MARRIED

Miss Addie M. Fetzer and Mr. W. H. Bolin.

On Wednesday evening, January 21, at 7:30 o'clock, Miss Addie M. Fetzer and Mr. W. H. Bolin were married by Rev. Claude L. Jones at the residence of the bride's parents, Mr. George W. and Annie Fetzer, on Grand avenue, in the presence of a gathering of relatives and friends.

It was a home wedding with all the pleasing and delightful surroundings of open-hearted, generous hospitality. The words spoken by Mr. Jones were soulful of earnestness and his allusions to the sacredness of marriage and the vows which pledge a woman and man for life were most impressive. At the close of the ceremony the couple were congratulated by those in attendance, after which they were entertained with a spread of chocolate, cakes and delicacies and musical selections.

The bride is handsome and accomplished and is beloved by all who know her. Indeed the groom, who is a worthy young man, may well felicitate himself on his acquisition of so valuable a prize.

We join their friends in best wishes and trust they will live long and realize the fullest measure of happiness and prosperity.

TURNED UP AFTER FORTY YEARS.

The New Orleans States says: "Some people have a habit of turning up when least expected, as the ex-Federal soldier did in a Connecticut town a few days ago, who was supposed to have been killed in a scrimmage in Louisiana forty years ago. He had the pleasure of looking at the inscription on the monument erected to his memory."

A STORY.

A subscriber once got a dun through the postoffice, and it made him mad. He went to see the editor about it, and the editor showed him a few duns of his own—one for paper, one for type, one for fuel, and several others. "Now," said the editor, "I didn't get mad when these came, because I knew that all I had to do was to ask several reliable gentlemen like you to come and help me out, and then I could settle all of them." When the subscriber saw how it was he relented and asked. Moral: Never get vexed when asked to pay what you owe, for the other fellow may need the money.

LADIES IN LINE

The City Improvement League of Shreveport.

An interesting meeting of ladies was held in the parlor of the Athletic Club Friday at which there was considered the organization of a civic league. The assemblage was called to order at 11 a.m. by Mrs. John Shuttleworth. Mrs. E. B. Rand was secretary. Among the representative ladies of various clubs were Mayor Querbes and several members of the city council, Dr. J. C. Egan and Hon. J. H. Shepherd. Over the meeting Miss Lavinia Egan, named as president, presided. The proposed constitution and by-laws was outlined by Mrs. Shuttleworth. The organization is to be known as the City Improvement League. Its purpose is to unite all citizens in a betterment of the city in all its phases and conditions. The league propose to use its full influence towards the enforcement of all ordinances which will lead to cleaner and better streets and sidewalks and which will make the city healthier and more attractive. As said a charming lady friend of the Caucasian: "When our league is fully organized you will not see on the sidewalks and streets 'dodgers' and hand-bills and waste paper scattered about; everything will be clean." added the lady with enthusiasm, and the Caucasian man politely rejoined: "And the ladies, I presume, will also keep eyes on the men and make them walk a chalk line," at which our friend nodded approvingly and smiled herself away.

This is no joke. When the league is in full blast the men will have to be good all along the line and old key stories and hairy chestnuts will have to be rejuvenated or the man will have to sneak in or stay out.

As outlined the city is to be divided into eight wards and the usual number of officers will be provided.

At the meeting held Friday the following were installed: Mmes. E. B. Rand, C. J. Foster, John Sewall, E. B. Foster-Comegys, Sydney Bauman, J. M. Foster, Will Dalzell, John Snyder, James McCulloch, C. H. Ardis, W. K. Sutherland, Cook, C. L. Rierson, John Shuttleworth, John Jenkins, T. B. Chase, Avery, H. H. Avery, Randall Hunt, Conway, Moncure, Curtis Scovell, J. D. Lee, W. D. Scofield, N. C. Blanchard, T. Alexander, Mray Smith, Leon Smith, Milton Smith, Justin Parish, L. C. Allen, John S. Young, Lola Alcocke, W. K. Henderson, J. H. Shepherd, Andrew Querbes, Henry Winter, Walter Marburg, H. Zodiag, J. B. Foster, Paty, J. P. Ford, J. B. Johnson, Latta, Randolph, Ben Holzman, J. B. Ardis, John Wilkinson George Hearne, Spearing, J. H. Jordan, H. E. Marburg, W. S. Penick, Nathan Penick, J. M. Perkins, Huntzman, J. B. Bentley, S. Q. Hamilton, Behrens, C. H. Harris and Misses Lavinia Egan, Olive Foster, Hattie Schuster and Margaret Scofield.

