

Wade O. Martin, Democratic Candidate for Congress, Election Nov. 7.

## ALL SAINTS DAY

On All Saints Day service were held at the Catholic Church both in the morning and evening. At four o'clock in the afternoon the service and sermon was followed by a procession in a body to the cemetery which was very largely attended.

This day which is one of the most observed of the Catholic Church, drew more people to town than former years, due to the fine spring-like weather.

The day and its scenes were alike typical of the reverence in which the people of the parish hold their loved ones, and the living are the better for the hours spent with their dead.

The cemetery was in a clean condition for the occasion, flowers and other decorations were placed on all the tombs.

### Fair in New Orleans

Nov. 11 to 19th.

New Orleans Business Men Give \$25,000 Cash For Farm and Live Stock Premiums.

Second only to the Shreveport Fair in importance, the National Farm and Live Stock Show at New Orleans is expected to set a new mark for country fairs in a big city. In that respect it is unique in the South, being the largest city ever to hold a purely agricultural and live stock show for the benefit of farmers and live stock raisers. As an evidence of this the business men of New Orleans have donated \$25,000 in cash to be awarded as prizes for their country brethren to take home with them. The show will be held November 11 to 19 after the culmination of all parish fairs and the state fair and the blue ribbon winners of the various shows will have grand final super-championship competition at New Orleans.

### Changing Seasons Bring Colds

"Stuffed-up head," clogged-up nose, tight chest, sore throat are sure signs of cold, and Dr. King's New Discovery is sure relief. A dose of this combination of antiseptic balsams soothes the irritated membrane, clears the head, loosens the phlegm, you breathe easier and realize your cold is broken up. Treat a cold persistently; half-way measures leave a lingering cough. Take Dr. King's New Discovery until your cold is gone. For 47 years the favorite remedy for young and old. At your druggist, 50c.

The fact that New Orleans florists could not supply the demands made upon them for All Saints Day, and had to order flowers from Chicago and St. Louis is not to the credit of the State, with all the land that could be put to use, but it indicates that Louisiana is also enjoying some of the prosperity rampant over the entire country.

## OPERA HOUSE, Sunday Nov. 5. 'Susie Snowflake'

St. Martinville

Every one is cordially invited to come out and hear the True Issues of the Campaign intelligently discussed.

## Oil At Bayou Boullion.

NEW FIELD OPENED IN ST. MARTIN AND WELL CONTINUES FLOWING.

The flowing oil well brought in at Bayou Boullion last Wednesday by the Gulf Refining Company and Messrs. Emerson and Sutton, is still flowing without interruption, it is announced here. The oil is of a fine grade, and is completely free of sand and of water. All who visit this field report that there is no doubt that an extensive oil field has been opened, and that Louisiana has made another step forward as a leading oil producing state. The field is situated on the deep Atchafalaya river with navigable water at all times to Plaquemine, the Mississippi river and all points on the Teche.

The exact location of the well is in St. Martin parish, in section 12, township 9, south range 8 east, in the southwestern land district of Louisiana, situated on the property of the Bayou Boullion Real Estate and Improvement Company, and the Atchafalaya Oil and Mineral Company, Limited, of St. Martinville, La., upon whose lands the Gulf Refining Company and Emerson and his associates are now operating.

The name "Bayou Boullion" meaning "Boiling Bayou," was given this locality by the natives many years ago. The seepage of gas kept the Atchafalaya river boiling continually, as it were.

Robert Martin, of St. Martinville, whose activities in the oil business is well known, visited the field yesterday and is elated over the new field. This well is said to be the nearest well in Louisiana to the Mississippi river and to New Orleans. Other development has already been contracted for and great activity is assured in this field from now on.

### Pine-Tar Relieves A Cold

Dr. Bell's Pine Tar Honey contains all the soothing elements of the pine forest. It heals the irritated membrane, and by its antiseptic properties loosens the phlegm, you breathe the easier, and what promised to be a severe cold has been broken up. For that stuffed-up feeling, tight chest or sore throat take a dose of Dr. Bell's Pine Tar Honey and prevent a wearing, hacking cough dragging through the winter. At your druggist, 25c.

**Catarah Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarah Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarah Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarah Deafness that cannot be cured by Hall's Catarah Cure. Circulars free. All druggists, 75 cents. F. J. Cheney & Co., Toledo, O.
