NUMBER 52

CHARBON VACCINATION.

To the Live Stock Owners of the State.

Past experience has taught that best results are obtained when animals are vaccinated against charbon early in the Spring so as to allow about 30 days in which to secure protection before the season approaches when charbon infection usually develops.

The State Live Stock Sanitary Board strongly urges, therefore, that, in those sections of the State in which charbon infection has been known to exist in previous years, vaccination of animals should be commenced not later than March 1st. That is, the first dose, of a double dose vaccine should be given at that time.

If stock owners will give this matter their careful attention, it will increase the number of protected animals at the beginning of the charbon season, and materially limit the spread of the disease, should the coming Summer prove favorable to the development of charbon.

JUDGMENT.

Celestine Doiron vs Augustin Roy
No. 11241
19th Judicial District Court
State of Louisiana, Parish of St. Martin.

A preliminary default having been regularly taken in the above entitled and numbered cause, and no motion to set the said default aside within legal delays, this case was accordingly fixed for the confirmation of the said default, and on the day fixed, called, taken up, tried and submitted.

By reason of the law and the evidence adduced herein, It is ordered, adjudged and decreed that there be judgment herein in favor of the Plaintiff, Celestine Doiron, and against the Defendant Augustin Roy, her husband, decreeing a dissolution of the Community of acquets and gains heretofore existing between them, and a separation of property between the said plaintiff and the said Defendant, hereby given and granting to the said Plaintiff the full and entire control and management of her own affairs; costs to be paid by Defendant.

This done, read aloud and signed in open Court, at St. Martinville, La., this 7th day of the month of November A. D. 1914.

Signed JAMES SIMON,
Judge of the 19th Judicial District Court
in and for the Parish of St. Martin, La.
State of Louisiana
Parish of St. Martin

I, Ignace Bienvenu, Chief Deputy Clerk of Court and ex Officio Recorder in and for the Parish of St. Martin, Louisiana, do hereby certify the above and foregoing to be a true correct and exact copy of the original Judgment rendered in the matter entitled Celestine Doiron vs Augustin Roy No. 11241 of the Parish of St. Martin, La.,—the original of which was recorded in the Conveyance of the Clerk's Office of this Parish in Conveyance Book No. folio under No. 3746 of Conveyances.

In faith whereof witness my official signature and seal of office at St. Martinville, La., Dec. 21st 1914.

IGNACE BIENVENU,
Chief Deputy Clerk of Court and ex-Officio Recorder.

STOP THAT COUGH--NOW

When you catch Cold, or begin to Cough, the first thing to do is to take Dr. Bell's Pine-Tar-Honey. It penetrates the linings of the Throat and Lungs and fights the Germs of the Disease, giving quick relief and natural healing. "Our whole family depend on Pine-Tar-Honey for Coughs and Colds," writes Mr. E. Williams, Hamilton, Ohio. It always helps at your druggist.

Mr. Zephirin Vicknair of Parks, died last Friday and was buried here at three o'clock Saturday evening last. Mr. Vicknair was 69 years of age.

—Some of our people came together last week and filled the large holes leading to the lake road. The work was done by contribution by a few town people.

A heavy rain fell here Sunday morning. It interfered somewhat with the planters and was bad on the roads in the parish, which are full of small holes which retain the water and make them bad.

—Mr. Vincent Guidry who was working on the U. S. dredge boat now dredging the Teche from the Looks down, met with an accident on the boat Sunday morning last which resulted in a broken leg, he was brought here in a boat, at the home of his mother, and was attended by Dr. P. H. Fleming.

We receive last week, the first issue of The Louisiana Advance, published by E. L. Simmons of Breaux Bridge. The first number is a credit to the publisher, it is well edited and nicely printed, and will be a valuable asset to the town of Breaux Bridge, if it receives the support that is required to keep a paper of this kind running. The people of Breaux Bridge do not seem to appreciate the value of a good, live paper.

The pupils of the Breaux Bridge High School presented a nice little play at the Opera House here last Saturday, which was very well rendered, and much appreciated by those who attended, but we are sorry to say that our people did not respond to the appeal of our young friends as they should, as the attendance was small. The object of the pupils in giving this play, was to raise money to establish a domestic science department in their school.

The bad holes that were allowed to become impassable on the Loreauville road was repaired last week. The parish gave fifteen dollars and the people of the town and country gave their time free to repair the road, thirty five men and three carts worked one full day, they repaired the road, but could not finish the work as it could be, it would require a good deal of work yet, to make this piece as it should be. This is a fair example of how expensive it is to neglect our roads. If this road had been attended to, one man could have kept it in good condition, by simply filling the holes before they became impassable.

The Idleness In Cities.

One overshadowing reason why there are so many idle people in the cities is that there is too much uncultivated land in the country. How long will it take the world to learn that there are not enough roller top desk jobs to go round, whereas Nature has made it possible for all her children to make their food?—Houston Post.
