHAMP HARDWARE CO.