MARRIED

Miss Camille Giffen and Mr. R. H. Hayes.

On Tuesday afternoon Miss Camille Giffen and Mr. R. H. Hayes were married by Rev. J. H. Spearing at the home of the bride's sister, Mrs. J. P. Flournoy in Texarkana Annex. The bride is a charming and accomplished young lady whose friends are numbered by the score.

The groom is a most estimable gentleman who is connected with agricultural pursuits and whose residence is near Star Point, Red River parish. We join the friends of the happy couple in hearty congratulations and best wishes and trust they will realize their fullest expectations of happiness and prosperity.

RIPROUS BLIZZARD

Expected Not Far from the Last of January—A Forecast of February Weather.

(Copyrighted 1903 by W. T. Foster.)
St. Joseph, Mo., Jan. 24.—Last bulletin gave forecasts of disturbance to cross continent January 28 to February 1, warm wave 27 to 31, cool wave 30 to February 3.

Next disturbance will reach the Pacific coast about February 2, cross west of the Rockies by close of 3, great central valleys 4 to 6, eastern states 7.

Warm wave will cross west of the Rockies about February 2, great central valleys 4, eastern states 6. Cool wave will cross west of Rockies about February 5, great central valleys February 7, eastern states 9.

Temperature of the week ending February 2 will average below normal in the northwest, below in southwest, above normal on Pacific coast, below in Ohio valley, lake region and northeastern states, and about normal in southeastern states. Rainfall will be above normal in southwest, below in southeast, about in northeast, above normal in northwest and below on Pacific slope.

Immediately following date of this bulletin moderate temperatures will prevail in northwest and southwest, while temperature will be normal on Pacific slope, moderate in Ohio valley, about great lakes and in northeastern states, normal in southeastern states.

I am expecting a riproous blizzard not far from the last of January accompanied by all the disagreeable and expensive accompaniments. Old Boreas, whose headquarters are on Bothia island at 70 north and 91 west, where the magnetic needle stands on its head, seems to have prolonged his New Year hilarities permitting that cold wave to run riot, but it may be that he is angry at us; at least I would advise all to be prepared for the worst as we approach the coming month.

February temperature will make a line like a rainbow, high in the middle and low at both ends. The month will come in and go out with general cold waves, severe and stormy weather.

But the middle part of the month will be warm enough to make the month average about normal.

Draw a line from Chicago, by way of St. Louis and Little Rock, to Houston, Tex., and the weather changes will reach that line within 24 hours of 8 p.m. of the dates given below. One day earlier the same changes will reach a line drawn through Winnipeg, Huron, Denver and Los Angeles; two days earlier they will cross a line drawn through Swift Current, in Assiniboia, Miles City, Salt Lake, Reno, Nev., and Marysville, Cal. One day after the dates below changes noted will reach a line drawn through Erie and Pittsburg, Pa., and Pensacola, Fla.; two days later they will be in the eastern states.

January 25—Variable.

January 26—Cooler.

January 27—Cool.

January 28—Moderating.

January 29—Warmer.

January 30—Threatening.

January 31—Cold wave.

The Troy, N. Y., Press of December 31 says: "According to a Brooklyn Times poet, that city has a weather prophet who is the very antipode of our man, Foster. Read this:

"The only fault with Mr. Wright

Is that he's mostly wrong.

If he predicts dew snow tonight,

With winds both fierce and strong,

Just make a note there'll be no wind,

The morrow's sun will shine.

If he says rain, why, then, again,

Just wager 'twill be fine."

"How long would Forecaster Foster hold his job on the Troy Press if he were as wrong as Wright in portraying the weather of the future? Just about as long as it takes the reader to say Jack Robinson. But if he shall continue to divine the truth with the preponderating cleverness of past predictions, we think he will be one of the stars of the staff when the paper holds its colossal centennial celebration."

NEGRO KILLED AND BURNED.

Monday afternoon citizens at Luling, La., killed John Thomas, a negro desperado who had murdered Sheriff Louis S. Oury of St. Charles parish. After shooting the negro the body was burned. Before being shot he had resisted arrest and had fired into the crowd of citizens who had attempted to take him alive.

A FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual external conditions, but in the great majority of cases by a disordered LIVER.

THIS IS A FACT which may be demonstrated by trying a course of

Tutt's Pills

They control and regulate the LIVER. They bring hope and buoyancy to the mind. They bring health and elasticity to the body.

