NOTICE.
 Notice is hereby given to all persons interested that I have completed the listing and valuation of all real and personal property of the Parish of St. Martin, in accordance with law, and that the said lists shall be exposed in my office at St. Martinville, Louisiana, for inspection and correction, for a term of twenty (20) days, beginning ten (10) days after this public notice herein.
 T. T. BIEN TENU, Assessor.
 St. Martinville, May 8, 1915.

Workers are the happiest people in the world. There is no one so much to be pitied as those who do not like work. The chances are that the man or woman or child who doesn't like work does not know how to work. He wastes his energies and never gets anywhere. He has not learned the first step toward concentration. The really happy person is he who makes his regular work his pleasure.

THE BUFFALO PITTS STEEL FRAME THRESHER
 Is the Result of 75 Years' Experience in Thresher Building
 A Few Superior Features
 Do you know that the Buffalo Pitts has a steel frame—a solid steel front making a bed for the cylinder as solid as granite—an adjustable concave which allows proper spacing of the cylinder and concave teeth, front and back—a 95 per cent separation at the cylinder—a steel feeder which does not slug the cylinder but feeds the machine better than can be done by hand—self-aligning boxes—shafts and bearings ground to the one-thousandth part of an inch—and many other special features which have been found desirable after 75 years of experimenting and building by its manufacturers?
 All the good features left out of the above list you will find in the Buffalo Pitts catalogue which we will be glad to hand you when you call on us. Do it today if you can.
 We almost forgot—we can fit an I H C oil engine or tractor to your needs be they small or large. Built for hard work and the greatest economy, they have all other engines backed off the boards when it comes to real service. None better.
