The alarm of fire was given last Saturday for a fire on the roof of the kitchen of Mr. David E. Duchamp. The fire was soon put out with the damage light.

The crops from almost every section suffered much during the past week on account of the dry weather and cool north wind. All crops are much in need of rain.

Mr. Henry Dermeceller of Morgan City, was arrested by Deputy Sheriff Albert Daspit the latter part of last week, and brought here, on a charge of selling liquor in the Second Ward of St. Martin parish without a license. He was released on bail.

WHITE MAN WITH BLACK LIVER

The Liver is a blood purifier. It was thought at one time it was the seat of the passions. The trouble with most people is that their Liver becomes black because of impurities in the blood due to the bad physical states, causing Biliousness, Headache, Dizziness and Constipation. Dr. King's New Life Pills will clean up the Liver, and give you new life. 25c at your druggist.

We are informed that the people on the other side of the Lake Bridge are protesting vigorously against the condemnation of the bridge and the closing of that road, and our merchants are also missing the trade that used to come from that section, and some of them have suggested to us that this matter be taken up, and see that that road be not closed.

WHOLE FAMILY DEPENDENT

Mr. E. Williams, Hamilton, Ohio, writes: "Our whole family depend on Pine-Tar-Honey." Maybe someone in your family has a severe Cold—perhaps it is the baby. The original Dr. Bell's Pine-Tar-Honey is an ever ready household remedy—it gives immediate relief. Pine-Tar-Honey penetrates the linings of the Throats and Lungs, destroys the Germs, and allows Nature to act. At your druggist, 25c.

FIRE jolts a man out of complacency about his fire insurance. After the fire, the question isn't merely,

"Was the property insured?" It is, "What company carried the risk?"

Last week the town authorities dragged Terrace which had been graded by Mr. Smede of the Police Jury, and the drag has done wonderful work on that road, which shows that dragging is the only remedy for this road, but the dragging must be done after every rain. This dragging is inexpensive as the three miles of Terrace were dragged thoroughly at a cost of \$9.00. Dragging in the future will cost less as the work can be done in much less time when the surface will be hard, as it was a heavy work to drag all the loose dirt which had been moved by the grader. Terrace is now the best road in the parish and we believe with the drag it can be kept in that condition all the time.

MAN TAKES HIS OWN MEDICINE IS AN OPTIMIST

He has absolute faith in his medicine, he knows when he takes it for certain ailments he gets relief. People who take Dr. King's New Discovery for an irritating Cold are optimists—they know this cough remedy will penetrate the linings of the throat, kill the germs, and open the way for Nature to act. You can't destroy a Cold by superficial treatment, you must go to the cause of the trouble. Be an optimist. Get a Bottle of Dr. King's New Discovery today.

There has been some discussion in the newspapers between the attorneys of the Sugar Trust and Mr. Donelson Caffery, attorney of the Sugar Planters regarding three bills which were prepared to be presented at the special session of the Legislature. The people of Louisiana want all the industries they can get and are willing to patronize them, but they are opposed to trusts and monopolies that work for the destruction of one of the greatest industries of the state—sugar. Mr. Caffery has exposed the working of the sugar trust, and we are of the opinion that it is best to destroy and drive away from the State all the trusts, than to allow them to destroy the agriculture of our state. The American Sugar Co., must be controlled or destroyed.

Some Forms of Rheumatism Curable

Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Headaches, Sciatic Rheumatism and Lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain. "Sloan's Liniment is all medicine." Get a 25c bottle now. Keep it handy in case of emergency.

The United States Government has prevented several planters from using the water from the Teche for rice irrigation, when there is a large amount of water being wasted. All the pumps have been in operation during this dry spell, and this did not prevent the water running over the dam several inches high, on a width of 175 feet. If all this water which is wasted was used by the rice planters, it would mean several hundred thousand of dollars to the parish.

The High School will close here on June 4th. There will be nine graduates this year, Misses Bessie Mayhall, Collette Resweber, Goldie Resweber, Lucy Resweber and Edmond Guidry, Mortimer La-seigne, Thomas Martin, George Simon, Robert Badon.

If I Had Created The World.

By request.
1
If I had created the world, the sun, the stars, the sky
The earth and the Ocean below, and the moon that shines up high
My work would simply have been Perfection
To which the most critical could find no objection.

2
The sky would forever be blue, forever green the field
And of all necessities we would harvest a bountiful yield,
Yet we would not need to sow, nor harrow, nor plow
Still all good things to our granaries would abundantly flow.

3
The Seasons would always be temperate and mild,
The atmosphere pleasant to man, woman and child.
The summers not too hot, nor the winters too cold,
Healthful, invigorating for young and for old.

4
All men would be chivalrous, honest and true,
Kind fathers, loving husbands and good citizens too,
Willing to do all the good they possibly can,
To assist their fellow beings, to help their fellow man.

5
The ladies would always have beautiful faces,
Old age would be powerless in marring their graces;
A fascinating countenance and forms divine,
They would forever be handsome, and gracious and fine.

6
And Oh! the lovely maidens, always full of expectation
On evenings with their sweethearts would do the "Hesitation"
And these pleasure loving, virtuous, youthful dames,
On afternoons would revel in their favorable bridge games.

7
And the angelic little babies would be asked not to weep,
Not to disturb the old folks when peacefully they sleep,
But if they would disobey and commence to shed tears,
They would at once become older by just sixteen years.

8
For Doctors and Druggists we would have no use,
Lawyers and law books would be superfluous,
As we all would be blessed with unimpaired health,
And would avoid litigation, having plenty of wealth.

9
There would be no dissensions, no trouble, no war,
There would be no Income Tax, nor Bankruptcy law,
And as every one would have what every one desires,
There would be no cause for incendiary fires.

10
No one would have rheumatism nor gout, nor fever,
No one would be troubled by his stomach nor his liver,
And although we would have lived for centuries long,
We would appear to be youthful, and feel healthy and strong.

11
There would be no servants, no masters, no bosses.
There would be no speculation, no gambling, no losses.
There would never be a shipwreck when on the Ocean we'd sail
Nor a hold up or smash up when we'd travel by rail.

12
And if thus we had lived for about ten thousand years,
In most perfect happiness, and free from all tears,
And Death would then summon us by knocking at our door,
We should submit gracefully and ask for no more.