DEATH PENALTY GIVEN

Colonel Arthur Lynch Is Adjudged Guilty of Treason.

PROSECUTOR SEVERE

In His Reply to the Defense Solicitor General Carson Asserted Act of Defendant Was of a Cowardly Character.

London, Jan. 24.—Colonel Arthur Lynch was found guilty and sentenced to death.

Counsel for defense made no attempt to deny that Colonel Lynch supported the Boers, but contended that his naturalization was in no way prompted by treasonable intent, and was solely for the advantage he would thus secure for journalistic purposes. Subsequently defendant actively supported the Boer cause in the belief that he was a legally naturalized burgher.

Replying for the prosecution, Solicitor General Sir Edward Carson maintained that Colonel Lynch joined the Boer army as a discontented Irishman,

COLONEL ARTHUR LYNCH.

thereby committing a most cowardly and most serious act of treason. His naturalization, continued the solicitor general, was only a flimsy pretext. Counsel then proceeded to detail the prisoner's alleged acts of adherence to his country's enemies.

Lord chief justice summed up very briefly. He said that if in war British subjects joined the king's enemies, whatever his purpose, he was guilty of unlawful act.

Naturalization during war time afforded no excuse whatever for subsequent acts.

There was abundant evidence, he said, of overt acts in aiding the king's enemies.

The jury, after having been out half an hour, returned a verdict of guilty. When asked if he had anything to say as to why he should not be sentenced to death, Colonel Lynch replied, "Thank you; I will say nothing." Sentence of death was passed on each of the four counts in the indictment. The prisoner then bowed to the court and was removed.

Earthquake Shocks.

Savannah, Ga., Jan. 24.—Two distinct and immediate successive shocks of earthquake were felt Friday night at 8:15 o'clock. From Tybee Island came the reports of the greatest violence and decided alarm caused among the few who populate the resort at this season. Mrs. Evans, the mistress of the light house, telephoned that five shocks had shaken the lighthouse so that in the living rooms forty feet from the ground the sleeping children had been awakened and greatly frightened.

Slight Shock at Augusta.

Augusta, Ga., Jan. 24.—A slight earthquake shock was felt here Friday night at 8:15 p. m. No damage resulted.

Increase Will Be Asked.

Indianapolis, Ind., Jan. 24.—The convention of the United Mine Workers of America in executive session, completed the consideration of the wage scale. The mine workers decided to demand an increase in wages of 12 1/2 per cent on a run of nine basis and all coal to be paid for on that basis. A differential of 7 cents between pick and machine mined coal will be asked for.

Brisk Eruption.

Kingston, St. Vincent, Jan. 24.—A brisk eruption of the Soufriere volcano on this island occurred at noon Thursday. It shot up a twirling incandescent cloud followed by black smoke which rapidly ascended to a great height. It furnished a highly intense spectacle and was visible throughout the island. Sand is falling at Chateau Be'lair.

Three Killed.

Chicago, Jan. 24.—A train on the Chicago and Great Western road struck a broken rail near Freeport and jumped the track. Engineer Sheridan, Fireman Sandusky and W. H. S. Day of Minneapolis were killed. Four passengers were seriously injured and a dozen others slightly.

Supposed Work of a Mischief.

Memphis, Tenn., Jan. 24.—The fast passenger train on the Illinois Central road entered an open switch in the suburbs, ditching five coaches. Engineer Norton, Fireman McDartel and Baggage-master Meyrick were fatally injured and Mail Clerks Etheridge and Davis seriously hurt. It is thought some mischief caused the wreck.

Inspected the Site.

St. Louis, Jan. 24.—Gov. Beard of Louisiana and the other members of the World's fair commission from that state inspected the site for their state building Friday.

NOTICE OF REMOVAL.

Shreveport, La., Jan. 5, 1903. We beg to inform our friends and the public in general that we have moved our mule and horse department to the corner of Travis and Spring streets (one block from Merchants & Farmers Bank) where we will keep at all times a large stock of mules and horses on hand to suit the trade. We now have ample facilities to do what we have had in contemplation for some time, viz, to build up a wholesale as well as a retail market in this city.

We especially solicit calls from dealers in this section of the state to try us before going further to buy in carload lots, as we will carry from 150 to 250 head of all classes in stock, at all times during the season, thus enabling anyone wanting as many as a carload to buy close at home, avoiding long trips to market with attending expense and risks of long shipments.

We are deeply grateful for generous favors given us for the past twenty-five years and respectfully ask for a fair share of your trade in the future. Respectfully,
