M'FADDEN GONE.

He Is Charged With Embezzling Seven Hundred Dollars in Money.

E. H. McFadden, an employe of the Henry Rose Mercantile and Manufacturing Company, has skipped the town. He is charged with having embezzled \$700 of the firm's money which he had collected from city customers. Being suspected, he was being checked, and, apprehensive of the result, he left suddenly. Although he earned a moderate salary, McFadden was what is called "a high roller," "a gay and festive bird." He had been in the employ of several railroads and was engaged by Mr. Rose about six months ago. It is the old story, and the moral—never mind the moral, but be honest. An honest man, the noblest work of God, never becomes entangled in the meshes of the law or is ever put in jail for stealing.

TWO HOMICIDES.

During the week past two deaths resulting from violence were added to the record of Caddo parish. King Johnson, colored, was killed Sunday night over a cap game at a railroad camp in the Seventh Ward by Joe Alexander, a negro, who has evaded arrest.

This woman, after having had her wound dressed, was discharged, but grew worse the next day and returned to the hospital, where she died. Nathan is in jail on a charge of murder.

MERCHANT SHOT DOWN

Prominent New Yorker Victim of Somebody's Wrath.

ACCUSATION IS MADE.

Party Who Is Alleged to Have Perpetrated the Deed Was a Former Employe of Man Receiving the Bullets.

New York, April 29.—Leopold Wertheimer, a wealthy dry goods merchant, was shot three times in his home in West One Hundred and Fifteenth street. He was wounded in the chest, arm and right side, and is in a serious condition. Charged with the shooting, the police arrested Joseph Simpson, thirty years old, of East One Hundred and Twenty-first street. The injured man is thirty-two years old and a member of the firm of Aaron & Wertheimer, dry goods merchants, who were recently burned out at their place of business in Third avenue. Simpson, the police say, was employed there as a watchman prior to the fire. At the time of the fire two persons were burned to death.

The motive for the shooting is a mystery both to the police and the Wertheimer family, and Simpson, who was very cool when arrested, refused to make any statement. Since the fire Wertheimer has not been engaged in any business. The firm discharged its employes, including Simpson, but he got work as a motorman. A week ago he lost that position and he had a long talk with Mr. Wertheimer Monday afternoon and returned that night. He again talked with Mr. Wertheimer and the family thinks Simpson demanded money. He returned to the Wertheimer home at an early hour to-day and the shooting occurred in the hallway of the house, after which Simpson went away and later was arrested.

WAS WORN OUT.

Constant Cursing of Husband and a Cancer Hastened Lady's End.

East Orange, N. J., April 29.—Mrs. Stephen Browne, a wealthy woman of this place, has committed suicide by taking laudanum. On Thursday she wandered away in the night and after twenty-four hours returned and said she had contracted typhoid pneumonia, a disease from which her husband was suffering. It was found, instead, that she was insane. She did not improve and it had been decided to remove her to a sanitarium. Mrs. Browne somehow got some laudanum, evaded her nurses and dashed from the room. She reached a room in a distant part of the house, and before her son could throw himself again the door she had locked herself in. A ladder was procured and a neighbor climbed up and unbolted the door. By this time Mrs. Browne was unconscious and, despite the efforts of two physicians, she died without regaining consciousness. Mrs. Browne was a sufferer from cancer and was worn out by watching at the bedside of her husband.

HARRIMAN TALKS.

In an Interview Tells of Southern Pacific Railroad Improvements.

San Francisco, April 29.—E. H. Harriman, president of the Southern Pacific Railroad company, who is in the city on a business trip, in an interview said he was not here to meet Huntington in a conference and denied he was interested in the new piece of service in San Francisco.

Speaking of the gates of the

E. H. HARRIMAN.

Southern Pacific he said: "Our people have two new large steamers in the Pacific Mail service and two more have just been bought in the east. Other new ships will be forthcoming as traffic warrants them. Seattle will never get the lion's share of transpacific service if we can help it and we think we can."

Continuing, Mr. Harriman said: "The railroad company by the end of next summer will complete construction on Central Pacific between Reno and Ogden. Fast service overhead will then be possible. Surveys for a long tunnel through the Sierra Nevada mountains are being completed. When that work is done a reduction of time can be made. Heavier rails are being laid over all the system, and when this important movement is finished reduction in time can and will be made between San Francisco and many points, especially to New Orleans."

"Keene's suit has not in the least prevented the company from spending all of its annual surplus in betterments and in addition every effort will be made to continue that policy until all necessary improvements are made."
